The free scholars shall be children whose parents or guardians, not being in receipt of parochial relief, are in such circumstances as to require aid for providing elementary education, and are persons who, in the opinion of the governors, ought not to be required to apply to the Parochial Board for such aid.

In the case of children under ten years of age, the selection of free scholars shall be made with due regard to merit, as ascertained by such examination, suited to the age of the candidates, as the governors may from time to time prescribe ; or in the case of children for whom such examination is unsuitable, by evidence that the children possess such qualifications as to justify their selection ; and in the case of children who have been in attendance at school during one or more school years, the governors shall, in making their selection, give special weight to good conduct, attendance, and progress at school during the previous year. The governors, at the end of every school year, shall obtain from the teacher or teachers a special report as to the conduct, regularity of attendance, and progress of all scholars whose school fees are paid in whole or in part under this section, and the fees of no scholar shall continue to be paid in regard to whom such report is not satisfactory.

25. University or Technical School Bursaries.—The governors may from time to time, as they shall see fit, apply an annual sum, not exceeding £20, in establishing a bursary for university or technical education, which shall be called the Lorimer Bursary. This bursary shall be awarded by competitive examination among those who have been pupils in public or State-aided schools in the parish or burgh of Cullen for at least six months before the date of examination ; it shall be tenable for such period, not exceeding four years, as the governors may determine, at a university or technical school to be approved by the governors. The governors shall have power to apply such part of the residue of their annual income in any one year not exceeding £20, as they shall see fit, to the purposes of this section, or to accumulate for a series of years such smaller portion of the said residue as they may consider necessary to provide for the said bursary when it shall in their opinion be expedient to award it.

26. School Bursaries.—The governors shall apply the residue of their annual income, in so far as it shall not be applied or accumulated under the powers of the immediately preceding section, in establishing school bursaries, each of the yearly value of not less than £5 nor more than £10. These bursaries shall be awarded by competitive examination among pupils attending public or State-aided schools in the parish and burgh of Cullen, who have passed the fifth standard of the present Scotch Code, or such standard as may from time to time be fixed by the Scotch Education Department, pursuant to the Education (Scotland) Acts, as that entitling children to total exemption from the obligation to attend school, and whose parents or guardians are in such circumstances as to require aid for giving them higher education ; these bursaries shall be tenable for two years at public or State-aided schools in which efficient instruction is given in the higher branches.

27. Forfeiture of Bursaries.—If, in the judgment of the governors, the holder of any bursary shall be guilty of serious misconduct, or fail to make reasonable progress, they may withdraw such bursary, and their determination in such case shall be final.

28. Annual Distribution of Bursaries.—The governors shall establish the bursaries herein provided for in such manner as to secure that they shall be awarded in as nearly as possible equal numbers in each year.

29. Residue of Income.—The residue of the free annual income, in so far as it has not been applied under the provisions of this Scheme, shall be invested by the governors as soon as it shall amount to £50, and form part of the capital fund of the Endowment.
