

In terms of Section 25 of the Act, subject to the provisions of that Section, any application for planning permission for the development of land which would, in the opinion of the planning authority, affect the character of appearance of a Conservation Area, requires to be advertised.

In terms of Section 61(3) of the Act, subject to the provision of that Section, the Secretary of State is empowered, in making regulations for the control of advertisements, to make special provision concerning the control of advertisements in Conservation Areas.

In terms of Section 97 of the Act, subject to the provisions of that Section, if the Secretary of State is satisfied, in the case of an unlisted unoccupied building in a Conservation Area, that it is important to preserve the building for the purpose of maintaining the character or appearance of the Conservation Area, he may direct that Section 97 of the Act is to apply to that building. Any works urgently necessary for the preservation of the building may then be carried out by the planning authority or the Secretary of State.
