INDIA OFFICE, June 12, 1860.

THE Secretary of State for India in Council has received the following General Order, published by his Excellency the Governor-General of India :—

Camp, Roopur, April 6, 1860.

HIS Excellency the Governor-General considers it due to Her Majesty's 8th (the King's) Regiment of Foot, to take leave publicly of the regiment on its departure to England, and to offer to its officers and men the acknowledgements of the Government of India, for their services in this country.

The 8th Regiment embarked for India in April 1846, and, after serving for some years in the Presidency of Bombay, was transferred to the Bengal Presidency in December 1853.

The regiment was at allundur in 1857, when the Mutiny of the Bengal Army broke out, and did essential service at that station in resisting and punishing the mutineers.

It joined the Army before Delhi soon afterwards, and served with much distinction in the siege and capture of that fortress. It bore a conspicuous part in the complete repulse given to the forces of the mutineers in their persevering sorties on the 14th, 18th, and 23d of July 1857; and, in the glorious struggle within the city, which lasted for six days after it was stormed in September, the 8th Regiment was amongst the foremost in exhibiting the irresistible effect of the valour and endurance of British soldiers.

The regiment formed part of the pursuing column under Brigadier Greathed, C.B., and was present in the actions at Boolundshuhur, Allygurh, and Agra.

It subsequently served with the force under his Excellency the Commander-in-Chief in the relief of the garrison of Lucknow, and at Cawnpore; and was subsequently employed in the final conquest of the Province of Oude, and exhibited its characteristic bravery in the capture of the town and fort of Sandee.

The Governor-General begs to assure the 8th Regiment, of the very high sense entertained by him of its services and soldierly conduct, whether in quarters or in the field, and of the interest which he will always feel in its future welfare.

R. J. H. BIRCH, Major-General,
Secretary to the Government of India,
with the Governor-General.

By The QUEEN.

And for every additional half of a pound in weight of any such packet above the weight of two pounds, there shall be charged, taken, and paid two additional rates of postage; and every fractional part of such additional half of a pound in weight shall be charged as an additional half of a pound in weight; and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such packet would be charged with under this Warrant, if not exceeding four ounces in weight.

No such packet, which in length, or breadth, or width, shall exceed the dimensions of two feet, shall be forwarded by the post under the provisions aforesaid.

The terms "books, publications, or works of literature or art," in this Warrant used, shall, for the purposes of this Warrant, mean and comprise all such articles as in their general character are either literary, or consist of printed, written, engraved, or lithographed matter (although not strictly literary), including books (whether printed, written, or plain), publications or compilations (whether in print or in manuscript), almanacks, printed or lithographed letters, and such artistic productions as prints, maps (whether on paper, or canvas, or cloth, and whether printed or written), and photographs, when not on glass or in frames containing glass, and any description of paper, parchment, or vellum (whether printed, lithographed, written upon, or plain, or any mixture of the four), together with any binding, mounting, or covering of, or upon, or belonging to any such article or production, or any portion thereof, or of or belonging to any paper, parchment, or vellum, and including also any cases or rollers of prints or maps, book markers (whether of paper or otherwise), pencils, pens, or other thing usually appertaining to any such article or production, paper, parchment, or vellum, or necessary for its safe transmission, which shall be sent in the same packet with any such article or production to which they or it shall belong. And all letters, notices, and other communications (whether upon paper, parchment, or vellum), partly printed, or partly lithographed and partly written, which, if wholly written would not be considered letters, or communications in the nature of letters, shall and may be transmitted by the post under the provisions of this Warrant. But any letter, notice, or other communication (whether upon paper, parchment, or vellum), partly printed, or partly lithographed and partly written, which, if wholly written would be considered a letter, or a communication in the nature of a letter, shall not be entitled to the privilege of being transmitted by the post under the provisions of this Warrant. Provided, nevertheless, that nothing herein contained shall extend to authorize the sending by the post, under the provisions of this Warrant, of any patterns, or books of patterns, or papers of patterns, of any article or thing whatsoever.

Every packet transmitted by the post under the authority of this Warrant shall be sent open at the ends or sides, and either without a cover, or in a cover or envelope open at the ends or sides, and there shall be no written letter, either closed or open, nor any written communication in the nature of a letter, either closed or open (whether such letter or communication be addressed to or intended for the person to whom the packet shall be directed, or to any other person), nor any enclosure sealed or otherwise closed against inspection, nor any other enclosure not authorized by this Warrant, sent in or with any such packet, nor shall there be any written letter, or any written communication in the nature of a letter, in or upon any such packet, or on the cover or envelope thereof.

Upon every packet transmitted by the post under the authority of this Warrant, which shall be posted in the United Kingdom, the postage thereof shall be paid at the time of the same being posted, not in money, but by being duly stamped with the proper postage stamp or stamps affixed thereto, which stamp or

stamps shall in every case be affixed or appear on the outside of every such packet, near the address or direction, and shall be of the value or amount of the postage duty payable thereon under or by virtue of this Warrant, unless any such packet be sent from any department or office in or connected with the public service of Her Majesty which shall keep a postage account with the General Post-office in London, in which case the same shall be forwarded post paid, and the postage thereof shall be charged in such postage account; and upon every such packet transmitted by the post under the authority of this Warrant, which shall be posted in Labuan, the postage thereof shall be paid at the time of the same being posted, either in money or by the proper Colonial postage-stamp or stamps being affixed thereto.

3. In order to prevent any obstacles to the due and regular transmission of letters by the post, any officer of the Post-office may delay the transmission of any packet posted or forwarded by the post under the provisions of this Warrant, either for the space of twenty-four hours after the time at which the same ought to be despatched in due course of the post, or (at his option) until the despatch of the mail next after that by which the same ought in due course of the post to be forwarded by him.

4. Nothing hereinbefore contained shall be construed to extend to interfere with, or in anywise to affect any privileges relating to the transmission by the post of printed newspapers, or any printed publications which are allowed to pass by the post under the newspaper privilege; nevertheless, any printed newspapers which are not authorized to be transmitted by the post under such privileges, may be transmitted by the post at the rates of postage and under the regulations contained in this Warrant.

5. Every letter, notice, or other communication (whether upon paper, parchment, or vellum), partly printed, or partly lithographed and partly written, which, if wholly written would be considered a letter, or a communication in the nature of a letter, sent by the post, shall be deemed and considered to be a letter, or a communication in the nature of a letter, and shall be charged and chargeable with postage as a letter, and shall be transmitted by the post in conformity with, and under and subject to the several regulations, orders, directions, and conditions relating to letters posted and addressed in like manner.

6. If any question shall arise whether any such letter, notice, or other communication as is last hereinbefore mentioned, is entitled to the privilege of a printed paper, so far as respects the transmission thereof by the post, or of being sent by the post under the provisions of this Warrant, or is chargeable as a letter, the same shall be referred to the determination of the Postmaster-General, whose decision thereupon shall be final.

7. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant, shall in length, or breadth, or width, exceed the dimensions of two feet; or if any packet, or the cover or envelope of any packet, sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant, shall not be open at the ends or sides, or if there shall be any written letter, or any written communication in the nature of a letter, in or upon any such packet, or on the cover or envelope thereof (whether such letter or communication be addressed to or intended for the person to whom the packet shall be directed or any

other person), every such respective packet shall and may be detained and opened, and, at the option of the Postmaster-General, shall be either returned or given up to the sender thereof, or be given up to the person to whom it shall be addressed, or be forwarded to the place of its destination; and every such packet, on being so returned, given up, or forwarded, shall be chargeable with the like amount of postage to which it would have been liable as a letter if the postage had been paid when posted, and such postage may be either paid by the sender or be charged to the person to whom such packet shall be forwarded.

8. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant, shall contain any written letter, or any written communication in the nature of a letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other enclosure not authorized by this Warrant, every such letter, or communication, or enclosure may be taken out by any officer of the post-office, and either returned or given up to the sender thereof, or forwarded to the address on the packet, charged in either case not only with the full rates of postage as an unpaid letter, but also with a further and additional rate of postage equal in amount to the single rate of postage chargeable under the provisions of this Warrant on a packet not exceeding four ounces in weight, and the remainder of the packet, if the postage be duly paid when posted, may be forwarded to the place of its address without any extra charge.

9. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant (any such packet sent from any department or office in or connected with the public service of Her Majesty, which shall keep a postage account with the General Post-office in London, and the postage thereof being charged in such account only excepted), shall be posted, and the postage paid thereon or postage stamps affixed thereto at the time of the same being posted shall be less in amount than the rate of postage to which such packet would be liable under and by virtue of the several regulations, orders, directions, and conditions hereinbefore contained, but equal in amount to the single rate of postage which would be chargeable under this Warrant if such packet did not exceed four ounces in weight, every such packet shall be forwarded charged with the amount of the difference between the postage so paid thereon or postage-stamps affixed thereto, and the postage to which such packets would be liable as aforesaid, together with a further and additional rate of postage, equal in amount to the single rate of postage chargeable under this Warrant on a packet not exceeding four ounces in weight; but if any such packet shall be posted without any postage having been paid thereon, or any postage-stamp affixed thereto, or with a postage paid thereon or postage-stamp affixed thereto less in amount than the single rate of postage chargeable under this Warrant (any such packet sent from any department or office in or connected with the public service of Her Majesty, which shall keep a postage-account with the General Post-office in London, and the postage thereof being charged in such account, only excepted), every such last-mentioned packet shall and may be detained and opened, and, at the option of the Postmaster-General, shall be either returned or given up to the sender thereof, or be given up to the person to whom it shall be addressed, or be forwarded to the place of its destination; and every such last-mentioned packet, on being so

returned, given up, or forwarded, shall be chargeable with the like amount of postage to which it would have been liable as a letter if the postage had been paid when posted; and such postage may be either paid by the sender, or may be charged to the person to whom such packet shall be forwarded.

10. In all cases where any packet may be transmitted by the post under the authority of this Warrant, and any such packet shall be transmitted not in conformity with the provisions thereof, and under and subject to the regulations, orders, directions, and conditions herein contained, and shall, by reason thereof, have become liable, under or by virtue of this Warrant, to be charged with the like rate or amount of postage to which it would have been liable as a letter if the postage had been paid when posted, or with any higher rate or amount of postage, the Postmaster-General shall, and he is hereby authorized and empowered, at his discretion, either to charge any such packet with the rate or amount of postage to which it shall have become liable under or by virtue of this Warrant as aforesaid, or to charge any such packet with any other rate or amount of postage which he shall think proper, not exceeding the rate or amount of postage to which such packet shall have become liable, under or by virtue of this Warrant as aforesaid, not less than the rate of postage to which such packet would have been chargeable with if transmitted in conformity with the provisions hereof, and under and subject to the regulations, orders, directions, and conditions herein contained.

11. The packets hereby authorized to be sent by the post under the provisions aforesaid, may be transmitted either by packet-boat or private ship, or partly by packet-boat or partly by private ship, at the same rate of postage as by packet-boat.

12. All packets transmitted by the post under the provisions of this Warrant shall be subject to the several orders, directions, regulations, and rates of postage respectively contained in a certain Warrant of the Commissioners of Her Majesty's Treasury, under the hands of two of the said Commissioners, bearing date the 19th day of February 1855, relating to redirected rates of postage upon letters and packets which shall be redirected and again forwarded by the post.

13. The rates of postage chargeable on packets transmitted by the post under the authority of this Warrant, shall be in lieu of any rates of British postage now chargeable by law thereon.

14. The term "by the post," used in this Warrant, shall include the conveyance through Egypt, and shall, as to the sea conveyance, include the conveyance by any British or Colonial packet-boat, and also by private ship, or partly by packet-boat and partly by private ship, when sent in accordance with the eleventh clause hereinbefore contained, and the several other terms and expressions used in this Warrant shall be construed to have the like meaning, in all respects, as they would have had if inserted in the said Act passed in the fourth year of the reign of Her Majesty.

15. Nothing herein contained shall be construed to extend to any packet sent through France.

16. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands, or the hands of any two of them, at any time hereafter alter, repeal, or revoke any of the rates of postage hereby fixed or altered, or any of the orders, directions, regulations, and conditions hereby made, and may make and establish any new or other rates, orders, directions, regulations, and conditions in lieu thereof, and from time to

time appoint at what time the rates which may be payable are to be paid.

17. This Warrant shall come into operation on the first day of August 1860.

NOTICE TO MARINERS.

The Lords of the Committee of Privy Council for Trade have received, from Her Majesty's Consul at Archangel, the following translation of an Imperial Order, forwarded to him by the Civil Governor of Archangel, establishing regulations to be observed by Masters and Owners of merchant vessels trading to that port.

Translation.

Ministry of Finance. Department of Manufactures and Inland Trade.—Compartment No. 2, Table 2.

9th April 1860.

No. 2262.

To the Commander-in-Chief of the Port of Archangel.

His Majesty the Emperor, in consequence of a representation of the Minister of Finance, in the Committee of Ministers, and in accordance with a proposition made by it on the 29th day of March last, commanded that, with the view of preventing the obstruction of the bar of the River Northern Dwina by the ballast which is thrown out of vessels coming to the Port of Archangel, the following Regulations be established:—

1. All commercial vessels, Russian as well as Foreign, arriving at the Port of Archangel, must have cargo, of weight not less than one-third of their tonnage.

2. Should the weight of a cargo brought by a vessel be less than one-third of her tonnage, the deficiency must be made up of ballast.

3. Should the whole cargo of a vessel, consisting of goods and ballast, or of goods, or of ballast alone, be less than one-third of her tonnage, then the master or owner becomes subject to a fine, for the benefit of the revenue of the village of Lolombol, equal in amount to the charge for unloading the quantity of ballast which may prove deficient, reckoning each ton at the rate of 43 copecks.

4. Should masters or owners of vessels wish to unload their ballast and cart it away to the appointed places, without the participation of the Ballast Office at Archangel, they are obliged to give notice to the Commander of the inner Guard-ship.

Reporting such supreme command to the Directing Senate, and communicating it to the Director of the Ministry of Marine, I have the honour to make it known also to your Excellency.

Adjunct of the Minister, N. SHIGAEP.
