WHITEHALL, July 9, 1868.

THE following Addresses of Congratulation to the Queen, in reference to the atrocious attempt upon the life of His Royal Highness the Duke of Edinburgh, having been transmitted to the Right Honourable Gathorne Hardy, Her Majesty's Principal Secretary of State for the Home Department, for presentation, have accordingly been presented by him to Her Majesty, who has been pleased to receive the same very graciously :—

An humble and dutiful Address of Sympathy and Congratulation from the Presbytery of Stirling to Her Majesty The QUEEN.

WE, your Majesty's loving and faithful subjects, Ministers of the Church of Scotland and Members of the Presbytery of Stirling, beg to have the privilege of expressing our deep feelings of loyalty and attachment to your Majesty's Person, Throne, and Government.

We have heard with indignation and pain of the late attempt made upon the life of your beloved Son, His Royal Highness the Duke of Edinburgh, and desire with all your Majesty's attached subjects to express our heartfelt sympathy with your Majesty in the distress and anxiety which that cruel outrage must have occasioned you.

We join together in thanksgiving to our merciful Father in Heaven who so graciously shielded and delivered the precious life that was threatened, and in prayers that His Royal Highness may be long spared to his family and to the nation.

Our earnest prayer to God is that it would please Him to make your Majesty's reign, which has conferred so many blessings upon the country, long and prosperous.

In name of the Presbytery of Stirling,
GEO. ALEXANDER, Moderator.

This Address unanimously adopted by the Presbytery of Stirling, June 24, 1868.

And the following on the same subject ; from The Presbytery of Garioch.

WINDSOR CASTLE, July 7, 1868.

The Queen was this day pleased to confer the honour of Knighthood on Thomas Tilson, Esq., of Clapham Park.

Board of Trade, Whitehall,
July 9, 1868.

The Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, a Despatch from Her Majesty's Ambassador at St Petersburg, inclosing an extract from the "Journal de St Pétersbourg," of the 4th ultimo, relative to the alterations in the Customs' laws respecting the production of bills of lading at Cronstadt and St Petersburg, of which the following is a translation :—

1. The production of bills of lading has been suppressed at the Custom-house of St Petersburg, together with the formalities attending it.
2. Instead of the bills of lading at present demanded from masters of vessels on arriving in harbour, they will only be required to produce their manifests, made out in their own country and their own language, and these shall serve as the basis for drawing up the detailed account of their freight.
3. Under exceptional circumstances, however, when the vessel shall not be provided with a manifest, the regulations at present in force with regard to the production of bills of lading shall be applicable.

INDIA OFFICE, July 8, 1868.

The following further Despatches have been received from Lieutenant-General Sir Robert Napier, G.C.B., G.C.S.I., lately commanding the Abyssinian Expeditionary Force :—

*Board of Trade, Whitehall,
July 9, 1868.*

The Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, a copy of a Despatch from the British Commissioner of the European Commission of the Danube, inclosing the subjoined translations of—

- (1.) The Police Regulations to be observed in the interest of the Works of Improvement on the Lower Danube.
- (2.) The New Provisions relative to Pilotage on the Lower Danube.
- And (3.) The New Provisions concerning the Lighter Service.

EUROPEAN COMMISSION OF THE DANUBE.

POLICE REGULATIONS to be observed in the interest of the Works of Improvement on the Lower Danube.

THE European Commission of the Danube,—

Considering that frequent damage is caused to its works and to its plant by vessels navigating between Isaktcha and Sulina, especially by steam vessels, the circulation of which becomes more and more active ;

And considering Article 112 of the Regulation of Police and Navigation annexed to the Public Act, signed at Galatz on the 2d of November 1865,

Enacts the following provisions :—

Art. 1.

The precautionary rules prescribed by Article 25 of the Regulation of Navigation and Police, under date of 2d of November 1865, to the captains or masters of the vessels, floats of timber, or rafts, navigating or stationary on the Lower Danube, below Isaktcha, apply specially to the floating plant employed on the works of improvement of the river and of its mouths, as well as to the works of every kind, such as piers, jetties, groynes, quays, constructed or to be constructed by the European Commission, and to the buoys and other signals placed by it on the river or on its banks.

Art. 2.

The captains or masters of vessels, floats of timber, or rafts, are equally bound to take the precautions necessary for impeding as little as possible the works in course of execution, especially the dredging operations, and the construction of the works undertaken or to be undertaken in the Sulina branch, and at its mouth.

To this end the captains of all steam vessels are bound to slacken their speed, as much as they can do so without danger to their own vessels, or to the vessels towed by them, when they are traversing a section of the river on which dredging or other works are in course of execution, and that as long as they are between the signal posts placed on the banks above and below the site of the works.

Art. 3.

When the steam dredgers are employed in the Sulina Branch, or at the Tchatal of St George during the night, the passage of the channel, where the dredging operations and discharge of stuff dredged are being carried on, is forbidden,

except in the case hereinafter mentioned, to all sailing and steam vessels, rafts, or floats of timber, from seven o'clock in the evening till five o'clock in the morning.

This prohibition does not extend to packet-boats making periodical voyages, and engaged in the Mail Service, except, however, in the case of special necessity, when passage by night can be forbidden absolutely by a simple notice which the Commission will cause to be published to this effect.

Art. 4.

Every offence against the provisions of the preceding Articles is punished by a fine of fifty francs (£2) at least, or of 500 francs (£20) at most.

Art. 5.

When an offence committed against the preceding provisions, or one of the offences provided for and punished by Article 99 of the Regulation of Navigation and Police of the 2d of November 1865, above quoted, is accompanied or followed by any injury or damage whatsoever occasioned by the offending vessel, float of timber, or raft, to the works of the European Commission of the Danube, to its floating plant, or to any other of its properties, the fine incurred by the offending party, is of 250 francs (£10) at least, and of 2,500 francs (£100) at most.

Art. 6.

The infliction of the penalties enacted by the preceding 4th and 5th Articles, is pronounced by the Captain of the Port of Sulina, or by the Inspector-General of the Navigation.

It is regulated in general, and in particular for what concerns appeals, by the provisions of Chapter II. of Part VI. of the Regulation of Navigation and Police of the 2d of November 1865.

Art. 7.

The present provisions shall be immediately published, and shall enter in force on the 15th of May next.

Done at Galatz the 21st of April 1868.

EUROPEAN COMMISSION OF THE DANUBE.

NEW PROVISIONS relative to pilotage on the Lower Danube.

THE European Commission of the Danube,—

Considering the 112th Article of the Regulation of Navigation and Police applicable to the Lower Danube, dated the 2d November 1865 ;

Whereas, in consequence of the works executed at the mouth and in the branch of the Sulina, the vessels which ascend the river are in general of a larger burden than formerly, and require, for that reason, more care and knowledge on the part of the pilots entrusted with the direction of them ;

Whereas, in the assessment of the pilotage dues for the navigation down-stream, the tariff now in force establishes no distinction between large and small vessels, and that thus the river pilots are no longer remunerated in proportion with the services rendered ;

Whereas, on the other hand, the power of obtaining a river pilot's licence implicitly granted by the Regulation of Navigation and Police of the 2d November 1865, to the pilots who do not exercise their calling exclusively on the Lower Danube, becomes more inconvenient in

proportion as the employment of vessels of considerable size increases the difficulties of pilotage in the narrow channels of the Sulina Branch ;

And in order to determine the extent of the responsibility which falls upon the river pilots in piloting vessels ;

Enacts the following provisions :—

Art. 1.

The second paragraph of Article 69 of the Regulation of Navigation and Police annexed to the Public Act relating to the Navigation of the Mouths of the Danube, under date of the 2d November 1865, is repealed, and replaced by the following provision :—

“ The licence of pilot is delivered by the Captain of the port, and must receive his visa every year ; it ceases to be valid if the annual visa is wanting.”

Art. 2.

Articles 75 and 78 of the said Regulation are also repealed, and replaced by the following provisions :—

“ Art. 75. — Independently of the corps of pilots charged with piloting vessels in the channel of the Sulina Mouth, and acting under the direction of the Captain of the port, there is a special service of pilots likewise licensed for merchant vessels navigating the river between Sulina and Ibraila.

“ The corps of river pilots is placed under the authority of the Inspector-General of the navigation, by whom the licence of pilot is delivered.

“ This licence must each year receive the visa of the Inspector-General, and ceases to be valid if the accomplishment of this formality is wanting.

“ The pilotage service is directed by a chief pilot, who is bound to have three offices, at Galatz, at Ibraila, and at Toultscha, and by a deputy chief pilot residing at Sulina.

“ The licensed pilots of the river service alone have authority to pilot vessels during their navigation between Sulina and Ibraila, as well ascending as descending, but they are forbidden, excepting those of the steam packets making periodical voyages, to pilot them in the channel of the Sulina mouth, or in any part of their sea voyage.

“ Art. 78.—Captains will arrange with the river pilots the sum to be paid the latter for the pilotage up-stream. In case of dispute, however, on this point, the port authorities will not admit any claim on the part of pilots for a higher rate of wages than six francs a day for the voyage, in addition to subsistence on board, for the pilotage of a sailing vessel. These wages may be raised to a maximum of one hundred francs a day for the pilots of steam vessels.

“ With regard to the compulsory pilotage of the voyage down-stream, its dues are fixed as follows, for sailing vessels :

“ For the passage from Galatz, or from a port situated above this point, to Sulina, fifty centimes per register ton ;

“ For the passage from Reni or Ismail to Sulina, forty centimes per ton ;

“ For the passage from Toultscha to Sulina, thirty centimes per ton.

“ Steam vessels pay only the half of these dues, and those who make their voyages between the ports of the Danube and the ports of the Black Sea or of the Bosphorus, may be freed

from them provided that the ship's pilot is furnished with a licence as river pilot.

“ The chief pilot of the river service deducts two centimes per ton from the amount of the due paid by each sailing vessel, and one centime per ton on the due paid by steam vessels ; the rest of the due accrues to the pilot.

“ These dues are paid into the hands of the Cashier of the Navigation Chest at Sulina, who alone can give a valid receipt for them ; it is allowable, however, to the captain of the vessel piloted, to pay directly to his pilot the half of the due as an advance.

“ The calculation of the tonnage for the payment of the pilotage due is worked out according to the rules laid down by the Tariff of Navigation Dues of the 2d November 1865.”

Art. 3.

The second paragraph of Article 80 of the above-mentioned regulation of the 2d November 1865, is repealed, and replaced by the following provision :—

“ They are forbidden to have any interest, either directly or indirectly, in any operation or contract connected with Lighters, the object of which is to get afloat a vessel aground, except in the case where the operation has been undertaken by the job for the whole duration of the voyage.”

Art. 4.

At the beginning of Article 81 of the same regulation, is inserted an additional provision, thus worded :—

“ The Captain who has taken on board a licensed River Pilot does not, even in the case where the Pilotage is compulsory, remain the less responsible for the observance of the Regulations of Navigation and Police in force upon the Lower Danube, and especially of Articles 25 and 37 of the present regulation.

“ The responsibility of the Pilot is limited to the indication of the navigable channels and of the particulars of the River Navigation. Consequently, the Captain who abandons to his Pilot the direction of his vessel, does so upon his own responsibility.”

Art. 5.

Between the second and third paragraphs of Article 101 of the aforesaid Regulation of Navigation and Police, is inserted a new paragraph, thus worded :—

“ Every Pilot of the River Service who offends against the provisions of the last paragraph of the above Article 75, by piloting a vessel in the Channel of the Sulina mouth, or in the sea, is punished with a fine of 100 francs (£4) at least, or of 500 francs (£20) at most. The same penalty is applicable to the Captain who has his vessel piloted in the Danube between Sulina and Ibraila, by a Pilot who does not belong to the Corps of River Pilots.”

Art. 6.

Article 12 of the Tariff of Navigation Dues of the 2d November 1865, is repealed, inasmuch as it is contrary to the provisions of the new Article 78 herein above.

Art. 7.

The present provisions will enter in force on the 1st of June 1868.

Done at Galatz the 16th of April 1868.

EUROPEAN COMMISSION OF THE
DANUBE.NEW PROVISIONS concerning the Lighter
Service.

THE European Commission of the Danube,—

Whereas, the provisions of Part V. of the Regulation of Navigation and Police, under date of the 2d November 1865, which rule at present the Lighter Service, have been drawn up especially in view of the operations which are carried on at the mouth of the river ;

Whereas, at the present time, on the contrary, lighters are employed principally for the passage of the shoals of the Sulina Branch, or for the conveyance of cargoes destined for sea-going vessels which do not ascend the river ;

Whereas, moreover, the number of licensed lighters, subject to the disciplinary superintendance of the Inspector-General of the Navigation has diminished to a considerable extent ; and whereas, consequently, sea-going vessels of low tonnage are employed in greater numbers than formerly to act temporarily as lighters ;

Whereas, those vessels being subject neither to the constraint of being visited and measured every year, nor to that of giving pledges for good conduct, offer less security to commerce than the licensed lighters ; and whereas more frequent abuses, committed to the detriment of the lightened cargoes, have been made known to the Commission ;

Whereas, it thus appears that the provisions in force concerning the Lighter Service no longer correspond with the exigencies of the Danubian Navigation in so far as they have been modified by the effect of the works executed at the Sulina Mouth ;

And considering Article 112 of the above-quoted Regulation of Navigation and Police of the 2d November 1865 ;

Enacts the following provisions :—

Art. 1.

Articles 82 to 93, both inclusive, of the Regulation of Navigation and Police annexed to the Public Act relating to the Navigation of the Mouths of the Danube, under date of the 2d November 1865, forming Chapters 1, 2, and 3 of Part V. of the aforesaid Regulation, are repealed, and replaced by the following Articles :—

“ PART V.

“ *The Lighter Service.*

“ CHAPTER 1.

“ *General Rules.*

“ Art. 82.—Lighterage operations are divided into two classes :

“ 1st. Local lighterage effected by a sea-going vessel, which, in order to cross the Sulina Bar (either on entering or on leaving the river), or a shoal in the interior, discharges the whole or part of its cargo into a smaller vessel in order to re-ship it after having cleared the obstacle ;

“ 2d. Coasting lighterage performed by sailing vessels, or by steam vessels and towing lighters, which take a cargo in a port of the Danube and consign it to a sea-going vessel anchored in the port or on the roadstead of Sulina.

“ Art. 83.—No one can undertake lighterage operations without having previously entered, at

the Office of the Inspector-General of the Navigation at Toultscha, the vessels intended to act as lighters, or without having provided himself, for each vessel, with a licence delivered by the Inspector-General, and which must always be forthcoming on board.

“ Before delivering the licence the Inspector-General causes the vessels intended to act as lighters to be visited by a commission which judges whether they are in good condition, and ascertains at the same time their capacity in register tons and their burden in imperial quarters.

“ The licensed lighters are bound to submit themselves every year to a fresh visit, the period of which is fixed by the Inspector-General ; if the result of the examination is deemed satisfactory, the Inspector-General notes it on the licence of the lighter ; in the contrary case, the licence is withdrawn until the necessary repairs have been made.

“ Art. 84.—Vessels provided with regular ship's papers can be temporarily employed for lightening other vessels, upon condition that the captains make for each operation a special declaration to the Inspector-General of the Navigation, if the lighterage is to be effected over the shoals of the Sulina Branch, or to the Captain of the Port of Sulina if the lighterage is for the passage of the Mouth. This declaration is accompanied by the deposit of all the papers of the vessel intended to act as a lighter, except the muster-roll of the crew.

“ If the vessel employed as a lighter has entered the river with more than a third of her cargo, the dues owing for entry become demandable immediately after the first lighterage operation.

“ No vessel, however, not entered as a lighter, can be employed in this capacity during more than four consecutive months from the first operation, except after fulfilling the formalities prescribed by Article 83.

“ Art. 85.—Every master of a licensed lighter is compelled to deposit 600 francs (£24), which is paid into the Navigation Chest at Sulina. This deposit may be replaced by the liable security of a person well-known to be solvent, resident in one of the ports of the Lower Danube.

“ The licence cannot be delivered by the Inspector-General before the deposit has been made, or the security accepted.

“ The deposit cannot be returned or the security discharged as long as the vessel continues to act as a lighter. This deposit may be appropriated to the payment of the pecuniary fines pronounced against the Master of the lighter, and in this case the licence is withdrawn from the vessel until the deposit has been renewed entirely.

“ Art. 86.—Licensed lighters, as well as vessels temporarily employed as lighters, are bound to have the muster-roll of their crews in order, and to present it, whenever required, to the Inspector-General of the Navigation, to the Captain of the Port of Sulina, and to the agents placed under the orders of these latter.

“ Licensed lighters are bound, moreover, to bear the number of their licence ; and vessels employed temporarily as lighters the number of the last stamp affixed to the roll of their crew, in execution of Article 17 of the present regulation. These numbers must be marked in white paint on each side of the bows, in Arab figures, one foot in height.

" CHAPTER 2.

" Local Lighterage Operations.

" Art. 87.—The superintendance of lighterage operations which take place on the river, is exercised by the Inspector-General of Navigation, or by his agents; and that operations which take place at the mouth of the river, by the Captain of the Port of Sulina.

" Art. 88.—When a sea-going vessel discharges the whole or part of her cargo on board of lighters, the captain is bound to place on board of each of them a guard of his own choosing.

" For operations of local lighterage accomplished in the internal course of the river, the lighters must, unless they are towed, navigate in company with the lightened vessels, and may not quit them, except under circumstances beyond their control, before having returned to them the whole of the lightened merchandise.

" On their part, the captains of lightened vessels are bound, before putting to sea, to pay to the masters of their lighters the freight agreed upon.

" Art. 89.—In the case of lighterage at the mouth of the river by vessels putting to sea, the lighters leave the port at the same time as the lightened vessels; but if a vessel employs several lighters, the Captain of the Port regulates their departure, so that the latter have not to remain too long on the roadstead before they can effect the re-loading.

" In no case, whether the vessel to be lightened be leaving the Port, or entering it from the sea, or remaining anchored on the roadstead, can the lighters go out of Sulina harbour without a permit to pass from the Captain of the Port; this permit to pass is presented to the Guard-boat stationed at the mouth, in conformity with Article 16 of the present Regulation.

" Art. 90. Licensed lighters, and vessels having acted as lighters, which ascend the river, or re-enter the Port of Sulina after having lightened a sea-going vessel, may be visited by the agents of the Inspector-General of the Navigation, or of the Captain of the Port of Sulina.

" The masters of lighters are consequently bound to open the hold and the cabins of their vessels, whenever required to do so by the said agents.

" CHAPTER 3.

" Coasting Lighterage Operations.

" Act. 91.—The operations of coasting lighterage may be carried on by all steam-vessels, towing-lighters, sailing-vessels, or lighters provided with regular papers, on condition that the captains or masters procure for each voyage, from the Consular or competent local authorities of the ports in which they take their cargo, a certificate making known the object of the operation, and the quantity of merchandise embarked.

" This certificate must be produced in the course of the voyage, whenever required by the Inspector-General or his agents.

" Art. 92. Immediately upon the arrival of a vessel carrying on coasting lighterage in the Port of Sulina, the master is bound to repair to the office of the Captain of the Port, and to present there the certificate prescribed by the preceding Article.

" If the vessel discharges the whole of her cargo in the port of Sulina she moors alongside the sea-

receive the merchandise, until after having entirely

be discharged, wholly or in part, at the Port of Sulina, the master of the vessel is bound to produce the certificate prescribed by Article 92, and to present it to the Captain of the Port, who delivers it to the agents, necessary for going out

of the Port, according to the provisions of Articles, 86, 89, and 90, are likewise applicable to vessels which perform the Coasting Lighterage Service.

" However, steam-vessels and towing lighters are not subject to the constraint of allowing themselves to be visited, conformably with Article 90, unless one of the parties demand it, or in case of suspicion of fraud."

Art. 2.

The period of twelve days fixed by Article 95 of the said Regulation of Navigation and Police of the 2d of November 1865 is reduced to six days.

Art. 3.

Article 97 of the same Regulation of Navigation and Police is repealed, and is replaced by the following provision :—

" If it is proved that a larceny has been committed upon the cargo placed on board of a licensed lighter, the licence of the vessel is withdrawn for three months at least, without prejudice to the application to the Captain or Master of the vessel of the fine appointed by the third paragraph of Article 102 of the present Regulation, or to the criminal proceedings belonging to the competent authorities."

Art. 4.

Article 102 of the aforesaid Regulations is repealed, and replaced by the following provisions :—

" Offences against the provisions of the first paragraph of Article 83, and against those of the above Articles 84, 90, and 91, are punished with a fine of 100 francs (£4) at least, and of 200 francs (£8) at most.

" Every offence against the provisions of the third paragraph of Article 83, against those of Article 86, and of the first paragraph of Article 88, and against those of Article 89, and of the first paragraph of Article 92, is punished with a fine of 60 francs at least, and of 120 francs at most.

" Every offence against the provisions of the second paragraph of Article 88, and of the second paragraph of Article 92, is punished with a fine of 400 francs (£16) at least, and of 1,200 francs (£48) at most, and the same penalty is applicable to the captain or master of every vessel having acted as lighter, or of every licensed lighter which, without having been thereto compelled by circumstances beyond control, quits on the roadstead of Sulina the lightened vessel, before having restored to her the whole of her cargo.

" The vessel or lighter on board of which the offence is committed remains especially set apart for the payment of the fine incurred, for the recovering of which she can be sequestered by the Inspector-General of the Navigation, or by the Captain of the Port of Sulina, according to circumstances.

Art. 5.

The present provisions shall enter in force on the 1st of June 1868.

NOTICE TO MARINERS.

(No. 60.)—AUSTRALIA.—EAST COAST.

Alteration in the position of Yellow Patch Light, Moreton Bay.

The Portmaster of Queensland has given notice, in consequence of the changes that have taken place in the Middle Channel, at the entrance of Moreton Bay, that on and after the 16th day of April 1868, the Lower or Yellow Patch light would be exhibited to the northward of its former position.

The light is a *fixed* white light, at an elevation of 49 feet above high water, and visible in clear weather, when bearing from S. $\frac{1}{4}$ W. round by east to E. by N., at a distance of ten miles.

The illuminating apparatus is dioptric or by lenses of the fifth order.

The tower is hexagonal, 43 feet high, white, and stands W. $\frac{1}{3}$ N. from Cape Moreton lighthouse, and 30 yards from high-water mark.

Also, at the same date, that the Comboyuro light will be obscured between the *red* light outside the east banks and the white light inside the Inner Middle Channel buoy.

Directions.—After rounding Cape Moreton, bring the lighthouse on that Cape, Yellow Patch lighthouse, and the roadway on the slope of Light-house Hill, in line bearing E. $\frac{1}{2}$ S.; keep these marks on until the Inner Middle Channel buoy is passed, and the Ship Patch comes open westward of Cowan Cowan Point; then proceed toward Yule Road. The eastern buoy of the Middle Channel is red, and also those on the north side of the Channel, whilst the buoy on the Knoll is black.

At night, after rounding North Point and sighting Comboyuro Point *red* light, steer for it until Cape Moreton and Yellow Patch lights are in line; then steer about W. $\frac{1}{4}$ N., keeping the latter lights in line until Comboyuro *red* light is obscured and the white light seen bearing S.S.E.; when steer south, making due allowance for the tide, until Cowan Cowan light is open, and proceed up the Bay as before. The Cowan Cowan light leads clear of the western edge of the Venus Bank.

These directions will lead over the East Bank, and to the northward of the Knoll, in not less than three fathoms at low water.

[All bearings are magnetic. Variation at Moreton Bay $9^{\circ} 45'$ East in 1868.]

By Command of their Lordships,
GEO. HENRY RICHARDS, Hydrographer.
Hydrographic Office, Admiralty, London,
29th June 1868.

This Notice affects the following Admiralty Charts:—Australia, East Coast, No. 1068; and Moreton Bay, No. 1670. Also, Australia Directions, Vol. II., and Australia Lights List, No. 255.

NOTICE TO MARINERS.

(No. 61.)—IRELAND—SOUTH COAST.

Buoy on Barrels Rock.

The Office of Irish Lights, Dublin, has given notice that a conical black buoy, with the words *Barrels Rock*, in white letters on it, has been placed to mark the Barrels Rock, off the coast of Wexford.

The buoy lies in 15 fathoms at low water springs, $1\frac{1}{2}$ cables S. $\frac{1}{4}$ E. from the rock, with Nethertown House in one with the Coastguard station on Carnsore point; Blackrock in one with Castle ruins; Tuskar lighthouse bearing E. $\frac{1}{4}$ N., distant $7\frac{1}{2}$ miles; and the beacon on North Saltee Island W. by N. $\frac{1}{2}$ N., $7\frac{1}{2}$ miles.

Note.—A *red* buoy is placed a short distance eastward of the Lucifer light vessel, to mark the position of that vessel in case of her breaking adrift; and similar buoys are placed near most of the light vessels on this coast.

[All bearings are magnetic. Variation $24\frac{1}{2}^{\circ}$ West in 1868.]

By Command of their Lordships,
GEO. HENRY RICHARDS, Hydrographer.
Hydrographic Office, Admiralty, London,
24th June 1868.

This Notice affects the following Admiralty Charts:—Ireland, Sheets, 14 and 15, Nos. 2049 and 1787; Irish Channel, No. 1824a; and English Channel, Sheet 2, No. 2675b. Also Sailing Directions for Coast of Ireland, Part I., page 67.
