TUESDAY, NOVEMBER 7, 1848.

At the Court at Windsor, the 31st day of October 1848,
PRESENT,
The QUEEN'S Most Excellent Majesty in Council.

IT is this day ordered by Her Majesty in Council, that the Parliament, which stands prorogued to Thursday the second of November next, be further prorogued to Tuesday the nineteenth day of December next.

At the Court at Windsor, the 31st day of October 1848,
PRESENT,
The QUEEN'S Most Excellent Majesty in Council.

Whereas by an Act, passed in the session of Parliament holden in the fifth and sixth years of Her present Majesty, intituled "An Act to amend the law of copyright," it is, among other things, enacted, that it shall not be lawful for any person, not being the proprietor of the copyright, or some person authorized by him, to import into any part of the United Kingdom, or into any other part of the British dominions, for sale or hire, any printed book first composed or written, or printed and published in any part of the United Kingdom wherein there shall be copyright, and reprinted in any country or place whatsoever out of the British dominions:

And whereas by an Act, passed in the session of Parliament holden in the eighth and ninth years of the reign of Her present Majesty, in-

tituled "An Act to regulate the trade of the British possessions abroad," books, wherein the copyright is subsisting, first composed or written or printed in the United Kingdom, and printed or reprinted in any other country, are absolutely prohibited to be imported into the British possessions abroad:

And whereas by an Act, passed in the session of Parliament holden in the tenth and eleventh years of the reign of Her present Majesty, intituled "An Act to amend the law relating to the protection in the Colonies of works entitled to copyright in the United Kingdom," it is enacted, that in case the legislature or proper legislative authorities in any British possession shall be disposed to make due provision for securing or protecting the rights of British authors in such possession, and shall pass an Act or make an Ordinance for that purpose, and shall transmit the same in the proper manner to the Secretary of State, in order that it may be submitted to Her Majesty; and in case Her Majesty shall be of opinion that such Act or Ordinance is sufficient for the purpose of securing to British authors reasonable protection within such possession, it shall be lawful for Her Majesty, if she think fit so to do, to express Her royal approval of such Act or Ordinance, and thereupon to issue an Order in Council, declaring, that so long as the provisions of such Act or Ordinance continue in force within such colony, the prohibitions contained in the aforesaid Acts, and hereinbefore recited, and any prohibitions contained in the said Acts, or in any other Acts against the importing, selling, letting out to hire, exposing for sale or hire, or possessing foreign reprints of books first composed, written, printed, or published in the United Kingdom, and entitled

to copyright therein, shall be suspended, so far as regards such colony:

And whereas an Act has been passed by the Lieutenant-Governor, Council, and Assembly of Prince Edward's Island, intituled "An Act to regulate the importation of books, and to protect the British author," whereby provision is made for securing to British authors a certain remuneration in respect of unauthorized copies of works under copyright imported into the said Island:

And whereas Her Majesty hath expressed Her royal approval of the same:

Now, therefore, Her Majesty, by and with the advice and consent of Her Privy Council, and by the authority of the same, doth order, and it is hereby ordered, that so long as the said Act of the Legislature of the said Island shall remain and continue in force within the said Island, all prohibitions in either of the said hereinbefore recited Acts of the Imperial Parliament, or in any other Acts thereof contained against the importing into the said Island, or against the selling, letting out to hire, or possessing therein foreign reprints of books first composed, written, printed, or published in the United Kingdom, and entitled to copyright therein, shall be suspended, so far as regards foreign reprints imported into the said Island:

And the Right Honourable the Lords Commissioners of Her Majesty's Treasury, and the Right Honourable Earl Grey, one of Her Majesty's Principal Secretaries of State, are to give the necessary directions herein, as to them may respectively appertain.

WM. L. BATHURST.

No. I.—DIRECTIONS AND REGULATIONS OF THE
GENERAL BOARD OF HEALTH.

To the Guardians of the Poor of the several Unions and Parishes named in the Schedules hereunto annexed ;

To the Councils and other Governing Bodies of Cities and Boroughs, Commissioners under Local Acts, the Surveyors of Highways, their Deputies and Assistants, the Trustees, County Surveyors, and others, by Law entrusted with the care and management of the Streets and Public Ways and Places within the said Unions and Parishes ;

To the Owners and Occupiers of Houses, Dwellings, Churches, Buildings, and Places of Assembly within the said Unions and Parishes, and others having the care and ordering thereof ;

And to all to whom it may concern.

Whereas by the provisions of the "Nuisances Removal and Diseases Prevention Act, 1848," for the prevention of epidemic, endemic, and contagious diseases, and by virtue of an Order of the Lords of Her Majesty's Most Honourable Privy Council, bearing date the 28th day of September 1848, directing that the said provisions of the said Act be put in force throughout the whole of Great Britain, We, the General Board of Health, are authorized to issue such directions and regulations as the said Board shall think fit for the prevention, as far as possible, or mitigation of epidemic, endemic, or contagious diseases ; and whereas by the said Act it is provided, that the directions and regulations to be issued as aforesaid shall extend to all parts or places in which the said provisions of the said Act shall for the time being be in force, under the Order of Her Majesty's Privy Council, unless such directions or regulations shall be expressly confined to some of such parts or places, and then to such parts or places as in such directions and regulations shall be specified :

Now, in exercise of the authority vested in us as aforesaid, We, the General Board of Health, do issue the directions and regulations hereinafter contained, to extend to all parts and places within the several unions and parishes named in the schedules hereunto annexed, and to all extra-parochial places adjoining to such unions and parishes, viz :—

I. We direct that all Councils and other Governing Bodies of cities and boroughs, Commissioners under Local Acts, Surveyors, and District or Assistant Surveyors of Highways, Trustees, County Surveyors, and others, by law entrusted with the care and management of the streets and public ways and places within the parts or places to which these directions and regulations extend, shall once, at least, in every twenty-four hours effectually cleanse all such of the streets, rows, lanes, mews, courts, alleys, and passages, and public ways and places, under their respective care and management, as by the Medical Officer of the Guardians, or others authorised to superintend the execution of this direction and regulation, shall be certified in writing to be in a state dangerous to health, or to require frequent and effectual cleansing by way of precaution against disease, and shall remove all filth, ordure, and nuisances therefrom.

II. And where any such streets, rows, lanes, mews, courts, alleys, and any passages, public ways or places, to which any houses or tenements adjoin, which have not been entrusted by law to the care or management of any Council, Commissioners, Surveyors, Trustees,

or others, have been certified in writing, by such Medical Officer as aforesaid, to be in a state dangerous to health, or to require such frequent and effectual cleansing, we direct that every occupier of a house or tenement so adjoining, shall keep, or cause to be kept, sufficiently cleansed, at least once in every twenty-four hours, such part of the street, row, lane, mews, court, alley, or passage, way, or place, as adjoins the house or tenement occupied by him.

And we direct that all such works of cleansing and removal of filth, ordure, and nuisances as are required by these directions and regulations, shall be done in such manner by effectual washing or otherwise, and with the use of such fluids or substances for preventing the escape of noxious effluvia during the operation, as the Medical Officer of the Guardians or others authorized to superintend the execution of these directions and regulations shall think necessary and shall direct.

III. We do hereby authorize and require the Guardians of the said unions and parishes, by themselves or by their Officers or persons employed under them in the administration of the laws for the relief of the poor, or by Officers or persons specially appointed in this behalf, to superintend and see to the execution of the foregoing directions and regulations within their respective unions and parishes, and in any extra parochial places adjoining thereto respectively.

IV. And further, where it shall appear that by want or neglect of the Council of any city or borough, Commissioners, Surveyors, Trustees, or others entrusted with the care and management as aforesaid, or by reason of poverty of the occupiers or otherwise, there may be any default or delay in the cleansing of or removing nuisances from any street, row, lane, mews, court, alley, passage, or public way or place, certified as aforesaid, within any of the said unions and parishes, or any extra-parochial place adjoining thereto, we authorise and require the Guardians of such union or parish to cause such street, row, lane, mews, court, alley, passage, way, or place to be effectually cleansed, and all nuisances to be removed therefrom, and to do all acts, matters, and things necessary for that purpose.

V. We also direct as follows :—

That,

When, and so often as any dwelling-house in any part or place to which these directions and regulations extend, is in such a filthy and unwholesome condition as to be a nuisance to or injurious to the health of any person, or,

Where upon any premises, or any part or place as aforesaid, there is any foul and offensive drain, ditch, gutter, privy, cesspool, or ash-pit, kept or constructed so as to be a nuisance to or injurious to the health of any person, or,

Where upon any such premises, swine, or any accumulation of dung, manure, offal, filth, refuse, or other matter or thing is kept, so as to be a nuisance to or injurious to the health of any person, or,

Where upon any such premises (being a building used wholly or in part as a dwelling house) or being premises underneath any such building, any animal is kept so as to be a nuisance or injurious to the health of any person ;

In each of the above recited cases, the owner or occupier, and persons having the care or ordering of such dwelling-house, or of the premises where the nuisance or matter injurious to health may be, shall cleanse, whitewash, or otherwise purify, as the case may require, such dwelling-house or building, or abate or remove the nuisance or matter injurious to health as aforesaid, with all reasonable speed after the publication of these our directions and regulations, or after the nuisance or matter injurious to health shall have arisen.

VI. In case, by reason of poverty or otherwise, the occupier of any such dwelling-house or premises is unable to perform any works required by these directions or regulations, such occupier shall give notice of such his inability to the Guardians of the union or parish comprising the place wherein the premises shall be situated.

VII. We authorize and require the Guardians aforesaid, by themselves or by officers by them authorized in this behalf,

To see to the execution of the directions hereinbefore contained for the cleansing and purifying of dwelling-houses, and for the abatement and removal of nuisances and matters injurious to health (in every case in which there shall not be a Council or other Governing Body of a city or borough, or Commissioners having jurisdiction for the removal of nuisances, or where such Council, Governing Body, or Commissioners shall not cause to be effectually executed such directions) ; and for that purpose,

To visit, from time to time, or cause to be visited, the several dwellings and places where there may be ground for believing that necessity will arise for executing such directions.

VIII. And in every case in which, from the poverty of occupiers or otherwise, there may be default or delay in the cleansing or purifying of any such dwelling-house, or in the abatement or removal of any such nuisance or matter injurious to health, and the Medical Officer, or other person duly authorized as aforesaid, shall certify that the same requires immediate attention,

We authorize and require such Guardians to cause such dwelling-houses to be cleansed and purified, and such drain, ditch, watercourse, or gutter, to be frequently and effectually cleansed, and such nuisance or matter injurious to health to be abated and removed respectively, and to do all acts, and provide all matters and things necessary for that purpose.

IX. And we do further authorize and require the Guardians to direct their clerks to make out from the register of deaths or from any the district medical relief books, and from any public books or other sources from which information may be obtained within the union or parish, a list of places where epidemic, endemic, and contagious diseases have of late been frequent.

X. And we authorize and require such Guardians to cause the Medical Officers employed by them, or specially appointed for the purpose, to visit the places, of which a list shall be made out as aforesaid, and all such neighbouring and other places within such union or parish, as shall appear to such Medical Officers

(from being under like circumstances with the places included in such list or otherwise) to require visitation or examination.

XI. And each such Medical Officer shall, where it may be necessary, certify in writing to the Board of Guardians, and to the Surveyors, Trustees, occupiers, or others required to execute these directions and regulations, all such places as are in a state dangerous to health, or need frequent and effectual cleansing by way of preservation against disease, and such dwelling-houses as are in a filthy and unwholesome condition, and all such nuisances and matters injurious to health as ought to be abated, cleansed, and removed under these regulations.

XII. And each such Medical Officer shall forthwith upon any case of cholera, or of typhus or other epidemic, endemic, and contagious diseases becoming known to him within the parish, union, or district under his visitation, report the same to the Board of Guardians.

XIII. And we do hereby authorize and direct the said Guardians, where it may appear needful to appoint such additional Medical Officers, and also to appoint such other officers as may be necessary to execute and superintend the execution of these regulations, and to publish and circulate by printed hand bills, or other means, notices of the provisions of the said Act for the prevention of nuisances, and of our regulations and instructions, or of such part of any of them, as it may appear desirable to make publicly known.

XIV. And we hereby direct, that in these directions and regulations, the words "Guardians of the poor" shall mean the Guardians, Directors, Wardens, Governors, or other like officers having the management of the poor for any union, parish, or place where the matter requiring the cognizance of any such officers arises; and the word "parish" shall include every place where the relief of the poor is administered by a Board of Guardians for such place.

No. II.—DIRECTIONS AND REGULATIONS OF THE GENERAL BOARD OF HEALTH.

To the Guardians of the Poor of the several Unions named in the Schedule hereunto annexed ;
To the Councils and other Governing Bodies of Cities and Boroughs, Commissioners under Local Acts, the Surveyors of Highways, their Deputies

and Assistants, the Trustees, County Surveyors and others, by Law entrusted with the care and management of the Streets and Public Ways and Places within the said Unions ;

To the Owners and Occupiers of Houses, Dwellings, Churches, Buildings, and Places of Assembly within the said Unions, and others having the care and ordering thereof ;

And to all whom it may concern.

Whereas by the provisions of the " Nuisances Removal and Diseases Prevention Act, 1848," for the prevention of epidemic, endemic, and contagious diseases, and by virtue of an Order of the Lords of Her Majesty's Most Honourable Privy Council, bearing date the 28th of September 1848, directing that the said provisions of the said Act be put in force throughout the whole of Great Britain, We, the General Board of Health, are authorized to issue such directions and regulations as the said Board shall think fit for the prevention (as far as possible) or mitigation of epidemic, endemic, or contagious diseases ; and whereas by the said Act it is provided, that the directions and regulations to be issued as aforesaid shall extend to all parts or places in which the said provisions of the said Act shall, for the time being, be in force, under the Order of Her Majesty's Privy Council, unless such directions or regulations shall be expressly confined to some of such parts or places, and then to such parts or places as in such directions and regulations shall be specified :

Now, in exercise of the authority vested in us as aforesaid, We, the General Board of Health, do issue the directions and regulations hereinafter contained, to extend to all parts and places within the several unions named in the schedule hereunto annexed, and to all extra parochial places adjoining to such unions, viz. :—

I. We direct that all Councils and other Governing Bodies of cities and boroughs, Commissioners under Local Acts, Surveyors, and District or Assistant Surveyors of Highways, Trustees, County Surveyors, and others by law entrusted with the care and management of the streets and public ways and places within the parts or places to which these directions and regulations extend, shall once at least in every twenty-four hours, effectually cleanse all such of the streets, rows, lanes, mews, courts, alleys, and passages, and public ways and places, under their respective care and management, as by the Medical Officer of the Guardians, or others authorized to superintend the execution of this direction and regulation, shall be certified in writing to be in a state dangerous to health, or to require frequent and effectual cleansing by way of precaution against disease ; and shall remove all filth, ordure, and nuisances therefrom.

II. And where any such streets, rows, lanes, mews, courts, alleys, and any passages, public ways or places, to which any houses or tenements adjoin, which have not been entrusted by law to the care or management of any Council, Commissioners, Surveyors, Trustees, or others, have been certified in writing by such Medical Officer as aforesaid to be in a state dangerous to health, or to require such frequent and effectual cleansing, we direct that every occupier of a house or tenement so adjoining shall keep or cause to be kept sufficiently cleansed, at least once in every twenty-four

hours, such part of the street, row, lane, mews, court, alley, or passage, way, or places as adjoins the house or tenement occupied by him.

And we direct that all such works of cleansing and removal of filth, ordure, and nuisances, as are required by these directions and regulations, shall be done in such manner by effectual washing or otherwise, and with the use of such fluids or substances for preventing the escape of noxious effluvia during the operation, as the Medical Officer of the Guardians or others authorized to superintend the execution of these directions and regulations shall think necessary and shall direct.

III. We do hereby authorize and require the Guardians of the said unions, by themselves or by their officers or persons employed under them in the administration of the laws for the relief of the poor, or by officers or persons specially appointed in this behalf, to superintend and see to the execution of the foregoing directions and regulations within their respective unions, and in any extra-parochial places adjoining thereto respectively.

IV. And further, where it shall appear that by want or neglect of the Council of any city or borough, Commissioners, Surveyors, Trustees, or others entrusted with the care and management as aforesaid, or by reason of poverty of the occupiers or otherwise, there may be any default or delay in the cleansing of or removing nuisances from any street, row, lane, mews, court, alley, passage, or public way or place certified as aforesaid, within any of the said unions, or any extra-parochial place adjoining thereto, we authorize and require the Guardians of such union to cause such street, row, lane, mews, court, alley, passage, way, or place to be effectually cleansed, and all nuisances to be removed therefrom, and to do all acts, matters, and things necessary for that purpose.

V. We also direct as follows :—

That,

When, and so often, as any dwelling-house in any part or place to which these directions and regulations extend, is in such a filthy and unwholesome condition as to be a nuisance to or injurious to the health of any person, or,

Where, upon any premises, or any part or place as aforesaid, there is any foul and offensive drain, ditch, gutter, privy, cesspool, or ashpit, or any drain, ditch, gutter, privy, cesspool, or ashpit kept or constructed so as to be a nuisance to or injurious to the health of any person, or,

Where, upon any such premises swine, or any accumulation of dung, manure, offal, filth, refuse, or other matter or thing is kept, so as to be a nuisance to or injurious to the health of any person, or,

Where, upon any such premises (being a building used wholly or in part as a dwelling-house), or being premises underneath any such building, any animal is kept so as to be a nuisance or injurious to the health of any person ;

In each of the above recited cases, the owner or occupier and persons having the care or ordering of such dwelling-house, or of the premises where the nuisance or matter injurious to health may be, shall cleanse, whitewash, or otherwise purify, as the case may require, such

dwelling-house or building, or abate or remove the nuisance or matter injurious to health as aforesaid, with all reasonable speed after the publication of these our directions and regulations, or after the nuisance or matter injurious to health shall have arisen.

VI. In case, by reason of poverty or otherwise, the occupier of any such dwelling-house or premises is unable to perform any works required by these directions or regulations, such occupier shall give notice of such his inability to the Guardians of the union, comprising the place wherein the premises shall be situated.

VII. We authorize and require the Guardians aforesaid, by themselves or by officers by them authorized in this behalf,

To see to the execution of the directions hereinbefore contained for the cleansing and purifying of dwelling-houses, and for the abatement and removal of nuisances and matters injurious to health, in every case in which there shall not be a Council or other Governing Body of a city or borough, or Commissioners having jurisdiction for the removal of nuisances, or where such Council, Governing Body, or Commissioners, shall not cause to be effectually executed, such directions; and for that purpose,

To visit from time to time, or cause to be visited the several dwellings and places where there may be ground for believing that necessity will arise for executing such directions.

VIII. And in every case in which, from the poverty of occupiers or otherwise, there may be default or delay in the cleansing or purifying of any such dwelling-house, or in the abatement or removal of any such nuisance or matter injurious to health, and the Medical Officer, or other person duly authorized as aforesaid, shall certify that the same requires immediate attention; and in every case in which, from want of co-operation of the owners or occupiers there is any default or delay in cleansing any such drain, ditch, water-course, or gutter, into which several dwellings or tenements may drain;

We authorize and require such Guardians to cause such dwelling-houses to be cleansed and purified, and such drain, ditch, water-course, or gutter to be frequently and effectually cleansed, and such nuisance or matter injurious to health to be abated and removed respectively, and to do all acts, and provide all matters and things necessary for that purpose.

IX. And we do further authorize and require the Guardians to direct their clerk to make out from the Register of Deaths, or from the District Medical Relief Books, and from any public books or other sources from which information may be obtained within the union, a list of places where epidemic, endemic, and contagious diseases have of late been frequent.

X. And we authorize and require such Guardians to cause the Medical Officers employed by them, or specially appointed for the purpose, to visit the places, of which a list shall be made out as aforesaid, and all such neighbouring and other places within such union, as shall appear to such Medical Officers

(from being under like circumstances with the places included in such list or otherwise) to require visitation or examination.

XI. And each such Medical Officer shall, where it may be necessary, certify in writing to the Board of Guardians, and to the Surveyors, Trustees, occupiers, or others required to execute these directions and regulations, all such places as are in a dangerous state to health, or need frequent and effectual cleansing by way of preservation against disease, and such dwelling-houses as are in a filthy and unwholesome condition, and all such nuisances and matters injurious to health as ought to be abated, cleansed, and removed under these regulations.

XII. And each such Medical Officer shall forthwith, upon any case of cholera, or of typhus, or other epidemic, endemic, and contagious diseases becoming known to him within the parish union or district under his visitation, report the same to the Board of Guardians.

XIII. And where it shall be certified to the Guardians by their Medical Officer or Officers, or where it shall otherwise sufficiently appear to such Guardians, that extraordinary medical aid is required for persons attacked or threatened by cholera, or epidemic, endemic, or contagious disease, we authorize and require such Guardians to provide sufficient medical aid, and, in suitable places, such medicines as may be required within their respective unions for necessitous persons attacked by cholera or by premonitory symptoms, and to make arrangements for the distribution of notices, stating the places where aid and medicines shall have been provided.

XIV. Whereas it has heretofore been found impracticable to ensure proper treatment in their own houses to many of the poorer classes, we authorize and require the said Guardians, where it shall appear that such extraordinary aid is required, to provide suitable rooms or places, capable of accommodating such necessitous cases, to which persons attacked by cholera, who cannot be properly treated in their own houses, may be conveyed.

XV. And we also authorize and require the said Guardians, where it shall appear needful, to provide rooms or places of refuge to which may be removed the families of such necessitous persons as have been attacked with cholera, and also such necessitous persons living under the same roof with or in the vicinity of persons so attacked, as the Medical Officers acting under the authority of the said Guardians may deem it necessary to remove; and the houses, rooms, or dwellings, from which persons may have been so removed to the houses of refuge, shall be cleansed and purified by the owners or persons having the care or ordering thereof, or, in their default, by the said Guardians.

XVI. And on the occurrence of any case of cholera, or other epidemic, endemic, or contagious disease, in any room occupied by one family or more, we hereby authorize and require the Medical Officer to remove, or cause to be removed, either the patient, or so many of the occupants of such room as he shall consider would, unless removed, tend to prevent the recovery of the patient, or endanger the spreading of the disease.

XVII. And in case of death by cholera, or any other epidemic, endemic, or contagious disease, we hereby authorize and require the last Medical Attendant upon the person of the deceased, or in case of there having been no Medical Attendant, the housekeeper or person present at the death, or who is in charge of the body, forthwith to notify the fact of the death to the Medical Officer of the district who is charged with the execution of these orders for the prevention of the spread of such disease.

And we do hereby authorize such Medical Officer to give such directions as may appear to him to be needful, in respect to the care, removal, and the time of interment of the body, for preventing the communication or spread of disease.

And we hereby authorize and require all persons to give such information or such assistance to such Medical Officer, and to be otherwise aiding him as he may need in the execution of these orders.

XVIII. And in the event of the fatal termination of any case of cholera, or of epidemic, endemic, or contagious disease, in any room occupied as a living or sleeping room by one family or more, or by numerous persons, we hereby authorize and require the Medical Officer to remove, or cause to be removed, as speedily as may be, either the corpse or the persons occupying such rooms, until the corpse can be conveniently removed and properly interred.

XIX. And we do authorize and direct the said Guardians to make arrangements for obtaining daily lists of persons attacked by cholera or other epidemic disease within their respective unions, with the particulars of their cases and treatment, and for communicating the same daily to the General Board of Health.

XX. And we do hereby authorize and direct the said Guardians, where it may appear needful, to appoint such additional Medical Officers, and also to appoint such other officers as may be necessary to execute and superintend the execution of these regulations, and to publish and circulate, by printed hand bills or other means, notices for the provisions of the said Act for the prevention of nuisances, and of our regulations and instructions, or of such part, or any of them, as it may appear desirable to make publicly known.
