II. In pursuing the Course of Study for the Degree of Master of Arts, no Student shall be permitted to pass from the Junior to a higher Class in any Department, unless the Professor shall be satisfied of his Fitness to enter the higher Class.

III. Examinations for the Degree of Master of Arts shall take Place, in each University annually, at such convenient Time, after the Close of the Winter Session, as the Senatus Academicus shall from Time to Time appoint ; with Power to each University to appoint Examinations to take Place at such other Time or Times as may be convenient.

X. Of the Three Examiners first appointed by the University Court in each University, One shall be appointed for the Term of Two Years, another for the Term of Three Years, and the Third for the Term of Four Years ; and thereafter, every additional Examiner shall be appointed for a Term of Three Years : Provided that the Appointment of any Examiner, during the Currency of his Term of Office, to a Professorship or Assistant Professorship in any *Scottish* University, shall be held to vacate his Office of Examiner : Provided also, that, in the Event of a Vacancy in the Office of an Examiner occurring otherwise than by Expiration of his Term of Office, the Examiner, to be appointed by the University Court in his Room, shall be appointed for the Remainder of such Term only.

XI. No Person who has been appointed to the Office of Examiner for the Period of Three Years or Four Years, shall be eligible for Re-appointment to the Office of Examiner in the same University, until he has ceased to hold the Office of Examiner in such University for not less than One Year.

XII. The Examiners for Graduation with Honours shall be the same Professors and additional Examiners, as for Graduation without Honours ; and, in the Examination of Candidates for Honours in the Department of Natural Science, there shall be added the Professors of Natural History and of Chemistry, and the University Court may, if they think fit, appoint an additional Examiner, skilled in Natural Science, not being a Professor or Assistant Professor in any *Scottish* University.

XIII. No Person shall be appointed an Examiner who is not a Member of the General Council of one or other of the Scottish Universities.

XIV. With the Exception of the additional Examiner in Natural Science, each of the Examiners to be appointed by the University Court, shall, for each full Period of a Year in which he shall act as Examiner, receive, in the Case of the Universities of *Glasgow, Aberdeen, and Edinburgh*, a Sum of Eighty Pounds, and in the Case of the University of *St. Andrews*, a Sum of Fifty Pounds, to be annually voted by Parliament; and, where an additional Examiner in Natural Science is appointed, he shall receive, from the General Funds of the University, such Remuneration as the *Senatus Academicus*, with the Approval of the University Court, shall appoint.

XV. The first Article of Ordinance, No. 12, *Aberdeen*, No. 4, of the Second Day of July Eighteen hundred and Sixty, shall be, and the same is hereby, repealed; and the Course of Study to be required hereafter in the University of *Aberdeen*, as necessary for Admission to the Degree of Master of Arts, shall be the Course of Study hereinbefore prescribed; and all existing Regulations in any of the said Universities inconsistent in any Respect with the Provisions of this Ordinance, shall be, and the same are hereby, repealed.

XVI. The Degree of Master of Arts shall in no Case be conferred, except on Persons who have complied with the Conditions hereinbefore set forth, and shall in no Case be conferred *honoris causa tantum*; and the Degree of Bachelor of Arts shall not hereafter be conferred.

XVII. The Provisions of this Ordinance shall come into Operation, in each University, at the Commencement of the Winter Session next after the Approval thereof by Her Majesty in Council.

XVIII. Every Student, who, at the Time when this Ordinance shall come into Operation, shall have completed a Part of his Course, with a View to Graduation in Arts in any of the said Universities, under Regulations in Force at the Time in such University, and shall thereafter complete his Course of Study in Conformity with such Regulations, may become a Candidate for the Degree of Master of Arts, without complying with the Provisions of this Ordinance regarding the Course of Study for that Degree, provided he pass the Examination or Examinations required by this Ordinance.

In Witness whereof, these Presents are sealed with the Seal of the Commission.

BUCKINGHAM PALACE, February 5, 1861.

This day Her Majesty, accompanied by His Royal Highness the Prince Consort, proceeded in State from Buckingham Palace to the House of Peers, where she arrived soon after two o'clock; and was received, on alighting from Her state coach, by the Lord Chancellor, the Lord President, the Lord Privy Seal, Sir Augustus Clifford, officiating for the Lord Great Chamberlain (the Lord Willoughby d'Eresby), Garter King of Arms, and the Yeoman Usher of the Black Rod, and proceeded to the State Robing-room in the customary manner.

Her Majesty was there robed, and the procession moved into the House in the usual order;—the Crown was borne by the Duke of Somerset, the Sword of State by the Lord President, and the Cap of Maintenance by the Marquis of Winchester.

Her Majesty being seated on the Throne, and His Royal Highness the Prince Consort on a Chair on the left side of the Cloth of Estate, the Great Officers of State and others standing in their respective places on the right and left, Robert Cavendish Spencer Clifford, Esq., Yeoman Usher of the Black Rod, was sent with a message from Her Majesty to the House of Commons, commanding their immediate attendance in the House of Peers. The Commons being come thither accordingly, Her Majesty was pleased to deliver the following most gracious Speech to both Houses of Parliament:—

My Lords and Gentlemen,

It is with great satisfaction that I meet you again in Parliament, and have recourse to your Assistance and Advice.

My relations with Foreign Powers continue to be friendly and satisfactory, and I trust that the moderation of the Powers of Europe will prevent any interruption of the general Peace.

Events of great importance are taking place in Italy. Believing that the Italians ought to be left to settle their own affairs, I have not thought it right to exercise any active interference in those matters. Papers on this subject will be laid before you.

I announced to you, at the close of the last Session of Parliament, that the atrocities which had then recently been committed in Syria had induced me to concur with the Emperor of Austria, the Emperor of the French, the Prince-Regent of Prussia, and the Emperor of Russia, in entering into an engagement with the Sultan, by which temporary Military assistance was to be afforded to the Sultan, for the purpose of establishing order in that part of his dominions.

That assistance has been afforded by a body of French troops, who have been sent to Syria, as representing the Allied Powers. The Sultan has also placed a considerable Military Force in Syria under the direction of an able Officer; and I trust that tranquillity will soon be re-established in that Province, and that the objects of the Convention will have been fully attained.

I announced to you also at the close of the last Session of Parliament, that the pacific overtures which my Envoy in China had made to the Imperial Government at Peking having led to no satisfactory result, my Naval and Military Forces, and those of my Ally the Emperor of the French, were to advance towards the northern provinces of China for the purpose of supporting the just demands of the Allied Powers, and that the Earl of Elgin had been sent to China, as Special Ambassador, to treat with the Chinese Government.

I am glad to inform you that the operations of the Allied Forces have been attended with complete success. After the capture of the Forte at the mouth of the Peiho, and several engagements with the Chinese Army, the Allied Forces became masters of the Imperial City of Peking, and the Earl of Elgin, and Baron Gros, the Ambassador of the Emperor of the French, were enabled to obtain an honourable and satisfactory settlement of all the matters in dispute.

Throughout these operations, and the negotiations which followed them, the Commanders and Ambassadors of the Allied Powers acted with

the most friendly concert. Papers on this subject will be laid before you.

The state of my Indian territories is progressively improving, and I trust that their financial condition will gradually partake of the general amendment.

An insurrection of a portion of the Natives of New Zealand has interrupted the peace of a part of that Colony, but I hope that the measures which have been taken, will speedily suppress these disturbances, and enable my Government to concert such arrangements as may prevent their recurrence.

Serious differences have arisen among the States of the North American Union. It is impossible for me not to look with great concern upon any events which can affect the happiness and welfare of a people nearly allied to my Subjects by descent, and closely connected with them by the most intimate and friendly relations. My heartfelt wish is that these differences may be susceptible of a satisfactory adjustment.

The interest which I take in the well-being of the people of the United States cannot but be increased by the kind and cordial reception given by them to the Prince of Wales during his recent visit to the Continent of America.

I am glad to take this opportunity of expressing my warm appreciation of the loyalty and attachment to my Person and Throne, manifested by my Canadian and other North American Subjects, on the occasion of the residence of the Prince of Wales among them.

I have concluded with the Emperor of the French Conventions supplementary to the Treaty of Commerce of 23d of January 1860, and in furtherance of the objects of that Treaty.

I have also concluded with the King of Sardinia a Convention for the reciprocal protection of Copyright.

These Conventions will be laid before you.

Gentlemen of the House of Commons,

I have directed the Estimates for the ensuing year to be laid before you. They have been framed with a due regard to economy and to the efficiency of the several branches of the public service.

My Lords and Gentlemen,

Measures will be laid before you for the consolidation of important parts of the Criminal Law; for the improvement of the Law of Bankruptcy and Insolvency; for rendering more easy the transfer of land; for establishing a uniform system of rating in England and Wales; and for several other purposes of public usefulness.

I confidently commit the great interests of My Empire to your wisdom and care; and I fervently pray that the blessing of the Almighty may attend your counsels, and may guide your deliberations to the attainment of the object of My constant solicitude—the welfare and happiness of My People.
