COPYRIGHT TRIBUNAL

NOTICE is hereby given, pursuant to Rule 5 of The Copyright Tribunal Rules 1989, of a reference under Section 119 of the Copyright, Designs and Patents Act 1988 by the National Association of Holiday Centres Limited of 10, Bolton Street, Piccadilly, London W1Y 8AU (hereinafter called "the applicant").

A copy of the Notice of Reference together with a copy of the applicant's Statement of Case was served on the Performing Right Society Limited, of 29-33, Berners Street, London W1P 4AA (herein referred to as "the Licensing Body") on 16 November 1989.

The applicant submits that the proposals contained in the Licensing Body's 1989 Tariff for Holiday Camps (Tariff HC) for licensing performances of copyright music within its repertoire are unreasonable for holiday centres both as to the basis of the assessment and as to the amounts which would thereby be payable. In bringing this reference to the Tribunal the applicant contends that there is no or no sufficient justification for departing from the basic principle of a per capita fee and that a fair and reasonable royalty is within the range of £1.09 to £1.36 per 100 (or part thereof) guests attending each holiday centre per night per annum, adjusted annually for inflation from 6 January 1990 or such other sum as the Tribunal shall determine to be just in the circumstances.

Any ORGANISATION OR PERSON wishing to object to the applicant's credentials or wishing to be made a party to the proceedings should apply to the undersigned in the manner prescribed

by The Copyright Tribunal Rules 1989 not later than 29 December 1989.

FIXED RADIO-RELAY LINK LICENCES

(including any letter of authority to operate a fixed radio-relay link) that, with effect from 1st January 1990 —

- (a) such licences which authorise the establishment or installation, and use, of any fixed link in the 450-470 MHz frequency band in addition to any fixed link outside that frequency band, are hereby varied with the effect that the establishment or installation, and use, of any fixed link in the 450-470 MHz frequency band shall no longer be authorised, with the exception of links from an onshore site to a floating vessel at sea; and
