FRIDAY, OCTOBER 21, 1864.

At the Court at Windsor, the 9th day of July 1864.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS there was this day read at the Board a Memorial from the Right Honourable the Lords Commissioners of the Admiralty, dated the twenty-second day of June one thousand eight hundred and sixty-four, in the words following, viz. :—

“Under the regulations established by your Majesty's Order in Council of the twenty-fifth day of July one thousand eight hundred and sixty-one, for the governance of the Royal Naval Service, the Flag Officers of the Fleet, whether Admirals, Vice-Admirals, or Rear-Admirals, are classed in squadrons of the Red, White, and Blue, and are (with the exception of the Admiral of the Fleet,) authorised to fly their flags of the colour of the squadron to which they belong; this regulation necessitating the adoption of ensign and pendants of a corresponding colour in every ship and vessel employed under their orders; each vessel is therefore supplied with three sets of colours; and the frequent alterations that have to be made when the Fleet is distributed as at present, under the orders of many Flag Officers, is attended with much inconvenience from the uncertainty and expense which the system entails.

“The increased number and size of merchant steam-ships render it a matter of importance to distinguish, on all occasions, men of war from private ships, by a distinctive flag; the latter vessels bearing at present the same red ensign as your Majesty's ships when employed under an Admiral of the Red Squadron. It also appears to us to be desirable to grant (under such conditions as we may from time to time impose,) the use of a distinguishing flag to such ships of the merchant service as may be employed in the public service, or whose commanding officer (with a given portion of the crew) may belong to the Royal Naval Reserve. We therefore most humbly submit that your Majesty may be pleased, by your Order in Council, to prescribe the discontinuance of the division of Flag Officers into the Red, White, and Blue Squadrons, and to order and direct that the white ensign, with its broad and narrow pendants, be henceforward established and recognised as the colours of the Royal Naval Service, reserving the

use of the red and blue colours for such special occasions as may appear to us, or to Officers in command of Fleets and Squadrons, to require their adoption; the white flag with a red St George's cross to be borne by Admirals, Vice-Admirals, and Rear-Admirals, on their respective masts; Commodores of the First Class to carry a white broad pendant with the red cross at the main-top-gallant mast head; Commodores of the Second Class a similar broad pendant at the fore-top-gallant mast head; and Senior Officers, when two or more vessels are present, to bear the broad pendant at the mizen-top-gallant mast head. The blue ensign and Union-jack with a white border, to be carried by all vessels employed in the service of any public office; by vessels employed under the Transport Department and the Civil Departments of the Navy (with the seal or badge of the Office to which they belong, as at present); and, under our permission, by ships commanded by Officers of the Royal Naval Reserve Force, and fulfilling in other respects the conditions required to entitle them to the privilege. The red ensign and Union-jack with a white border, continuing as at present the National colours for all other British ships, with such exceptions in favour of yachts and other vessels as we may from time to time authorize to bear distinguishing flags.”

Her Majesty having taken the said Memorial into consideration, was pleased, by and with the advice of Her Privy Council, to approve of what is therein proposed; and the Right Honourable the Lords Commissioners of the Admiralty are to give the necessary directions herein accordingly.

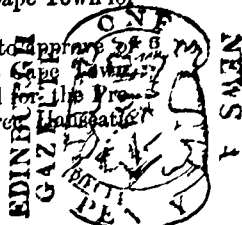

EDMUND HARRISON.

TREASURY WARRANT.

WHEREAS by an Act of Parliament passed in the fourth year of the reign of Her Majesty, chapter 96, for the regulation of the duties of postage, certain scales of weight and rates of postage were fixed and made chargeable and payable upon, for, or in respect of letters, newspapers, parliamentary proceedings, and printed papers, transmitted and forwarded by the post, and various regulations were made for facilitating the transmission of such letters and papers by the post, and by the same Act powers were given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any of the rates of postage therein mentioned.

And whereas further powers were given to the Commissioners of Her Majesty's Treasury by another Act of Parliament passed in the eleventh year of the reign of Her Majesty, chapter 85, for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post-office.

And whereas it is expedient to authorise the transmission by the post between the United Kingdom and Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland, of certain packets, and for that purpose to make certain regulations in the manner hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to us in and by the said hereinbefore-recited Acts of Parliament, and every of them, and of all other powers enabling us in this behalf, do, by this Warrant, under the hands of two of us, the said Commissioners, by the authority of the Statute in that case made and provided, order and direct as follows, that is to say:—

1. All packets consisting of patterns or samples of merchandise of no intrinsic value, posted in any part of the United Kingdom, addressed to any part of Nova Scotia, New Brunswick, Prince Edward Island, or Newfoundland, or posted in any part of Nova Scotia, New Brunswick, Prince Edward Island, or Newfoundland, addressed to any part of the United Kingdom, may be transmitted by the post between the United Kingdom and Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland, the sea conveyance being by British or Colonial packet-boat, subject to the several rates of postage, and to the several orders, directions, regulations, and restrictions hereinafter mentioned and contained, (that is to say):—

On every such packet, if not exceeding four ounces in weight, there shall be charged, taken, and paid, an uniform single rate of postage (British and Colonial combined) of threepence;

And on every such packet, if exceeding four ounces and not exceeding one half of a pound in weight, there shall be charged, taken, and paid, two rates of postage;

And on every such packet, if exceeding one half of a pound and not exceeding one pound in weight, there shall be charged, taken, and paid, four rates of postage;

And on every such packet, if exceeding one pound and not exceeding one pound and one half of another pound in weight, there shall be charged, taken, and paid, six rates of postage;

And on every such packet, if exceeding one pound and one half of another pound, and not exceeding two pounds in weight, there shall be charged, taken, and paid, eight rates of postage ;

And for every additional half of a pound in weight of any such packet above the weight of two pounds, there shall be charged, taken, and paid, two additional rates of postage, and every fractional part of such additional half of a pound in weight shall be charged as an additional half of a pound in weight, and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such packet would be charged with under this Warrant if not exceeding four ounces in weight.

2. No such packet which, in length or breadth or depth, shall exceed the dimensions of two feet, shall be transmitted by the post under the provisions of this Warrant.

3. No pattern or sample, being of any intrinsic value, or being an article or thing of a saleable nature, or having a value of its own apart from its mere use as a pattern or sample, shall be transmitted by the post under the provisions of this Warrant.

4. There shall be no enclosure, sealed or otherwise closed against inspection, nor any other enclosure not authorised by this Warrant, sent in or with any such packet.

5. There shall be no writing or printing in or upon any such packet, or on the cover thereof, except the address of the person for whom it is intended, the address of the sender thereof, a trade mark, and numbers and prices.

6. All such packets shall be sent in covers open at the ends, so as to be easy of examination : Nevertheless, samples of seeds, drugs, and such other articles and things as cannot be sent in open covers, may be inclosed in bags of linen or of other material ; but bags so closed that they cannot be readily opened, even although they be transparent, shall not be used for that purpose.

7. If any packet sent, or tendered or delivered in order to be sent by post, under the provisions of this Warrant, shall in length or breadth or depth, exceed the dimensions of two feet, or shall consist wholly of patterns or samples of any intrinsic value, as in the third clause of this Warrant mentioned, or if there shall be any writing or printing in or upon any such packet, or on the cover thereof, except the address of the person for whom it is intended, the address of the sender thereof, a trade mark, and numbers and prices, or if any such packets shall not be sent in covers open at the ends, so as to be easy of examination (except samples of seeds, drugs, and such other articles and things as cannot be sent in open covers, and which may be inclosed in bags of linen or of other material), or in case of bags being used, if such bags shall be so closed that they cannot be readily opened, every such packet shall be chargeable, and shall be treated in all respects as a letter.

8. If any packet sent, or tendered or delivered in order to be sent by the post, under the provisions of this Warrant, shall contain any enclosure, sealed or otherwise closed against inspection, or any other enclosure not authorised by this Warrant, every such enclosure may be taken out by any officer of the Post-office, and either returned or given up to the sender thereof, or be forwarded to the address on the packet, charged not only

with the full rates of postage as an unpaid letter, but also with a further and additional rate of threepence, and the remainder of the packet, if duly prepaid by stamps, may be forwarded to the place of its address without any extra charge.

9. The postage of all such packets as aforesaid, posted in the United Kingdom, shall in every case be paid at the time of the same being posted, not in money, but by being duly stamped with the proper postage stamp or stamps affixed thereto, which stamp or stamps shall in every case be affixed or appear on the outside of every such packet, near the address or direction, and shall be of the value or amount of the postage duty payable thereon under or by virtue of this Warrant.

10. The postage of all such packets as aforesaid, posted in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland, shall in every case be paid at the time of the same being posted, either in money or by the proper colonial postage stamp or stamps being affixed thereto.

11. If any packet sent, or tendered or delivered in order to be sent by the post, under the provisions of this Warrant, shall be posted in the United Kingdom, having thereon or affixed thereto a stamp or stamps the value of which shall be less in amount than the rate of postage to which such packet would be liable under and by virtue of this Warrant, but equal in amount to the sum of threepence, every such last-mentioned packet shall be forwarded charged with the amount of the difference between the value of such stamp or stamps so being thereon or affixed thereto, and the postage to which such packet would be liable as aforesaid, together with a further and additional rate of postage of threepence ; but if any such packet shall be posted in the United Kingdom having thereon or affixed thereto a postage stamp or stamps the value of which shall be less in amount than the sum of threepence, or shall be posted in the United Kingdom without having thereon or affixed thereto any postage stamp, every such respective packet shall be forwarded, charged with a postage of double the amount of postage to which it would have been liable under and by virtue of this Warrant if the postage had been paid by stamps when posted.

12. If any packet sent, or tendered or delivered in order to be sent by the post, under the provisions of this Warrant, shall be posted in Nova Scotia, New Brunswick, Prince Edward Island, or Newfoundland, and the postage paid thereon at the time of the same being posted shall be less in amount than the rate of postage to which such packet would be liable under and by virtue of this Warrant, but equal in amount to the sum of threepence, every such last-mentioned packet shall be forwarded, charged with the amount of the difference between the postage so paid thereon and the postage to which such packet would be liable as aforesaid, together with a further and additional rate of postage of threepence ; but if any such packet shall be posted in Nova Scotia, New Brunswick, Prince Edward Island, or Newfoundland, without any postage having been paid thereon, or with a postage paid thereon less in amount than the sum of threepence, every such respective packet shall be forwarded, charged with a postage of double the amount of postage to which it would have been liable under and by virtue of this Warrant if the postage had been paid when posted.

13. In order to prevent any obstacles to the due and regular transmission of letters by the post, any

officer of the Post-office may delay the transmission of any packet posted or forwarded by the post under the provisions of this Warrant, either for the space of twenty-four hours after the time at which the same ought to be despatched in due course of the post, or (at his option) until the despatch of the mail next after that by which the same ought in due course of the post to be forwarded by him.

14. In all cases in which any question shall hereafter arise whether any packet, or any pattern or sample contained therein, transmitted under or by virtue of this Warrant, is entitled to the privileges of this Warrant, and to be so transmitted within the intent and meaning thereof, such question shall be referred to the determination of the Postmaster-General, whose decision thereupon shall be final and conclusive upon all parties.

15. The several terms and expressions used in this Warrant shall be construed to have the like meaning, in all respects, as they would have had if

inserted in the said Act passed in the fourth year of the reign of Her Majesty, chapter 96.

16. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands duly made, at any time hereafter alter, repeal, revoke, or modify any of the rates of postage hereby fixed, or any of the regulations hereby made, and may make and establish any new or other rates or regulations in lieu thereof, and from time to time may appoint at what time the rates that may be payable are to be paid.

17. This Warrant shall come into operation on the first day of November one thousand eight hundred and sixty-four.

Whitehall, Treasury-Chambers, the fifteenth day of October one thousand eight hundred and sixty-four.
