At the Court at *Weymouth*, the 28th of September, 1798,

P R E S E N T,

The KING's Most Excellent Majesty in Council.

WHEREAS by an Order in Council dated the Twenty-ninth of August, One thousand seven hundred and ninety-eight, His Majesty was pleased to declare, that the Coasts and Ports of Genoa, and those of the Territory of the Pope, should be considered as in a State of Hostility with His Majesty, and to require all His Majesty's Subjects, and others, to treat and consider the Inhabitants and Subjects thereof as His Majesty's Enemies: His Majesty, being determined to take such further Measures as are necessary for vindicating the Honor of His Crown, is pleased, by and with the Advice of His Privy Council, to order, and it is hereby ordered, that General Reprisals be granted against the Ships and Goods belonging to the Persons inhabiting the Coasts and Ports of Genoa, and the Territories of the Pope, now subject to the pretended Authority of Governments constituted by the Power of His Majesty's Enemies, styling themselves the Ligurian and the Roman Republicks, so that as well His Majesty's Fleet and Ships, as also all other Ships and Vessels that shall be commissioned by Letters of Marque, or General Reprisals, or otherwise, by His Majesty's Commissioners for executing the Office of Lord High Admiral of Great Britain, shall and may lawfully seize all Ships, Vessels, and Goods, belonging to the Persons inhabiting the Coasts and Ports of Genoa, and the Territories of the Pope, now subject to the pretended Authority of Governments constituted by the Power of His Majesty's Enemies, styling themselves the Ligurian and the Roman Republicks, and bring the same to Judgment in any of the Courts of Admiralty within His Majesty's Dominions; and to that End, His Majesty's Advocate-General, with the Advocate of the Admiralty, are forthwith to prepare the Draught of a Commission, and present the same to His Majesty at this Board, authorising the Commissioners for executing the Office of Lord High Admiral, or any Person or Persons by them empowered and appointed, to issue forth and grant Letters of Marque and Reprisals to any of His Majesty's Subjects, or others, whom the said Commissioners shall deem fitly qualified in

that Behalf, for the apprehending, seizing, and taking the Ships, Vessels, and Goods belonging to the Persons inhabiting the Coasts and Ports of Genoa, and the Territories of the Pope, now subject to the pretended Authority of Governments constituted by the Power of His Majesty's Enemies, styling themselves the Ligurian and Roman Republicks; and that such Powers and Clauses be inserted in the said Commission as have been usual, and are according to former Precedents: And His Majesty's said Advocate-General, with the Advocate of the Admiralty, are also forthwith to prepare the Draught of a Commission, and present the same to His Majesty, at this Board, authorising the said Commissioners for executing the Office of Lord High Admiral, to will and require the High Court of Admiralty of Great Britain, and the Lieutenant and Judge of the said Court, his Surrogate or Surrogates, as also the several Courts of Admiralty within His Majesty's Dominions, to take Cognizance of, and judicially proceed upon all, and all Manner of Captures, Seizures, Prizes, and Reprisals, of all Ships and Goods that are or shall be taken, and to hear and determine the same; and according to the Course of Admiralty, and the Laws of Nations, to adjudge and condemn all such Ships, Vessels, and Goods, as shall belong to the Persons inhabiting the Coasts and Ports of Genoa, and the Territories of the Pope, now subject to the pretended Authority of Governments constituted by the Power of His Majesty's Enemies, styling themselves the Ligurian and the Roman Republicks; and that such Powers and Clauses be inserted in the said Commission as have been usual, and are according to former Precedents. And they are likewise to prepare and lay before His Majesty, at this Board, a Draught of such Instructions as may be proper to be sent to the Courts of Admiralty in His Majesty's Foreign Governments and Plantations, for their Guidance herein; as also another Draught of Instructions for such Ships as shall be commissioned for the Purposes aforementioned.

Lord Chamberlain's Office, October 10, 1798.

NOTICE is hereby given, that there will be a Levee at St. James's on Wednesday the 24th, and a Drawing Room on Thursday the 25th Instant.

Philadelphia, June 25, 1798.

Mr. Marshall, One of the Three Commissioners at Paris, who lately arrived here from France by Way of New-York, has been received with much Distinction. He was met at some Miles Distance from Philadelphia by the Secretary of State and some Members of the Senate, escorted into Town by a Party of the new raised Volunteer Corps, and a public Dinner has been since given to him by the principal Members of the Two Houses of Congress.

Philadelphia, July 16, 1798.

The Measures adopted with a View to place this Country in a State of Preparation for a War with France, continue to be carried on with considerable Spirit. The defenceless Situation of the different Sea-Port Towns is particularly felt, and the Erection or Repair of the Fortifications necessary for the Protection of the most exposed Places is begun all along the Coast of the Atlantic with a great Degree of Energy. In some Parts of the Country, particularly at New-York, Individuals have offered their personal Service, gratis, for the Construction of Batteries. The Sum appropriated to this Object by Congress is Four Hundred and Thirty Thousand Dollars: And an Act has been passed, that when any Individual State, that happens to be indebted to the General Union, shall, with the Approbation of the President, complete any Fortification already begun, or erect any additional Works, the Money thus applied shall be placed to the Credit of that State.

The Three Frigates ordered by Congress to be completed and equipped, the United States of Forty-four Guns, the Constitution of Forty-four, and the Constellation of Thirty-six Guns, have found no Difficulty in procuring their full Complement of Men, although the monthly Pay, Seventeen Dollars to able bodied Seamen, and Ten Dollars to ordinary Seamen, is much inferior to the Wages given at present by the Captains of Merchant Vessels.

A considerable Addition to the Number of these large Frigates is likely to be made by voluntary Subscription; the Merchants of Philadelphia have undertaken to construct One of Forty-four Guns: At Boston upwards of One Hundred Thousand Dollars have been subscribed for a similar Purpose: At Baltimore, One Hundred Thousand: At New-York, Alexandria, Norfolk, Richmond, Charlestown, and almost all the considerable Towns of the Union, proportionate Sums have been generously contributed.

The Congress have authorised the President to build a considerable Number of Vessels of inferior Size:—Six of Thirty-two Guns, Twelve of from Twenty to Twenty-two Guns, Six of Eighteen Guns, and Ten Gallies. The Number of Revenue Cutters, which carry from Eight to Fourteen Guns each, are also to be multiplied along the Coasts, and the President is empowered to increase their Complement of Men to the Number of Seventy. These

Vessels have been authorised by Act of Congress to take all French Armed Vessels, and to retake such American Vessels as may have been captured. The Exertions of the Officers and Crews have been encouraged by a Law securing to them a certain Share in the Value of the Prizes they may make. The French Privateer lately brought in by the American Sloop of War the Delaware, has been regularly libelled, and condemned in the Court of Admiralty here. The Crews have been considered as Prisoners of War, and are to be confined in Lancaster Jail.

Congress has further ordered the Formation of a Corps of Marines to consist of Five Hundred Men, under the Directions of a Major and a proper Number of Subaltern Officers; and it appears that it is likely to be raised without Difficulty.

Much Time has been spent in Congress on a Plan for better organizing and disciplining the Militia. The President has been authorised to purchase Thirty Thousand Stand of Small Arms for the Use of those Bodies of Militia that are most in want of them, which are to be deposited in convenient Situations, and to be either lent to the different Corps, or sold to them at prime Cost.

The regular Army of the United States is also to receive some Increase: Congress has authorised the raising of Twelve new Regiments of Infantry, and Six Troops of Light Dragoons, (which, with the Two Troops already existing, will form a Regiment,) in Addition to the Provisional Army of Ten Thousand Men which the President has it in his Power to levy in case of a threatened Invasion. By this Means the regular Army will amount upon the Whole to between Twelve and Thirteen Thousand Men, exclusive of the provisional one just mentioned.

The Volunteer Corps proceed with very great Success. The Spirit of Enlistment has been in some Degree increased by a Plan, adopted by Congress, empowering the Volunteers to form themselves into Legions; that is to say, as it is understood here, into Corps composed of Infantry, Cavalry, and Artillery.

A Body of this Kind has very suddenly acquired Numbers and Respectability, and is likely soon to have the full Complement of Two Thousand Men. It is expected that those Volunteers who may offer their Service, in the whole Extent of the United States, may in the End amount to from Ninety to a Hundred Thousand Men.

Vienna, October 4.

The last Accounts from Malta, which were dated the 26th of August, brought Intelligence that the French Troops, to the Number of about Two Thousand Five Hundred Men, had, in consequence of the Discontents of the Inhabitants, which had broken out into Acts of Violence, retired within the Forts, whither they had transported the Powder and as much Flour as they could lay up in the Magazine; and that, in order to avoid the Diminution of this Store, they compelled the Inhabitants and the Town, by the firing of a Cannon laden with a Ball over their Houses, to bring them, from Time to Time, sufficient Provisions for their present Consumption.

Constantinople, Sept. 8, 1798.

Immediately upon receiving the News of the Victory off the Mouth of the Nile, the Grand Signior directed a superb Diamond *Aigrette*, (called a *Chelengk*, or Plume of Triumph,) taken from one of the Imperial Turbans, to be sent to Admiral Sir Horatio Nelson, together with a Pelice of Sable Fur of the first Quality.

He directed also a Purse of Two Thousand Zequins to be distributed among the British Seamen wounded at the Battle of the Nile.

These Presents are to be conveyed to Sir Horatio Nelson in a Turkish Frigate.

The following is a Translation of the Note delivered to Mr. Smith, His Majesty's Minister Plenipotentiary upon the Occasion:

TRANSLATION.

IT is but lately, that by a written Communication it has been made known how much the Sublime Porte rejoiced at the first Advice received of the English Squadron in the White Sea having defeated the French Squadron of Alexandria in Egypt.

By recent Accounts comprehending a specific detail of the Action, it appears now more positive, that His Britannick Majesty's Fleet has actually destroyed by that Action the best Ships the French had in their Possession.

This joyful Event, therefore, laying this Empire under an Obligation, and the Service rendered by our much esteemed Friend Admiral Nelson on this Occasion being of a Nature to call for Publick Acknowledgment; His Imperial Majesty the Powerful, Formidable, and Most Magnificent Grand Signior has destined as a Present in his Imperial Name to the said Admiral, a Diamond *Aigrette*, (*Chelengk*,) and a Sable Fur with Broad Sleeves; besides Two Thousand Zequins to be distributed among the Wounded of his Crew. And as the English Minister is constantly zealous to contribute, by his Endeavours, to the increase of Friendship between the Two Courts, it is hoped he will not fail to make known this Circumstance to his Court, and to solicit the Permission of the Powerful and Most August King of England for the said Admiral to put on and wear the said *Aigrette* and Pelice.

September 8, 1798.

Constantinople, Sept. 19, 1798.

Vice-Admiral Oufchakoff's Squadron is now actually under Weigh for the Dardanelles, &c.

By Letters just received from Smyrna, it appears, that the general Measures of Police adopted against the French have been pursued there with a more exemplary Rigour than elsewhere. The Individuals of the French Nation have been thrown into the common Prisons, and the whole French Mission, including Jean Bon. St. André, and his Papers, laden on Half a Dozen Mules, are upon their Way hither under an Escort.

Three French Vessels have been captured in the Harbour, and the whole French Property on Shore confiscated.

SIR,

I Enclose Two Letters, representing eminent Services performed by Officers and Part of the Crew of His Majesty's Ships the Goliath and Alcmena.

Goliath, off the Mouth of the Nile, the 25th August, 1798.

SIR,

I Have great Pleasure in informing you, that at Half after One this Morning, the Boats of His Majesty's Ship Goliath, under the Direction of Lieutenant William Debusk, attacked and carried, after an obstinate Action of Fifteen Minutes, the French National Armed Ketch Torride, of Seventy Men, commanded by Mr. Martin Bedat, Lieutenant de Vaisseaux, mounting Three long Eighteen-Pounders, Four Swivels, and well appointed in Small Arms: The Castle of Berquier, under the Guns of which the Torride was moored, also fired for her Support, but the Skill and Courage of Lieutenant Debusk, and those under his Command, was such as to baffle every Attempt to save her. The French Captain is badly wounded, I have therefore sent him on Shore with a Flag of Truce. Lieutenant Debusk is slightly wounded, and One of his People likely to suffer Amputation of his Left Arm; the Prize had Three killed and Ten wounded; several of the Prisoners escaped to the Shore by swimming.

I have, &c. &c. &c.

Alcmena, off Alexandria, Aug. 22, 1798.

SIR,

I Beg Leave to inform you that La Legere French Gun Boat, mounting Two Six Pounders, some Swivels, and Sixty-one Men, was captured this Day by His Majesty's Ship under my Command.

Though every Preparation was made for running alongside and boarding her, to save any Dispatches she might have for Buonaparte, we could not prevent their being thrown overboard, which was however perceived by John Taylor and James Harding, belonging to the Alcmena, who, at the Risk of their Lives, (the Ship then going between Five and Six Knots,) dashed overboard, and saved the whole of them.

Both Men were most fortunately picked up by the Boat that was sent after them, and I conceive it my Duty to make known the very spirited Conduct they shewed on this Occasion, for the good of the Service. I am,

SIR,

Your most obedient Servant,
GEORGE HOPE.

To Samuel Hood, Esq.
Captain of His Majesty's Ship Zealous.

La Legere is Forty Days from Toulon, bound to Alexandria with Dispatches for General Buonaparte.

Extract of another Letter from the Earl of St. Vincent, K. B. to Evan Nepean, Esq; dated off Cadix, the 28th September, 1798.

Herewith I enclose Copies of Two Letters from Captain Digby, of His Majesty's Ship the Aurora, relating to Captures lately made by that Ship.

His Majesty's Ship Aurora, Lisbon,

My Lord, 19 September, 1798.

I Have the Honor to acquaint you of my Arrival in the Tagus with La Velos Aragonesa, Spanish-built Frigate (Lettre de Marque) of Thirty Guns and Ninety Men, Jafé Eloy Sanchez, Commander, with a Cargo from La Guayra; she sails very fast. A Defect in her Rudder, and Fore-Top-Mast being reefed, prevented her Escape. Many of her Guns were thrown overboard during the Chace on the 16th Instant, Twenty Leagues to the Westward of the Bayones.

I have the Honor to be, &c. &c.

H. DIGBY.

His Majesty's Ship Auroras, River Tagus.

My Lord,

I Have enclosed a List of Vessels taken during my last Cruize*.

La Velos Aragonesa is a very complete Ship, as large as our Four-and-Twenties; left Old Spain the 10th of April last in Company with a Ship of the Line and Two Frigates, that went to Cuba; her Cargo by Register consists of 3702 Fanegas, 87lb. Cocoa, 98466 lb. Coffee, 3381 lb. Indigo. Though very deep, she sails well: the Petterel in Sight at the Commencement of the Chace.

I have the Honor to be, &c. &c.

Copy of a Letter from Captain Graham Moore, Commander of His Majesty's Ship McLampus, to Sir John Borlase Warren, dated at Sea off Lough Swilly, the 16th Instant.

SIR,

I Have the Honor to inform you, that on the 13th Instant, at Midnight, being well up towards St. John's Point, we discovered Two large Ships close to us on our Weather-Beam; on seeing us they hauled up on the opposite Tack; as I had not the least Doubt of their being Two of the Enemy's Frigates, we tacked and closed with the nearest in an Hour, going Ten Knots. After hailing and ordering her to bring-to without Effect, she trying to get away athwart our Stern, we opened such a Fire upon her as completely unrigged her in about Twenty-five Minutes, and forced her to bring-to, and surrender; she proved to be La Resolue French Frigate, commanded by Jean Pierre Barqueau, mounting Forty Guns and Five Hundred Seamen and Troops on board, the other Frigate was L'Immortalité, of Forty-four Guns, Twenty-four Pounders on the Main Deck, and Six Hundred Seamen and Soldiers, she made several Signals whilst we were occupied with her Consort, but gave us no Disturbance.

Both on this Occasion, and during the Action of the 12th, the Officers, Seamen, and Marines, of His

* Omitted to be sent-

Majesty's Ship under my Command displayed the utmost Degree of Zeal, Alacrity, and gallant Spirit; Mr. Martin, (the First Lieutenant, an old and good Officer,) with Lieutenants Price, Ellifon, and Hole, of the Marines, conducted themselves much to my Satisfaction, and I experienced very great Assistance from the steady good Conduct of Mr. Emory, the Matter.

As a very heavy Gale of Wind came on immediately after our boarding La Refolue, the Second Lieutenant, Mr. John Price, with Twenty-one Men, were all that could be thrown on board of her, with the Loss of our Two Cutters. That Officer deserves very great Credit for his active Exertion in clearing her of the Wreck of her Masts and Rigging, and in keeping Company in so violent a Storm; as our Object was to disable our Antagonist before her Consort could assist her. La Refolue had only Ten Men killed, and a great Number wounded; but I am inexpressibly happy to add, that in the Action of the 12th, we had only One Man wounded; and the Affair of the 13th did not deprive their Country of the Services of a single Man of the brave Crew of the Melampus.

I have the Honor to be, &c. &c.

SIR,

I AM to acquaint you, for the Information of their Lordships, that His Majesty's Armed Sloop Charlotte, commanded by Lieutenant John Williams, captured the 9th Ult. off Demerary River-De Esle Andeneming Dutch Privateer Schooner-belonging to Surinam, of Eight Guns and Thirty, eight Men, which he sent to Demerary. She was upon a Three Months' Cruize, had been out Nineteen Days, but made no Captures.

SIR,

I HAVE to acquaint you, for the Information of their Lordships, that since my Letter to you of the 10th February last, the Ships and Vessels of His Majesty's Squadron under my Command have recaptured Six British and Sixteen American Vessels, of different Denominations, bound to and from these Islands.

I have the Honor to be, &c.

SIR,

I AM to acquaint you, for the Information of their Lordships, that since my Letter to you of the 8th Ultimo, His Majesty's Ships Concorde and

Lapwing have captured the undermentioned French Privateers (Schooners) belonging to Gaudaloupe:

La Buonaparte, of Eight Guns and Seventy-two Men:

L'Amazone, of Ten Guns and Eighty Men:

La Sauveur, of Four Guns and Twenty Men; and

La Fortune, of Two Guns and Twenty-two Men.
