OFFICE OF TELECOMMUNICATIONS CHATLINE AND ONE-ON-ONE SERVICES

Notice Published by the Director General of
Telecommunications under Sections 12 and 15 of the
Telecommunications Act 1984

PROPOSED modifications of the conditions of the Licences granted to British Telecommunications PLC (BT), Kingston upon Hull City Council and Kingston Communications (Hull) PLC (the Hull Licensees), Mercury Communications Limited (MCL), Racal-Vodafone Limited (Racal) and Telecom Securicor Cellular Radio Limited (Cellnet) to run telecommunications systems.

1. The Director General of Telecommunications (the Director) hereby gives notice that he proposes, under section 15 of the Telecommunications Act 1984 (the Act) in the case of BT and section 12 in the case of the Hull Licensees, MCL, Racal and Cellnet, to modify the Conditions in the Licences granted under section 7 of the Act to these five Public Telecommunications Operators ("the licensees") by adding new Conditions to those Licences.
2. The effect of the modifications is to prevent Chatline Services, where more than two people are able simultaneously to conduct a telephone conversation with one another, and One-On-One Services, which involve a live premium rate telephone conversation between two people, from being provided by the licensees if the service is charged for as part of the telephone bill unless certain conditions are satisfied.
3. Those conditions are that there is in effect a Code of Practice, to be determined by the Director after appropriate consultation. The Director has it in mind that this Code will provide for effective monitoring to control the content of conversations, unauthorised use of the telephone, and access to the services by under age callers. It will also contain rules on advertising and the framework for a fund for payments to compensate telephone subscribers who receive large bills because of unauthorised use. The licensees will be obliged to observe the Code and failure by an independent operator to abide by the Code can result in the disconnection of that operator. The Director may determine that certain services need not be treated as a Chatline or One-On-One Service for the purpose of these conditions.
4. The Licence modifications also provide for the Director to direct the licensees to offer facilities for itemised billing, notification to the customer before the normal date of billing when the accumulated bill has exceeded an amount specified by the customer, call-barring and calling line identification. The determination will specify the categories of customer to be offered the facilities and the date by which they are to be introduced. When they are introduced the Director may lift the requirement to comply with the Code.
5. The conditions apply both to Chatline Services and One-On-One Services offered by a licensee and to services offered by an independent operator over the lines of the licensees. The licensees must cease to provide the relevant lines to any independent operator where the conditions or the Code of Practice require it. The conditions do not apply where arrangements have been made by the independent operator to bill his customers directly for the service element of the call. The definition of Chatline Services excludes conference calls where the participants are identified in advance.
6. The purpose of the proposed modifications is to safeguard and promote the interests of consumers and purchasers of telecommunications services in the United Kingdom in respect of the quality of telecommunications services provided.
7. The Director is requested by section 12(2) of the Act to consider any representations or objections which are duly made and not withdrawn in respect of the modifications to the Licences held by the Hull Licensees, MCL, Racal and Cellnet. The consent of these licensees to the proposed modifications will be required and they have provisionally agreed that they will accept the same modification to their Licences as are made to BT's licence.
8. In the case of BT, its consent is not required but the Director is required by section 15(2) of the Act to have regard to the modifications specified in the Monopolies and Mergers Commission report on Chatline and Message Services, published on 21st February. Further, he is required by section 15(3) to consider any representations or objections which are duly made are not withdrawn.
9. Any persons whose interests are likely to be affected by the modifications, and who wish to make representations or objections in respect of them, should do so in writing to Mr M J Prettyman, OFTEL, Atlantic House, Holborn Viaduct, London EC1N 2HQ (stating their interests and the grounds on which they wish to make representations or objections) before 30th April 1989. Copies of the draft modifications and Code of Practice, together with a statement from the Director explaining in more

detail the reasons for his proposals may be obtained from OFTEL
(tel: 01-822 1617)
