Admiralty-Office, June 7.

THE following is an Extract of a Letter from . William Parker, Esq; Captain of His Majefty's Ship Audacious, to Mr. Stephens, dated in Plymouth Sound, on the 3d Instant.

I Have the Honor to acquaint you, for their Lord-fhips Information, that, on the 28th Ult. in the Morning about Eight o'Clock, His Majetty's Fleet, under the Command of the Earl Howe, then in the Latitude 47 Deg. 33 Min. North, Longitude 14 Deg. 10 Min. Weft, got Sight of that of the Enemy. The Wind blew ftrong from the Southward, and the Enemy's Fleet directly to Windward.

Every Thing was done by His Majefty's Fleet, per Signals from the Earl Howe (preferving them in Order) to get up with the Enemy, who appeared to be forming in Order of Battle. But, as I apprehend his Lordihip confidered their Conduct began rather to indicate an Intention of avoiding a general Action, at Fifty-five Minutes after One o'Clock he directed a general Chace.

It was just becoming Dark when His Majesty's Ship under my Command arrived up with the Rear Ship of the Enemy's Line. I immediately commenced a very close Action, which continued near Two Hours without Intermission; never exceeding the Diftance of Half a Cable's Length, but generally clofer, and feveral Times in the utmost Difficulty to prevent falling on board, which, as his last Effort to Appearance, at about Ten o'Clock he attempted to effect. At this Time his Mizen-Maft was gone by the Board, his Lower Yards and Main Top-Sail Yard thot away; his Fore Top-Sail being full (though flying out from the Top-Sail Yard, the Sheets being thot away) he fell athwart our Bows, but we feparated without being entangled any Time. He then directed his Courfe before the Wind, and, to Appearance, paffed through or close aftern of the Ships in the Rear of our Line.

When the Enemy feparated from athwart our Bows the Company of His Majefty's Ship under my Command gave Three Cheers, from the Idea, taken from the People quartered forward, that his Colours were Aruck. This I cannot myfelf take upon me to fay, though think it likely, from his Situation obliging him to pass through or near to our Line: But certain it is he was completely beaten; his Fire flackened towards the latter Part of the Action, and the laft Broadfide (the Ships Sides almost touching each other) he fuftained without returning more than the Fire of Two or Three Guns.

His Majefty's Ship under my Command, at the Time we feparated, lay with her Top-Sails aback, (every Brace, Bowling, most of her Standing and all her Running Rigging fhot away) in an unmanage-able State. It was fome Time before I could get her to wear, to run to Leeward from the French Line, under Cover of our own Ships, which, by what I could judge by their Lights, were all pretty well up, and tolerably formed.

This being effected, I turned all Hands to the repairing our Damages, to get into Readinels (if polfible) to refume our Station at Day-Light.

The Rear of the French Line had been engaged, at a Distance, by Rear-Admiral Passey's Division, and fome other Ships that did not fetch to far to Windward, a confiderable Time before I arrived up with them; and this very Ship was engaged by one of His Majesty's Ships, at some Distance to Leeward, the Time I did.

The Night being very dark, I could form but little Judgment of the Situation of our Fleet with refpect to the French, in Point of Distance, other than, not hearing any Firing after our own ceafed, I concluded they were fcarcely far enough to Windward.

Soon after Day-Light the next Morning, to our utmost Chagrin and Aftonishment, we discovered Nine Sail of the Enemy's Ships about Three Miles to Windward.

The Audacious then, with her Standing Rigging but very indifferently fcopper'd, her Fore-Sail and Top-Sails unbent, Main Top-Sail in the Top in the Act of bending, we put before the Wind, with the Main and Fore Top Maft Stay-Sails only, ill fet, from the Stays being fhot away; but, it being hazy with Rain, and foon becoming thick, we, for a Time, were covered from their View, and before, as I apprehend, they had formed a Judgment of what we were.

The greatest Exertion was used by every Officer and Man in the Ship to get the other Fore-Sail and Main Top-Sail bent. The Fore Top-Maft being fo badly wounded, the Fore Top-Sail was of but little Moment, however the People brought the damaged Sail to the Yard again, though it could not be holfted; but, before we got the Fore-Sail and Main Top-Sail fet, the Haze cleared off, and we foon difcovered ourfelves to be chaced by Two of the Enemy's Ships. At this Period we faw the Ship we had engaged, without any Maft ftanding, and paffed her at about a Mile and a Half Diftance. The Ships coming up with us very fast, our Situation became very alarming, until we got the Main Top-Gallant Sail, Main Top-Mait, and Top-Gallant Studding Sails fet, when it was judged we nearly preferved our Distance. However, from the Fore-Maft being in a tolerable State of Sccurity, at Half past Nine we were about setting a lower Studding Sail, when Three Sail, that had been difcovered to the Eastward fome Time before, (viz. Two Ships and a Brig) coming pretty near us, holited French Colours.

The State of our Masts did not admit of making Alteration in our Courfe; they observing our shat-tered State, and Two Ships in Chace of us, slood athwart us boldly within Fire, and Shot were exchanged; the one a large Frigate and the other Two Corvettes; but, as we had fo much Sail out, they fell aftern for a confiderable Time; at length the Frigate came within Shot of us again, and harraffed us, by a diftant Cannonade upon the Quarter, upwards of an Hour, but without doing us any material Injury, we only firing force of our after Guns upon each Deck at her. She was observed to make a Signal to the Ships altern, and foon after, viz. about Half paft Twelve o'Clock, with the 'Two Corvettes, hauled her Wind, and, by its becoming hazy, the whole were foon out of Sight.

Having been chafed Twenty-four Leagues directly to Leeward, and the crippled State of the Bowsprit being such as judged impossible to stand if the Ship was hauled to the Wind, I confidered the endeavouring

ing to find the Fleet again might put His Majefty's Ship (in her defective State) to too much Rifque, and therefore judged it most advantageous for the Service to proceed to Port without Loss of Time to refit ; which I hope may meet with their Lordships Approbation.

I must beg you will be pleased to represent to their Lordships, that the Conduct of the Lieutenants of His Majesty's Ship under my Command, during the Action, merits all the Praise I can bestow upon them; as also that of Lieutenant Croston, of the 69th Regiment, whole Alertnels and Activity with his Men at fmall Arms, in fupporting the Seamen armed to defend the Boarding (which occcurred Twice during the Action) gave me perfect Satisfaction.

The Conduct of my Ship's Company, also that of the Soldiers of the 69th Regiment, exceeded every possible Expectation; in fact the Whole of the Of-ficers and Men, in their different Departments, behaved in a most exemplary Manner.

'Tis wonderful, after fuch an Action, that I have the Happiness to fay, the whole Number killed and wounded are but Twenty-two : Three were killed on the Spot, One died foon after, and the Life of Two more is defpaired of.

The Captain and fome of the Officers of a French Corvette, which we took Poffession of and burnt a few Mornings before, by the Earl Howe's Order, viewed the Ship we had engaged, while passing her in the Morning, and were of Opinion she is called La Revolutionnaire, formerly the Bretagne.

In cafe their Lordships should have any Enquiries to make further, I have dispatched Lieutenant Joseph Bingham, my fenior Lieutenant on Board, with the Charge of this Letter, who is a very excellent Officer and an intelligent young Man, and, I truft, capable of giving every requisite Information.
