

At the Court at Balmoral, the 5th day of
September 1849.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS there was this day read at the Board a Report from the General Board of Health, dated the fourth day of September instant, in the words following; that is to say:—

“We, the General Board of Health, appointed for the purposes of the Public Health Act, one thousand eight hundred and forty-eight, have, in pursuance of the provisions of that Act, upon the petition of not less than one-tenth of the inhabitants rated to the relief of the poor of and within the parish of Rugby, in the county of Warwick, (the number of the said petitioners greatly exceeding thirty in the whole,) directed George Thomas Clark, a Superintending Inspector appointed for the purposes of the said Public Health Act, to visit the said parish, and to make public inquiry, and to examine witnesses as to the sewerage, drainage, and supply of water, the state of the burial grounds, the number and sanitary condition of the inhabitants, and as to any local Acts of Parliament in force within such parish, for paving, lighting, cleansing, watching, regulating, supplying with water, or improving the said parish, or having relation to the purposes of the said Public Health Act; also as to the natural drainage, areas, and the existing municipal, parochial, or other local boundaries, and the boundaries which might be most advantageously adopted for the purposes of that Act;

“And the said Superintending Inspector, having previously given the notices directed by the Public Health Act, proceeded upon the said inquiry, in the manner directed by that Act, and hath reported in writing to the said Board upon the several matters with respect to which he was directed to inquire, and upon certain other matters with respect to which he deemed it expedient to report for the purposes of that Act;

“And copies of the said Report, accompanied by a notice, stating that written statements might be forwarded to the said Board with respect to any matter contained in, or omitted from the said Report, or any amendment proposed to be made therein, have been duly published and deposited as directed by the said Public Health Act, and the time for forwarding such statements has now elapsed; and all such statements as have been received by the said Board have been duly deposited as required by that Act;

“And it appears by the said Report that there is no local Act of Parliament in force within the said parish for paving, lighting, (otherwise than for the profit of proprietors or shareholders,) cleansing, watching, regulating, supplying with water, or improving such parish, or any part thereof, or in anywise relating to the purposes of the said Public Health Act;

“Now, therefore, We, the said General Board of Health, do hereby, in pursuance of the said Public Health Act, humbly report to your Majesty that it appears to us to be expedient that the Public Health Act, one thousand eight hundred and forty-eight, and every part thereof, except the sections numbered 50 and 96 in the copies of that Act printed by your Majesty's printers, shall be applied to, and be in force within and throughout the entire area, places, and parts of places comprised within the boundaries at present fixed as the boundaries of the said parish of Rugby, in the county of Warwick, and that such area, places, and parts of places should be, and constitute a

district for the purpose of the said Public Health Act accordingly.”

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, doth hereby, under and in pursuance of the Public Health Act, one thousand eight hundred and forty-eight, order and direct that from and after the date of this Order, the Public Health Act, and every part thereof, except the sections numbered 50 and 96 in the copies of that Act printed by Her Majesty's printers, shall be applied to, and be in force within and throughout the entire area, places, and parts of places comprised within the boundaries at present fixed as the boundaries of the parish of Rugby, in the county of Warwick, and that such area, places, and parts of places shall be, and constitute a district for the purposes of the said Public Health Act accordingly. C. C. GREVILLE.
