By His MAJESTY'S ROYAL LETTERS PATENT, dated the 7th of December last.

Dr. NORRIS'S MEDICINE;

Or ANTIMONIAL DROPS

For FEVERS and all

INFLAMMATORY DISORDERS.

THESE DROPS, if taken according to the Directions, will remove any Continual Ague or FEVER in a few Hours, though attended with Convulsions, Lightheadedness, and the most dangerous Symptoms; but if taken in the Beginning of a Fever, a very small Quantity is generally sufficient to perform a Cure; and that without giving the least Disturbance or Uneasiness whatsoever to the most delicate Constitutions. Small-Pox, Measles, Miliary Fevers, and all those of the Eruptive Kind; Remitting Fevers, Quotidian, Tertian and Quartan Agues, are equally comprehended under the Influence of this Medicine.

To the PUBLIC.

I am sensible, that the sovereign Efficacy of Antimony, in the Cure of Fevers of all Kinds, is already well known; yet its general Tendency of violently agitating Nature in its Operation, detests many Thousands, especially those of delicate Constitutions, from venturing to make Use of it, without the Advice of a Physician. To entirely remove that Violence in its Operation, and render it wholly Medicinal, has been my constant Study and Attention for many Years. I thank God, I have happily succeeded; and can, with the strictest Truth, declare, that in my Practice for several Years, in Fevers in general, I have not lost one Patient.

These Drops are so perfectly innocent and safe in their Operation, which is only discoverable by Urine and insensible Perspiration, that they will enable Nature, in her own Way, to overcome the Danger in a few Hours, without the least Disturbance or Uneasiness to Persons of the most delicate Constitutions. Upon these Considerations, His Majesty has been most graciously pleased to grant me His Royal Letters Patent for Preparing and Vending the same, for the Benefit of all His Faithful Subjects.

T. NORRIS.
