TECHNICAL ANNEX TO PUBLIC NOTICE INFORMATION

At the request of the Secretary of State for Trade and Industry, and as agreed by the Pipelines Inspectorate branch of the Health and

Safety Executive, Amerada Hess Limited presents the following information about the Durward and Dauntless Fields Development.

Pre-Commissioning Testing

The pipelines will be tested to the satisfaction of the Pipelines Inspectorate prior to commissioning.

Design Pressure

The maximum pressure in the lines will be less than the pressure for which the pipeline has been designed.

Leak Detection

Pressure and flow will be monitored at all times.

In the event of a leak being detected the pipeline pressure will be reduced to control the leak. An aerial and underwater survey will be conducted to find the source of the leak.

Routine surveillance will be carried out along the pipeline route.

Emergency Action

In the event a major break occurs in the pipeline the following emergency action will be taken.

1. All product delivery into the pipe-line will be manually or automatically stopped,
2. The Pipelines Inspectorate will be notified immediately,
3. An underwater survey and aerial survey will be carried out to determine the location of the break,
4. Should pollution result from the discharge of the product the emergency pollution control system held in readiness by the UK Offshore Operators Association will be mobilised.

Recommissioning

In the event of a pipeline break, contingency plans to be agreed with the Pipelines Inspectorate will be carried out for the repairing of the pipeline and proving its integrity before putting it back into service.

On Bottom Stability and Safety

The pipeline, if authorised, will be laid in a manner that will ensure its safety and stability under all foreseeable conditions.

Limits of Deviation

The pipeline will be laid within a boundary of 100 metres on either side of the proposed route.

formerly trading as Christie Contracts

A TRUST DEED has been granted by Paul Bilsland, residing at 8 Glenfield Crescent, Paisley formerly trading as Christie Contracts, 10 Fauldswood Crescent, Paisley PA2 9PA on 7th March 1996 conveying (to the extent specified in section 5(4A) of the Bankruptcy (Scotland) Act 1985) his Estate to me, Bryan Alan Jackson CA, Pannell Kerr Forster, 78 Carlton Place, Glasgow G5 9TH as Trustee for the benefit of his creditors generally.

If a creditor wishes to object to the trust deed for the purposes of preventing it becoming a protected trust deed (see notes below on the objections required for that purpose) notification of such objection must be delivered in writing to the Trustee within 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette*.

Notes:

The trust deed will become a protected trust deed unless within the period of 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette* a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the trust deed and do not wish to accede to it.

The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the trust deed. Briefly, this has the effect of

restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the trust deed from being superseded by the sequestration of the debtor's estate.

in *The Edinburgh Gazette*, a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the Trust Deed and do not wish to accede to it.

The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the Trust Deed. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the Trust Deed from being superseded by the sequestration of the debtor's estate.
