PETROLEUM ACT 1998

NOTICE OF THE ISSUE OF A SUBMARINE PIPE-LINE

WORKS AUTHORISATION

The Secretary of State for Trade and Industry hereby gives notice that he has decided to issue, and in consequence has issued, a works authorisation to be held by The Maersk Company Limited whose address is Maersk House, Greenbank House, Greenbank Road, East Tullos, Aberdeen AB12 3BR for the construction of a system, of pipelines between the Kyle field and Curlew FPSO.

Except with the consent of the Secretary of State, the 323.9 and 219.1 mm pipelines shall only be used to convey crude oil and the two chemical injection umbilicals shall only be used to convey Wax, Scale and Corrosion Inhibitor chemicals.

The pipe-lines may be used by the holder and with the holder's agreement, and with the consent of the Secretary of State, by other persons.

The Maersk Company Limited has been appointed operator of the pipe-lines.

Mervyn Grist, Field Development Manager
OG Aberdeen (1608/13)

OFFSHORE PETROLEUM PRODUCTION AND PIPE-LINES (ASSESSMENT OF ENVIRONMENTAL EFFECTS) REGULATIONS 1999

LICENCE P193 - LICENCE HAVING EFFECT UNDER THE PETROLEUM ACT 1998

Pursuant to regulation 5(8) of the above Regulations, the Secretary of State for Trade and Industry gives notice that, being content that the requirements of the above regulations have been satisfied, he has, pursuant to Licence P193, granted consent to BP Amoco for the laying of a pipeline (hereafter referred to as "the project"). The consent took effect on 12th December 2000.

Pipelining operations are planned to commence in March 2001. BP propose constructing a subsea pipeline to carry natural gas from the Foinaven, Schiehallion and Loyal fields west of Shetland to the Sullom Voe Terminal in Shetland. The pipelines from Foinaven and Schiehallion will meet at a Pipeline End Manifold (PLEM). The gas will be treated at Sullom Voe terminal and enriched with Liquefied Petroleum Gas (LPG), which is currently exported by tanker. A further subsea pipeline from Sullom Voe to the Magnus platform will transport the enriched gas where it will be injected into the oil-bearing rock using wells designed for gas injection.

The enriched gas will act as a solvent that removes oil remaining in the rock enabling normal production processes to be effective. The additional oil recovered will partially replace decreasing levels of production due to natural decline of the Magnus reservoirs.

A section of the pipeline from Schiehallion to the PLEM will be trenched with the rest of the pipeline surface laid. A survey will be carried out after the pipeline has been laid to identify areas requiring rock dumping.

A pressure test will be conducted using water treated with oxygen scavenger, biocide and dye. Test water will be discharged subsea at the PLEM and either discharged or injected underground at Magnus. Only minor modifications will be required to the existing production facilities. Six existing water injection wells at Magnus will require modification. All re-drilling of wells will involve the use of oil based muds with the drill cuttings re-injected into a formation above the Magnus reservoir.

The Secretary of State is of the view, having regard to the environmental statement prepared in respect of the project and the comments received from those consulted, that the project is not likely to have significant effect on the environment. In coming to this view the Secretary of State has taken into account advice received from a number of independent experts.

The ES presents a detailed account of all environmental impacts associated with the development. No significant impacts have been identified from the proposed development activities and they are unlikely to affect any possible future offshore SAC that may be identified in the area. The JNCC and FRS have no objections.

The DTI as competent authority under the Habitat Regulations 1994 has undertaken an appropriate assessment of the Magnus EOR project's implications for the Sullom Voe candidate Special Area of Conservation. The assessment concluded that the proposed project will not adversely effect the integrity of the site. Scottish Natural Heritage agrees with the conclusions of the assessment.

Trust Deed for Creditors by

AGNES AL-SALEH

A Trust Deed has been granted by Agnes Al-Saleh, residing at 49 Alloa Road, Tullibody, Alloa, Clackmannanshire, FK10 2TR on 7th December 2000 conveying (to the extent specified in Section 5(4A) of the Bankruptcy (Scotland) Act 1985) her Estate to me, John Michael Hall, of BKR Haines Watts, Chartered Accountants, 65 Bath Street, Glasgow, G2 2DD as Trustee for the benefit of her creditors generally.

If a creditor wishes to object to the trust deed for the purposes of preventing it becoming a protected trust deed (see notes below on the objections required for that purpose) notification of such objection must be delivered in writing to the Trustee within 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette*.

Notes: The trust deed will become a protected trust deed unless within the period of 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette* a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the trust deed and do not wish to accede to it. The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the trust deed. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the trust deed from being superseded by the sequestration of the debtor's estate.

Trust Deed for Creditors by

COLIN JOHN MCLENNAN

A trust deed has been granted by Colin John McLennan, 4/2 Moat House, Moat Drive, Edinburgh, EH14 1NS on 7th June 2000 conveying (to the extent specified in section 5(4A) of the Bankruptcy (Scotland) Act 1985) his estate to me Matthew Purdon Henderson, Grant Thornton, Chartered Accountants, 1/4 Atholl Crescent, Edinburgh, EH3 8LQ as trustee for the benefit of his creditors generally.

If a creditor wishes to object to the trust deed for the purposes of preventing it becoming a protected trust deed (see notes below on the objections required for that purpose) notification of such objection must be delivered in writing to the Trustee within 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette*.

Notes: The trust deed will become a protected trust deed unless within the period of 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette* a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the trust deed and do not wish to accede to it. The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the trust deed. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the trust deed from being superseded by the sequestration of the debtor's estate.
