The Estate of Mousewald has a southern exposure, and, excepting the moss above-mentioned, is wholly under cultivation, the soil of a considerable portion of it being of the highest quality. In point of situation, its advantages are numerous, being on both sides of the upper and lower lines of the Dumfries and Annan road, along which the Carlisle and Port-Patrick mail, the Carlisle, Glasgow, and Edinburgh stages pass daily, and by which there is the greatest thoroughfare of cattle in Scotland. There belongs to the estate a tract of moss of about 800 acres in extent, lying towards the river Lochar, which, on the removal of a mill, would, it is well known, be rendered very valuable land, and afford a great increase to the rental. The best lime-quarry in the county is within five miles. Lead has been found on the estate, and as smelting places are still visible, there is every reason to think this metal has been worked on it at a former period.

The whole Lands are moderately rented. The rents are well paid, and setting every capability of improvement out of view, the Upset Price has been fixed so low that a purchaser would at entry draw nearly four per cent. for his money.

The articles of roup and title-deeds will be seen in the office of Mr. JOHN FRINGLE, Depute-Clerk of Session; and for farther particulars application may be made to Messrs. WALKER, RICHARDSON, and MELVILLE, W. S. 110, George Street, Edinburgh; or to Mr. THRESHIE, Jun. writer in Dumfries.
