ADMIRALTY-OFFICE, JULY 22.

Copy of a Letter from Admiral Sir Hyde Parker, Commander in Chief of his Majesty's ships and vessels at Jamaica, to Evan Nepean, Esq. dated on board the Queen, in Port Royal harbour, the 18th of May 1800.

SIR,

I have the honour to transmit you copies of two letters, one from Captain Baker, of his Majesty's sloop Calypso, and the other from Captain Loring, of the Lark, which, in justice to the gallantry and good conduct of the officers and boats' crews therein mentioned, I am to request you will be pleased to lay before my Lords Commissioners of the Admiralty.

I am, Sir, &c.

H. PARKER.

SIR,

Calypso, Port Royal, April 21.

I have the honour to inform you, that on the 12th instant, at night, Cape Tiberoon bearing S. by E. distance four or five leagues, I dispatched Mr William Buckley, master of his Majesty's sloop under my command, in a six-oared cutter, with ten men, properly armed and provided, and a swivel in her bow, to cruise for two days under the Cape, with a view to intercept some of the small craft, which navigate in general within a mile of the shore.

In pursuance of this intention, on the 13th, at eleven P. M. they perceived a schooner becalmed under the land, and pulled immediately towards her; as the boat approached within hail she was desired to keep off, and upon their not complying a discharge of musquetry commenced upon them, under which they boarded, and after a short, but very smart conflict upon the schooner's deck, the gallantry of the attempt was rewarded by gaining a complete possession of her: she proved to be La Diligente French armed schooner,

Price Sixpence.

er, of about seventy tons, mounting six carriage guns, thirty stand of arms, and laden with coffee, having on board when she was captured thirty-nine men.

Of the boat's crew only one man was wounded, and seven dangerously on the side of the enemy.

The great disparity of numbers and force in this little enterprise places the very spirited conduct of Mr Buckley in so strong a light that it has left me nothing to say, but to express my hope, Sir, that it will recommend him to your notice.—I feel much pleasure in adding, that by his report he was most gallantly seconded by the few brave men under his orders.

I have the honour to be, Sir, &c. &c. &c.

J. BAKER.

Admiral Sir Hyde Parker, Knt.
&c. &c. &c.

His Majesty's Sloop Lark, off Saint Jago
de Cuba, March 20, 1800.

SIR,

On the 14th instant, observing a privateer in shore, I sent the boats, under the command of Lieutenant Lane, to bring her out. The enemy had taken an advantageous position of two heights forming the entrance of the bay, where the schooner was laying, and notwithstanding the gallant attack of Lieutenant Lane and his people the boats were repulsed and returned, he himself being shot through the heart.—The service in him has lost a brave and good officer.

Mr Pasley, the Junior Lieutenant, was landed with a party of men in a bay, at ten miles distance, to march round and attack the enemy in rear, whilst I went myself in the boats to repeat the attack in their front. On my arrival Mr Pasley had executed his orders with such expedition and judgment that he left

(B.)

me no other employment than that of being a satisfied spectator to the steady and good conduct of himself and his people. The vessel mounts two carriage guns, a great quantity of small arms, and is one of those which has so long infested the coast of Jamaica. I have destroyed her, that she may not again fall into the hands of the enemy.

I have the honour to be, Sir, &c. &c. &c.

J. W. LORING.

Admiral Sir Hyde Parker, Knt.
&c. &c. &c.

Capt. L. reports a French privateer and five other vessels to have been taken or destroyed by the Lark, between the 9th and 10th March.

Admiral Parker also transmits a list of one hundred and thirteen armed and merchant vessels captured, detained, or destroyed by his Majesty's ships and vessels under his command, from the 28th February to the 21st May. The armed vessels are from four to 16 guns. Of the merchant vessels many have valuable cargoes.

ADMIRALTY-OFFICE, JULY 22. 1800.

Copy of a Letter from Admiral the Earl of St Vincent, K. B. to Mr Nepean, dated on board the Ville de Paris, at Sea, 14th July 1800.

SIR,

I herewith transmit, for the information of the Lords Commissioners of the Admiralty, a letter with its several inclosures, which I have received from Rear-Admiral Sir John Borlase Warren, giving an account of an attack made by the boats of his Majesty's ships under his orders on a convoy near the island of Noirmontier, of which I highly approve, and of the spirited conduct shewn on the whole occasion.

I am, Sir, &c. &c. &c.

ST VINCENT.

Renown, Bourneuf-Bay
July 2. 1800.

MY LORD,

I beg leave to inform your Lordship, that, having received information that a ship of war with a large convoy of the enemy were laying within the island of Noirmontier, which had assembled there from Sable d'Olonne destined for Brest, I judged the destruction thereof might be of great consequence to his Majesty's service; I anchored therefore with his Majesty's ships named in the margin * on the 1st instant, in the Bay of Bourneuf, and directed the boats of the Squadron to follow Captain Martin's orders for their further proceedings, and I take the liberty of referring your Lordship to the enclosed letter for a particular account of the transactions on the 1st and 2d instant.

Although owing to an accident a part of the men have been made prisoners, and four wounded in their retreat upon this occasion, yet, from the loss the enemy has sustained I hope the enterprise will meet your Lordship's approbation, as well as the gallantry and presence of mind displayed by Lieutenant Burke upon the above critical service, with the zeal and bravery of the several officers and men employed under him, and I trust will recommend them to your Lordship's notice and protection.

I have the honour to remain, &c.

J. B. WARREN.

* Renown, Defence, Fisgard, Lord Nelson (cutter).

SIR, Fisgard, at anchor, in Bourneuf Bay, July 2.

I beg to inform you the boats of the ships named in the margin * were formed into three divisions yesterday evening, under the directions of Lieut. Burke, to attack the armed vessels and convoy laying within the sands, in Bourneuf Bay, moored in a strong position of defence, and under the protection of six heavy batteries at the south east part of Noirmontier,

besides flanking guns on every projecting point. At twelve o'clock, after much resistance and considerable loss on the part of the enemy, we had possession of La Terefe, four armed vessels, and fifteen sail of merchantmen, the whole of which were burnt on finding it impossible to bring them out; and this essential service would have been accomplished in the most satisfactory manner if the boats, in returning, could have found a passage over the sand banks; but unfortunately they took the ground, and in less than ten minutes were perfectly dry, at the same time exposed to a continual fire from the forts and 400 French soldiers formed in the rear; but, in opposition to this, they determined to attack other vessels of the enemy, and secure one sufficiently large to receive all the party, which they did; and with great intrepidity, exertion, and strength, drew her upwards of two miles over the sands, until they were up to their neck in water, before she would float; but I am sorry to add, that four officers and eighty-eight of the valuable men employed in this glorious enterprise are prisoners, though from every report there are only a few wounded.

I sincerely congratulate you on having succeeded with so little loss in this important service, all the vessels being laden with corn and valuable cargoes, much wanted for the fleets in Brest; and I am sure you will be highly gratified with the gallantry and uncommon perseverance manifested by the officers and men upon this occasion.

I have the honour to be, &c.

T. B. MARTIN.
