**T**HE Queen has been graciously pleased to  
issue a Commission under Her Royal Sign  
Manual, of which the following is a copy :—

VICTORIA, R.

VICTORIA, by the Grace of God, of the  
United Kingdom of Great Britain and  
Ireland, Queen, Defender of the Faith :—

To

Our right trusty and well-beloved Councillor,  
Jonathan Peel, Esquire, Lieutenant-General of  
Our Forces ;

Our right trusty and well-beloved Councillor,  
Edward Pleydell Bouverie, Esquire, commonly  
called the Honourable Edward Pleydell Bouverie ;

Our trusty and well-beloved Sir Alexander  
Woodford, Knight Grand Cross of Our Most  
Honourable Order of the Bath, and Knight Grand  
Cross of Our Most Distinguished Order of St  
Michael and St George, General of Our Forces ;

Our right trusty and well-beloved Councillor, Sir  
George Brown, Knight Grand Cross of Our Most  
Honourable Order of the Bath, General of Our  
Forces ;

Our right trusty and right well-beloved Cousin  
and Councillor, James Alexander, Earl of Rosslyn,  
Lieutenant-General of Our Forces ;

Our trusty and well-beloved Sir William Brere-  
ton, Knight Commander of Our Most Honourable  
Order of the Bath, Major-General of Our Forces ;

Our trusty and well-beloved Henry Sandham,  
Esquire, Major-General of Our Forces ;

Our trusty and well-beloved David Russell,  
Esquire, Companion of Our Most Honourable Order  
of the Bath, Major-General of Our Forces ;

Our trusty and well-beloved Randal Rumley,  
Esquire, Major-General of Our Forces ; Greeting :

Whereas We thought it expedient by Our Royal  
presents, dated the 12th day of April 1858, to  
authorize and appoint a Commission to enquire  
into the working of the system of promotion recom-  
mended in the report of a Royal Commission of  
1854, and into the question of Promotion and  
Retirement in the higher ranks of the Army, com-  
mencing with the rank of Major :

And whereas it has been represented to Us that  
21 Officers who were promoted to the rank of  
Colonel in the years 1855 and 1856 as Our Aides-  
de-Camp and for Distinguished Service in the  
Crimean War, consider that by the operation of the  
Royal Warrant of 14th October 1858, founded on  
the recommendation of the Royal Commission of  
1858, they have been deprived, to an undue extent,  
of the position they attained by the promotion con-  
ferred upon them :

And whereas it has also been represented to  
Us that certain Captains and Lieutenant-Colonels  
of the Guards, who were promoted to that rank  
between the 20th June 1854 and the issuing of  
the Warrant of 6th October of that year, consider  
that their positions in the Army have been unduly  
injured by the operation of the said Warrant of  
6th October 1854, and also by the subsequent  
Warrant of 14th October 1858.

Now We, reposing great trust and confidence in  
your zeal, discretion, and ability, have authorized  
and appointed, and do by these presents authorize  
and appoint you, the said Jonathan Peel, the  
Honourable Edward Pleydell Bouverie, Sir Alex-  
ander Woodford, Sir George Brown, James Alex-  
ander Earl of Rosslyn, Sir William Brereton,  
Henry Sandham, David Russell, and Randal

Rumley, to be Our Commissioners to enquire into the claims of the said Officers.

And We do hereby authorize and empower you, Our said Commissioners, or any three or more of you, to obtain information thereupon, by the examination of all persons most competent by reason of their knowledge, habits, or experience, to afford it; and also by calling for all documents, papers, or records which may appear to you, or any three or more of you, calculated to assist your researches, and to promote the formation of a sound judgment on the subject.

And We do hereby command and require you, or any three or more of you, to report to Us, under your hands and seals, with all convenient speed, your opinion whether these officers are entitled to any redress, and if so, to recommend in what form such redress should be accorded to them.

And We will and command, and by these presents ordain, that this Our Commission shall continue in full force and virtue, and that you, Our said Commissioners, or any three or more of you, may, from time to time, proceed in the execution thereof, and of every matter and thing therein contained, although the same be not continued from time to time by adjournment.

We further will and command that Our right trusty and well-beloved Councillor, Jonathan Peel, Esquire, Lieutenant-General of Our Forces, be appointed Chairman of this Our Commission.

And for your further assistance in the due execution of these presents, We have made choice of Our trusty and well-beloved Thomas Cave-Browne-Cave, Esquire, to be Secretary to this Our Commission, whose services and assistance We require you to use from time to time, as occasion may require.

Given at Our Court at Osborne House, Isle of Wight, this eighth day of May one thousand eight hundred and sixty-three, in the twenty-sixth year of Our reign.

By Her Majesty's Command,

DE GREY & RIPPON.

N.B.—It is requested that any Officer whose interests may be affected by the above, and who wishes to be examined by, or make any statement to the Commissioners, will forward his application to Mr Cave, at the War-Office, with the least possible delay.

*Board of Trade, Whitehall,  
May 8, 1863.*

The Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, a copy of a Despatch from the British Commissioner of the European Commission of the Danube, enclosing the following translation of a revised Tariff of the Navigation Dues levied at the Sulina mouth of that river:—

#### PROVISIONAL TARIFF OF NAVIGATION.

DUES TO BE LEVIED AT THE MOUTH OF THE DANUBE.

#### THE EUROPEAN COMMISSION OF THE DANUBE.

Whereas Article XVI. of the Treaty of Paris of 30th of March 1856, stipulates that the expenses of the works performed for the purpose of clearing the mouths of the Danube and the portions of sea adjoining, of the obstacles which obstructed them, and those of the establishments for securing and facilitating navigation, shall be covered by means of levying the fixed dues determined by the Commission.

And whereas a provisional Tariff was in consequence enacted under date of the 25th July 1860.

And whereas, since the enforcement of the Tariff, the works undertaken at the mouth of the Sulina have been completely finished, and, in consequence of the increase of depth which has resulted therefrom, the obstacles which vessels used to encounter at this point have been removed.

And whereas the works of correction and deepening undertaken in the course of the river, and which approach completion, and the improvements introduced into the establishments referred to in

the Treaty, as well as the creation of a Seaman's Hospital at Sulina, into which sick or shipwrecked sailors will in future be admitted, free of charge, assure to the navigation considerable advantages.

And whereas an increase of five centimes per ton to the dues at present levied upon vessels, an increase of which the produce will be devoted to covering the expenses of the Seaman's Hospital, appears thereby justified, and is moreover but a slight addition to the charges supported by the navigation.

And whereas it is necessary, in view of distributing these charges more equitably, to impose a toll on rafts of timber, at present quite free from toll, although they profit equally by the improvement realized in the river and at the mouth.

And whereas experience has shown that there is an advantage to the navigation in merging in one single shipping due the tolls levied for the improvements and the pilotage of light dues.

The Commission enacts the following provisional Tariff:—

ART. I.

Every sailing vessel of more than 30 tons register quitting the port of Sulina to go to sea, and which has according to her manifest more than a third of her full lading, shall pay a fixed shipping-due by ton register, the amount of which shall be hereinafter determined according to the total tonnage of the vessel and the depth on the bar at the Sulina mouth.

Vessels which shall have ascended the River to ship their Cargoes at one of the Interior Ports, shall pay the Tolls as regulated by the following Table :—

VESSELS.	Amount of Dues to pay per Ton with a depth at the mouth

## ART. II.

Steam vessels belonging to a public Company specially appropriated to the transport of passengers, and making periodical voyages according to a time-bill published beforehand, shall pay each time on leaving the river a fixed toll of fifty centimes per ton register, whether the lading is full or partial.

This due shall be calculated on the total tonnage of the vessel, after making a deduction for the space occupied by engines and coal bunkers.

The deduction shall amount to 37 per cent. for paddle-wheel steamers, and 32 per cent. for screw steamers.

It shall be effected only after the conversion of the vessel's tonnage into English register tons, as prescribed in Article XIII. following.

These vessels will be free from all dues on entering the river.

## ART. III.

All merchant steam vessels, other than those mentioned in the preceding Article, shall be subjected to the same dues as sailing vessels, with the exception of the deduction on account of engines and coals, which shall be equally effected upon their total tonnage, in accordance with the basis established in the preceding Article.

The amount of the fixed dues per ton register which these vessels will have to pay shall be regulated according as they ascend the river above Sulina or not, in conformity with the above Tables, after the deduction guaranteed therein by the first paragraph of the present Article.

## ART. IV.

Merchant vessels propelled either by sail or steam, other than those mentioned in Article II., which shall enter the port of Sulina from the sea, and which shall have, according to their manifest, more than a third of their lading, shall pay for entering the river the fourth part of the due imposed on them for the outward passage, according to the above Articles I. and III.

This entrance due shall not be paid by them until they leave the river.

Should, however, the said vessels leave the river with less than a third of their lading, they will in this case have to pay for their entrance the full amount of the dues fixed by Articles I. and III.

## ART. V.

Lighters chartered for the passage of the Sulina bar by vessels which shall have paid the dues fixed by the preceding Articles, shall pay for each passage made with a full or partial lading only the following tolls, namely:—

Lighters of 10 to 50 tons burden, six francs ;

Those of more than 50 tons burden, and not exceeding 100 tons, eight francs ;

And those of more than 100 tons burden twelve francs.

## ART. VI.

Vessels remaining at anchor in the Sulina roads to load or unload the whole or part of their cargo, shall not be subjected to the dues established by the preceding Articles. They shall only pay an uniform due of one hundred francs each

vessel, towards covering the expenses of the establishments from which they derive actual benefit.

Lighters chartered to transport across the mouth the cargo of the said vessels, shall pay for every passage across the bar with whole or partial lading, a fixed due of one franc per ton on their total tonnage.

Steam lighters shall be allowed the deduction on their tonnage mentioned in Article II. preceding, in calculating the dues they will have to pay.

## ART. VII.

Rafts and floats of timber not exceeding 100 feet English in length, by 40 feet English in breadth, shall pay, on leaving the river, if towed, a fixed due of 100 francs per raft.

This due shall be increased to 300 francs for every raft or float of timber not towed, of whatever dimensions it may be. And also for such rafts or floats as exceed 100 feet in length by 40 in breadth.

## ART. VIII.

Vessels of war are free of all dues both on entering and on leaving the port of Sulina.

## ART. IX.

Vessels of more than 60 tons register, which shall enter the port of Sulina and leave the same with less than a third of their full lading, and which are freed in consequence from the dues established by Articles I., III., and IV., preceding, will have to pay on leaving the river a toll of 50 centimes per ton for light and pilotage dues.

Sea-going vessels engaged temporarily in the lighter service will have to pay this same toll, independently of the due of one franc per ton mentioned in the second clause of Art. VI.

Sea-going vessels or lighters seeking shelter in the port of Sulina from bad weather, or putting in to repair damages, and those which shall be obliged, in consequence of any accident whatever, to take refuge in the port, and shall be unable to continue their voyage, shall be free from all dues, provided that they put to sea again without engaging in any mercantile transaction.

## ART. X.

The dues fixed by the preceding Articles shall comprise the tax imposed on vessels to cover the expenses of works and other improvements carried out by the European Commission.

The dues actually in force for the maintenance of the light-houses composing the system of lights for the Danube mouths, and the dues intended to cover the expenses of the pilot service for the Sulina entrance, and of the other establishments instituted with a view to facilitate the navigation.

In addition to these dues, vessels shall not be subject to any other tax or charge whatever, except for the hire of the river pilots for the down voyage, which they will have to pay in conformity with the following Article.

## ART. XI.

Sailing vessels of more than 60 tons register, which shall have ascended the river above the Sulina port, shall pay, on leaving the river for the compulsory pilotage of the down voyage, a fixed due regulated as follows :—

For the voyage from Galatz, or any other port higher up, to Sulina, 120 francs.

For the voyage from Reni or Ismail to Sulina, 100 francs, and for the voyage from Toultscha to Sulina 72 francs,—these dues shall be reduced by one-half for steamers.

The steamers mentioned in Art. 2 preceding, shall be free of this tax, provided that their pilots have been licensed as pilots of the 2d class.

As regards pilotage for ascending the river, which is purely optional, the amount to be paid to the pilot is to be a matter of arrangement between him and the captain of the vessel, from whom he is to receive the amount himself.

## ART. XII.

The due shall be paid over to the cashier of the Navigation Cash Office at Sulina, who will give a receipt for the same.

A table showing the conversion into francs of the monies in use on the Lower Danube shall be always posted up in the cash office. This table shall be revised periodically.

## ART. XIII.

By the term "ton register" shall be understood the English registered ton.

The tonnage of vessels shall be ascertained from the ship's papers.

The reduction of the tons of different Nations into English measurement, shall be made in accordance with the table annexed to the present tariff.

## ART. XIV.

Vessels entering the Danube without papers showing their tonnage, shall be submitted, with the sole view of fixing the navigation dues which they will be bound to pay in accordance with the present tariff, to an approximate assessment made under the direction of the Captain of the port, and with the assistance of the proper consular authorities, by two skilled persons.

The Cashier of the navigation chest shall have the option of assisting at the operation either personally or by a delegate.

A like proceeding shall take place if the ship's papers are notoriously incorrect, or if there is a dispute concerning the proportion of a vessel's lading, in the cases provided by the above Arts. I. and IV.

The assessment of tonnage in default of ship's papers shall be made at the expense of the vessel that gives rise to it. The same rule shall hold good if an assessment proves an excess of more than 50 tons above the capacity indicated by the ship's papers; or if it is proved, contrary to the declaration of the captain or owner, that the vessel has more than the third part of her full cargo. If the contrary be the case, the said expenses shall be charged to the navigation chest.

In any case these assessments shall be final, and can give rise to no appeal whatever.

## ART. XV.

The depths, according to which the dues fixed by the present tariff shall be determined, shall be taken on the bar of Sulina, in English feet.

The soundings shall be taken under the direction and responsibility of the engineer charged with the works of improvement at the river's mouth.

The result of these soundings shall be posted up at the Navigation Cash Office, and at the office of the Captain of the port.

If the state of the sea does not allow soundings to be taken, the amount of the dues to be levied shall be based on the last depth ascertained.

## ART. XVI.

Every vessel, float of timber, or raft, which shall attempt by any means whatever to evade payment (either wholly or partially) of the dues fixed by the present tariff, shall be liable, besides the dues which it will have to pay in accordance with the preceding provisions, to a fine equal to four times the amount of the dues.

If the tonnage indicated on the ship's papers appears to be fraudulent, a verification of the capacity of the vessel can be made, as prescribed by the above Article XIV.

The infliction of the fine will be pronounced by the Captain of the Port of Sulina.

Appeals against these judgments must be brought before the European Commission of the Danube, or before the International Authority, that will take its place.

The delay within which such appeals must be made, and the form of proceeding, shall be determined hereafter by special provisions.

The judgments pronounced by the Captain of the Port shall take effect notwithstanding an appeal; in which case the amount of fine shall be paid as a deposit into the navigation chest.

The amount of fines adjudged to be legal, shall accrue to the said chest, to be devoted to the maintenance of the Seaman's Hospital.

## ART. XVII.

The Commanders of vessels of war stationed at the mouth of the Danube, agreeably to Article XIX. of the Treaty of Paris, will be called upon to insist upon the payment of the dues fixed by the present tariff, and of the fines accruing under its stipulations, by vessels of their Nation, and of those whose flag they shall be authorized to protect, either in virtue of treaties or usages, or of a general or special delegation.

The assistance of the vessels of war shall be demanded, as a rule, through the intervention of the Captain of the Port of Sulina, on the requisition of the Cashier of the navigation chest.

In default of a vessel of war authorized to exercise a coercive action over an offending vessel, the Captain of the Port shall have recourse to the intervention of the Turkish ships of war stationed at Sulina.

## ART. XVIII.

The provisional tariff of 25th July 1860 is hereby abrogated, and the present tariff, which may be revised if necessary, shall come into force as soon as publication of the same has been made at the ports of Braïla, Galatz, Reni, Toultscha, Ismail, and Sulina.
