Dresden, April 11.

The Diet have lately passed an Act for consolidating the *Land-Accis*, or Taxes payable on Home Manufactures and Traffick, as well as on Foreign Commodities after their Importation. These Taxes were formerly levied upon the same Commodity, under various Titles, which differed in every Province of the Electorate, and were subject to a Renewal on every Transportation from one Mart to another; so that a Door was opened to all Manner of Fraud, and to the most ruinous Prosecutions. By the new Regulations, a very considerable Number of Articles are exempted from this Tax, chiefly for the Relief of the Poor, as are also all Raw Materials imported, and used in the Manufactures of the Country, which will be highly advantageous to the Woollen, Cotton and Linen Manufacturers. The Mode of collecting the Taxes now established is so simplified, that, upon their being once paid, the Merchandize may be transported to any Part of the Electorate, without further Examination, or becoming liable to any further Duty.

A new Tariff for regulating the Taxes on the internal Commerce of the Country will be immediately published; and the Elector has given Orders to his

College of Commerce to prepare another, for regulating the Taxes on Merchandize imported from Foreign Parts.
