- the test and the laboratory at which it was carried out.
6. For semen originating from Austria, the Czech and Slovak Republics, Hungary, Poland and Switzerland the certificate must state that the semen was collected from bulls "standing at an approved semen collection centre in which there is no animal which has been vaccinated against foot and mouth disease".
7. For semen originating from the USA, the certificate must state that all bulls in the semen collection centre during the period of collection and storage of the semen were, in respect of Bluetongue and Epizootic Haemorrhagic Disease:-
 - a. tested within 30 days of entry to the officially approved isolation facility, with negative results in each case; and
 - b. whilst in the centre tested at least twice a year with negative results in each case;

using in both cases:-

- a blocking ELISA test for Bluetongue using a group specific monoclonal antibody (carried out in accordance with Annex IV A of Decision 91/479/EEC); and
- an agar gel immunodiffusion test for all serotypes of Epizootic Haemorrhagic Disease found in the United States of America (carried out in accordance with Annex IV B of Decision 91/479/EEC).

NOTES

- (i) Council Directive 90/675 EEC (as amended) requires that animal products or products of animal origin may be imported into the European Community from a non-EC country only through an approved border inspection post and undergo veterinary checks before being permitted entry to the Community. Importers must give at least one working day's advance notice, in writing, of the anticipated date of arrival of the consignment to the official veterinarian of the border inspection post through which the consignment is to be imported. This Directive has been implemented in Great Britain by the Products of Animal Origin (Import and Export) Regulations 1992. Importers are advised to familiarise themselves with the obligations the Regulations place on them. Information Note No 1 (TIS/1) issued by the Ministry summarises the rules. Copies of TIS/1 may be obtained on request, from the address given below.
- (ii) On arrival at the border inspection post the health certificate must be presented to the veterinary inspection staff. The health certificate will be retained at the border inspection post and the veterinary inspection staff will provide a border crossing certificate confirming that the veterinary checks have been carried out and an authenticated copy of the original health certificate. Both documents must accompany the semen to its place of destination and should be retained for a minimum period of 12 months for presentation to the Ministry on request.
- (iii) Any expressions used in this licence have the same meaning which they bear in the Animal Health and Welfare Act 1984.
- (iv) This licence applies only to consignments of bovine semen collected and processed in accordance with the relevant Commission Decision on or after the date laid down therein. Semen covered by this licence must not be consigned in the same flask or container as semen which was not collected and processed in conformity with the appropriate Commission Decision since this will invalidate the health status of the semen collected to EC standards and render it ineligible for intra-Community trade subsequent to its import into Great Britain.
- (v) Mixed consignments containing semen of differing animal health status are not permitted to be imported under this licence. Importers are advised to apply to the Department at the address below for an individual licence covering the import of such

3. The semen must be transported in a flask sealed in the presence of the certifying veterinary officer.
4. The flask must be clearly marked with the name and address of the dispatching collection centre and the number(s) of the animal health certificate(s) referred to at 2 above.
5. The certificate accompanying semen collected prior to 31st December 1998 from bulls positive to a serum neutralisation test or ELISA test for IBR/IPV must state that a virus isolation and/or animal inoculation test for this disease complex has been carried out on such semen with a negative result; specifying the date of

mixed consignments or of consignments solely of semen collected and processed before the appropriate date laid down in the relevant Commission Decision.

- (vi) *NB: This licence does not provide any exemption from the Artificial Insemination of Cattle (Animal Health) (England and Wales) Regulations 1985 or the Artificial Insemination of Cattle (Animal Health) (Scotland) Regulations 1985.

Agriculture and Fisheries
Department

14th January 1994

CONDITIONS FOR THE IMPORTATION UNDER GENERAL LICENCE OF BOVINE EMBRYOS FROM SPECIFIED THIRD COUNTRIES COLLECTED AND PROCESSED ON OR AFTER 2 SEPTEMBER 1992

1. All landings of embryos must be in accordance with the provisions of the Importation of Embryos, Ova and Semen Order 1980 (as amended), The Products of Animal Origin (Import and Export) Regulations 1992 and with the following provisions of this licence.
2. Each consignment of embryos must be accompanied at all times by an animal health certificate in accordance with Commission Decision 92/471/EEC, Annex A, Part 1, or in the case of Australia, Annex B, Part 1 (published in Official Journal No L270/27 of 15/9/92), which must be signed by an official veterinarian of the veterinary authority in the country of origin, consist of a single form and be made out to a single consignee.
3. All certification must state that the country of origin "has been free from foot and mouth disease during the 12 months immediately prior to the collection of the embryos to be exported and does not practice vaccination against it".

4. Embryos for trade must be transported in satisfactory hygienic conditions in containers sealed in the presence of the certifying officer from the approved storage premises until their arrival at their destination. The containers must be marked in such a way that the number coincides with the number on the animal health certificate.
5. The flask shall be clearly marked with the name and address of the dispatching collection centre and the number(s) of the animal health certificate (s) referred to at 2 above.

NOTES

- (i) Council Directive 90/675 EEC (as amended) requires that animal products or products of animal origin may be imported into the European Community from a non-EC country only through an approved border inspection post and undergo veterinary checks before being permitted entry to the Community. Importers must give at least one working day's advance notice, in writing, of the anticipated date of arrival of the consignment to the official veterinarian of the border inspection post through which the consignment is to be imported. This Directive has been implemented in Great Britain by the Products of Animal Origin (Import and Export) Regulations 1992. Importers are advised to familiarise themselves with the obligations the Regulations place on them. Information Note No 1 (TIS/1) issued by the Ministry summarises the rules. Copies of TIS/1 may be obtained or request, from the address overleaf.
- (ii) On arrival at the border inspection post the health certificate must be presented to the veterinary inspection staff. The health certificate will be retained at the border inspection post and the veterinary inspection staff will provide a border crossing certificate confirming that the veterinary checks have been carried out and an authenticated copy of the original health certificate. Both documents must accompany the embryos to their place of destination and should be retained for a minimum period of 12 months for presentation to the Ministry on request.
- (iii) Any expressions used in this licence have the same meaning which they bear in the Animal Health Act 1981.
- (iv) This licence applies only to consignments of bovine embryos collected and processed in accordance with the relevant Commission Decision on or after the date laid down therein. Embryos covered by this licence must not be consigned in the same flask or container as embryos which were not collected and processed in conformity with the appropriate Commission Decision since this will invalidate the health status of embryos collected to EC standards and render them ineligible for intra-Community trade subsequent to their importation into Great Britain.
- (v) Mixed consignments containing embryos of differing animal health status are not permitted to be imported under this licence. Importers are advised to apply to the Department at the address below for an individual licence covering the import of such mixed consignments or of consignments consisting solely of embryos collected and processed before the appropriate date laid down in the relevant Commission Decision.
- (vi) NB: This licence does not provide any exemption from the Artificial Insemination of Cattle (Animal Health) (England and Wales) Regulations 1985 or the Artificial Insemination of Cattle (Animal Health) (Scotland) Regulations 1985.

Because ventolin inhaler is long-acting it is ideally suited for routine maintenance therapy in chronic asthma and chronic bronchitis. The inhaler drug-delivery system, Using salbutamol in microgram dosage, avoids the skeletal muscle tremor sometimes associated with oral therapy. Ventolin inhaler acts rapid and may be used when necessary to relieve attacks of acute dyspnoea. Doses may be taken prophylactically before exertion or to prevent exercise-induced asthma. BANFF & BUCHAN DISTRICT COUNCIL

TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1972,
SECTION 198(A)Stopping-Up of Road (Parts of Jubilee Crescent, Fraserburgh)
Order 1994

THE Banff and Buchan District Council hereby give notice that they have made an Order under Section 198(A) of the Town and Country Planning (Scotland) Act 1972, as amended, which will be confirmed as an unopposed Order or submitted to the Secretary of State for Scotland for confirmation, authorising the stopping-up of (1) the Northmost of the two Eastmost extremities of Jubilee Crescent, Fraserburgh situated to the immediate West of Hamilton Road, Fraserburgh and also the footpaths situated to the immediate North and South of the said part of the road, which part of the said road and footpaths extends to 0.0079 hectare or thereby and is shown delineated in red, coloured pink and marked "1" on the plan annexed to the Order, and (2) the Westmost part of Jubilee Crescent, Fraserburgh and the footpaths situated to the immediate West and East of the said part of the road, which part of the said road and footpaths extends to 0.0386 hectare or thereby and is shown delineated in red, coloured pink and marked "2" on the plan annexed to the Order.

The effect of the Order is to close the said parts of the road and footpaths in order to enhance the amenity of Jubilee Crescent following the completion of a housing improvement scheme in Jubilee Crescent such housing improvement scheme being a permitted development in terms of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992, by terminating vehicular and pedestrian access over the said parts of the road and footpaths and thereby preventing such access being taken from Hamilton Road through Jubilee Crescent to Watermill Road and vice versa.

A copy of the Order and plan showing the areas of road and footpaths to be stopped-up may be inspected at the office of The Banff and Buchan District Council, Department of Housing and Technical Services, Mid Street, Fraserburgh but any person, free of charge, during business hours during a period of twenty-eight days from the date of this Notice.

Within the said period of twenty-eight days any person may make representations or objections to the making of the Order by giving notice in writing to the Director of Legal Services, Banff and Buchan District Council, St. Leonard's, Sandyhill Road, Banff, AB45 1BH.

JAMES MALCOLM

Trust deed have been granted by James Malcolm, c/o 14b Endrick Pl, St Ninians, Stirling formerly t/a J Malcolm Travel, Unit 3, Cornton Business Park, Cornton, Stirling on 14th January 1994 conveying (to the extent specified in Section 5(4A) of the Bankruptcy (Scotland) Act 1985) his estate to me Cameron K Russell, Kidsons Impey, Breckenridge House, 274 Sauchiehall Street, Glasgow G2 3EH as Trustee for the benefit of his creditors generally.

If a creditor wishes to object to the Trust Deed for the purposes of preventing it becoming a protected Trust Deed notification of such objection must be delivered in writing to the Trustee within 5 weeks of the date of publication of this notice in *The Edinburgh Gazette*.

The Trust Deed will become a protected Trust Deed unless, within the period of 5 weeks of the date of publication of this notice in *The Edinburgh Gazette*, a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the Trust Deed and do not wish to accede to it.

The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the Trust Deed. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the Trust Deeds from being superseded by the sequestration of the debtor's estate.

Notes:

The trust deeds will become a protected trust deeds unless, within the period of 5 weeks of the date of publication of this notice in *The Edinburgh Gazette*, a majority in number or not less than one third in value of the creditors notify the trustee in writing that they object to the trust deed and do not wish to accede to it.

The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the trust deeds. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the trust deeds from being superseded by the sequestration of the debtor's estate.
