The bursary shall be awarded by competition among children attending public or State-aided schools in the parish of Salton, who are not more than fourteen years of age at the time of the competition, and whose parents are in such circumstances as to require aid in giving them a higher education, and shall be tenable for a period not exceeding two years, at such schools for higher education or technical instruction as the governors may approve.

25. School Bursaries.—The governors shall apply the yearly sum of £20 in establishing school bursaries, to be called the Burnet School Bursaries, each of the yearly value of not less than £5 or more than £10. These bursaries shall be awarded by competitive examination among chil-

dren attending the public or State-aided schools in the parish of Salton, who have passed the fifth standard of the present Scotch Code, or such standard as may be from time to time fixed by the Scotch Education Department, pursuant to the Education (Scotland) Acts, as that entitling children to total exemption from the obligation to attend school, and whose parents are in such circumstances as to require aid for giving their children a higher education; they shall be tenable for two years at public or State-aided schools in which efficient instruction is given in the higher branches.

26. Application of Funds in the event of no efficient Higher Instruction being given in Parish of Salton.—In the event of no efficient instruction in the higher branches being given in public or State-aided schools in the parish of Salton, the governors shall apply the annual sum to be paid to the School Board under the twenty-third section hereof, and the annual sum to be applied to school bursaries under the twenty-fifth section hereof, in establishing bursaries of the annual value of not less than £10, nor more than £15. 27. Free Scholarships.—The governors shall apply the surplus of the free income of paying the fees of poor and deserving children attending the public or State-aided schools of the parish of Salton, who have passed in the third or higher standards of the Scotch code, and whose parents, not being in receipt of parochial relief, are in such circumstances as to require aid in providing elementary education for their children, and are persons who, in the opinion of the governors, should not be required to apply to the Parochial Board for aid in paying school fees. These free scholarships shall be awarded on the result of a competitive examination, or as a reward for regularity of attendance, industry, general merit, and good conduct, all to be ascertained by the report of the teachers and otherwise as the governors may determine. Any payment under this clause shall be withdrawn in the case of children who fail to give regular attendance or make satisfactory progress at school.
