

Health have caused enquiry to be made by Gavin Milroy, Doctor of Medicine, a Superintending Inspector to the said Board, into the state of a certain Burial Ground, of or belonging to the Roman Catholic Chapel situate in or near to Wade Street, in the Parish of All Saints, Poplar, in the County of Middlesex, being a part of England excepted from the powers of the Public Health Act, 1848; And whereas it now appears to us, the said General Board of Health, upon the report of the said Gavin Milroy, upon and after the enquiry made by him as aforesaid, that the said Burial Ground is in such a state as to be dangerous to the health of the persons living in the neighbourhood thereof; Now We, the said General Board of Health, being of opinion that the adoption of the measures of precaution herein-after specified, would tend to lessen the aforesaid danger to health, do hereby, in exercise of the power vested in us by the above-recited Acts, order and direct you, the Reverend James Hearsnep, and all other persons (if any there be) having the care and controul of the said Burial Ground, to do, and cause to be done, the following works and matters in, and in relation to, the said Burial Ground, and the mode of interment therein, that is to say:—

1. That not more than one corpse shall be buried or deposited in any grave in the said Burial Ground, and every grave in which any corpse shall be buried or deposited shall be filled up to the level of the ordinary surface of the said Burial Ground immediately upon the corpse being buried or deposited therein, and no further burial shall take place in the same grave, nor shall any other corpse be deposited therein.

2. That no corpse shall be buried or deposited in any grave in the said Burial Ground at a less distance than two feet and six inches from any other grave, such distance to be computed from that part of the coffin containing such corpse which is nearest to such other grave.

3. That no corpse shall be buried or deposited in any grave in the said Burial Ground in which, after the burial or deposit thereof, there shall not be at least five feet of earth remaining between the ordinary surface of the said Burial Ground and the upper part of the coffin in which such corpse shall be contained.

4. That no corpse shall be deposited in any stone or brick grave, vault, or catacomb, in the said Burial Ground, or in any vault or receptacle connected therewith, unless such corpse shall be enclosed in a coffin made of, or lined with lead of the weight of at least six pounds to every superficial square foot, and of the thickness throughout of one-tenth of an inch, nor unless such coffin or lining be soldered up, or otherwise secured so as to be perfectly air-tight.

5. That if in making or digging any grave in the said Burial Ground, or in opening any part of the said Burial Ground for any purpose whatever, any human bone, or other part of a human body, or any coffin, or portion of a coffin shall be found, or become visible, the earth that shall have been disturbed by such making, digging, or opening, shall be forthwith filled in and covered with quicklime to the depth of at least three inches.

6. That no grave shall be made or dug, nor shall the ground, for any purpose or upon any pretence, be opened in any part of the said Burial Ground where a corpse has been buried or deposited within ten years now last past.

And We do further order and direct that this Order shall take effect on the day of the date

hereof, and the works and matters above specified shall continue to be done, acted upon, and executed by you, the Reverend James Hearsnep and other persons (if any), until further or other Order be made in relation to the premises.

Given under our hands, and under the seal of the General Board of Health in Great Britain, this tenth day of November one thousand eight hundred and forty-nine.
