The Corporation of the Trinity House, London, has given notice that, from the 1st day of September 1867, the following alteration will take place in the Low light at Spurn Point, entrance of the Humber river:—

The light will be coloured *red*, visible from seaward between the bearings N.W. by N. (cutting 2 cables N.E. of the Sand Hayle buoy), round Northerly to S.E. by E.  $\frac{1}{4}$  E., on which latter bearing it will cut one cable North of Grimsby pier.

Two *red* lights are exhibited at the north part of the town, bearing from each other N.N.W. and S.S.E.

These lights, in a line bearing N.N.W., will lead vessels in the direction of the harbour, clear of the Mixen; care being taken not to open the higher light to the left, or westward, of the lower.

Vessels should proceed with these red lights in one, until two *green* lights, placed on the North Pier, are brought in a line, bearing W.  $\frac{3}{4}$  S., which is the leading mark in, until within 50 or 60 yards of the East light, then keep mid-channel up the harbour.
