P R E S E N T,

The KING's most Excellent Majesty in Council.

WHEREAS His Majesty was pleased, by His Order in Council of the 2d of April last, to direct, That the Bounties of Six Pounds for every able Seaman, and of Three Pounds for every ordinary Seaman, should continue to be paid to every such able and ordinary Seaman, not above the Age of Fifty, nor under the Age of Eighteen Years, who should, on or before the 31st Day of May last, voluntarily enter themselves to serve in His Majesty's Navy, either with the Captains or Lieutenants of His Majesty's Ships, or the Chief Officers on Board such Tenders as should be employed for raising Men for the Service of His Majesty's Royal Navy: And also that the Bounty of Thirty Shillings should be continued to be paid to every able bodied Landman not above the Age of Thirty Five, nor under the Age of Eighteen Years, who should, on or before the said 31st Day of May last, voluntarily enter themselves in like Manner to serve in His Majesty's Royal Navy; and that a Reward of Five Pounds for every able, and of Two Pounds Ten Shillings for every ordinary Seaman, should continue to be paid to any Person who should discover any Seaman or Seamen who may secret themselves, so that such Seaman or Seamen should be taken for His Majesty's said Service, on or before the said Thirty-first Day of May last. — And whereas the Time limited for paying the said Bounties and Rewards hath been continued and extended to the 31st of this Instant July; And it being judged expedient for His Majesty's Service, that the same should be continued for some Time longer; His Majesty, with the Advice of His Privy Council, doth therefore order, and it is hereby accordingly ordered, that the Time limited for Payment of the said Bounties and Rewards, be prolonged and extended from the said 31st Day of this Instant July, to the 30th Day of September next. And that the said Bounties and Rewards be paid in the Manner directed by His Majesty's aforementioned Order in Council of the 2d of April last. Whereof all Persons concerned are to take Notice, and govern themselves accordingly.

Lisbon, July 10.

Advices from the Provinces since the 26th past.

A L E M T E G O.

Elvas, July 4. Although by Advices from the Frontiers of this Province we know, that in Spanish Estremadura, and the Condada de Niebla, there are several Regiments of Infantry and Cavalry, they

have not committed any Thing upon these Frontiers worthy of Notice.

B E I R A.

Almeida, July 3, 4, 5, and 6. The Enemy still continue in the same Camp between Val de la Mula and Val de Coelha, and convince us daily more and more of their Intention to lay formal Siege to this Place: They have reconnoitred the Ground about it, probably with a View to chuse out Places proper to raise Batteries: They have augmented the Number of their Troops with some Corps which have marched from Estremadura to Ciudad Rodrigo; and have transported from this last Place all the Artillery belonging to it. Upon these Appearances we are here taking all the necessary Steps towards a vigorous Defence, and hope to disconcert the Scheme of the Enemy.

Several different Detachments have been sent out from their Camp, who have committed unheard of Barbarities among the small Villages, which could not possibly be in a State to defend themselves: Robbing and murdering the Inhabitants; setting Fire to their Crops; and not even leaving the small Quantity of Furniture belonging to the Chapels.

M I N H O.

Guimaraens, July 5 and 7. It appears by all the Letters which have been received from the Eastern Frontiers of this Province, that the Enemy has made no Attack on the Side of the River Minho worth Notice; and that, on the other Frontier of the Province of Tras-os-Montes, there were no more than the Body of Troops at Chave.

T R A S - O S - M O N T E S.

Torre Moncorvo, June 29. The Body of Spanish Troops, which were in this Town, and the Places adjacent, retired Yesterday at Midnight, with Precipitation, and marched towards the Camp at Dnas Igrejas, to join the Marquis of Sarria, giving out, that, after being incorporated with him, they were to march to besiege Almeida.

From Braganza we have likewise Advice, that the Enemy had marched out of that Town on the 30th of June, carrying along with them all the Carts and Oxen fit for Service; after having plundered the College and Church, and the Houses of several principal People; whom, together with several Priests, they carried off with them into Spain: They also killed several of the Peasants of that Neighbourhood in cold Blood.

We received Advice, at the same Time, that the Spaniards had left their Camp near Miranda, and had retired to Zamora; and gave out, that they were marching to Almeida.

Duffeldorff, July 22. The Prince of Condé decamped the 16th from Coesfeldt, and arrived the same Day between Hus Dulmen, and Siten. A violent Rain, which continued all the Day, spoiled the Roads; and the Light Troops of the Allied

Army

Army pressed so close on the Rear, that a Quantity of Baggage, and a great many Horses, were lost. The 17th, the Army marched by St. Annen and Boffendorff towards the Lippe, which they passed near Halteren; the 18th they continued their Retreat to Westerbolt; the 19th they halted; and the 21st they were to march to Rockum. A Camp has been traced between Wesel and this Town, whither, 'tis believed, the Prince will retire, in case the French Army in Hesse should be obliged to abandon Cassel, and retreat to Frankfort,

Three Engineers are sent to trace a Camp above Konigsdorff, about two Leagues from Cologne.

Breslaw, July 23. The Russian Troops, under the Command of General Czernichev, are now separated from the Prussian Army, and actually on their Way to Auras, where they are to repass the Oder, and continue their March to Posen.

Hamburgh, July 27. The Russian Army, which was expected to enter the Dutchy of Mecklenbourg Schwerin, is now on its March back to Colberg; and we hear that General Pannin has taken the Command thereof, in the room of M. Romanzow, who is recalled to Petersburg.

Hague, July 30. The Letters from France mention, that M. de Blenac, who was coming out from Cape François with his Squadron, had the Misfortune to run upon a Rock, which damaged his Ship, the Hector, so much, that he was obliged to put back. The Accounts, received from Spain, which are of the 12th Instant, are very barren. The Want of Provisions, and the Desertion, were very great in the Spanish Army. Two large Convoys of Mules from Galicia had been attacked, and taken by the Portuguese Militia, who continued to incommode very much their Communication with Spain.

Account of the good Effects of Dr. James's Powders, in an Extract of a Letter from the Rev. Mr. George Burton, of Eldon, near Thetford, in Norfolk.

SIR,

I Can safely assert, that Dr. JAMES's Powders have several Times been the happy Means of saving both my Family and myself (under the Blessing of Providence) from the destructive Ravages of a Fever, and therefore in Justice I send you this Testimony of my Regard for it.

I have already administered above Thirty Dozen of those Powders, and they have never failed in any one Instance. They have done many surprizing Cures; and I cannot omit the following Instance of the safety, as well as the Excellency of them. A Man was seized with a Fever in my Parish (the apparent Wretchedness of whose Circumstances equalled the Misery of his Disorder, for he was surrounded by a Wife and seven Children, who entirely depended on his Labour for Support, and who, in a fit of Despair, had just performed, as they supposed, the last friendly Act, by laying him on his Side in order to die easy :) In this Situation, I gave him seven Grains of Dr. James's Powder, which, by a few Rejections of that Quantity, in some Days perfectly restored him to Health. He is now alive and as hearty as ever. Many Instances I have met with wherein the Powders have operated much, but removed the Cause; many again in which they have been attended with no sensible Operation, yet perfected the Cure.

As I have, from an experimental Knowledge of the Powders, the Success of them at Heart, as a Friend to Mankind in general, and to my Country in particular, I send you this, to be made use of as you think proper.

I am, Sir,

Your sincere Friend and humble Servant,

George Burton.

After what this Gentleman has said, it may not be unnecessary to inform our Readers that Dr. James's Powders are sold only by Mr. Newbery, at the Bible and Sun in St. Paul's Church Yard, London; and by those whom he has appointed to sell them, under his Hand and Seal, in Great Britain, Ireland, and the Colonies Abroad.
