P R E S E N T,

The KING's Most Excellent Majesty in Council.

**W**HEREAS the Time limited by His Majesty's Order in Council of the Thirtieth Day of May last, prohibiting the Transportation into any Parts out of this Kingdom, of the Wood called Lignum Vitæ, will expire upon the Tenth Day of December next: And whereas it is judged expedient for His Majesty's Service, that the said Prohibition should be continued for some Time longer: His Majesty doth therefore, with the Advice of His Privy Council, hereby order, require, prohibit, and command, That no Person or Persons whosoever do, at any Time for the Space of Six Months, to commence from the said Tenth Day of December next, export, or attempt to export, transport, carry, or convey, or lade or lay on board of any Ship, Vessel, or Boat, in order to be exported, transported, carried, or conveyed out of this Kingdom, any of the Wood called Lignum Vitæ, without Leave, or Permission being first had and obtained from His Majesty or His Privy Council, upon Pain of incurring the Forfeitures inflicted by an Act, passed in the Thirty-fourth Year of His Majesty's Reign, intituled, "An Act for indemnifying all Persons who have been concerned in advising or carrying into Execution an Order of the Lords Commissioners of His Majesty's Treasury respecting the Exportation of Pot-Ashes or Pearl-Ashes; for preventing Suits in consequence of the same; for authorizing His Majesty to prohibit the Exportation or carrying Coastwise of Pot-Ashes or Pearl-Ashes, and for making further Provisions relative thereto:" But it is, nevertheless, His Majesty's Pleasure, that nothing herein contained shall extend, or be construed to extend, to prevent any Ship or Vessel from taking or having on board any of the said Wood called Lignum Vitæ, which may be necessary for the Use of the said Ship or Vessel during the course of her intended Voyage; nor to prevent the Exportation of the said Wood called Lignum Vitæ to Ireland, or to His Majesty's Islands of Guernsey, Jersey, Alderney, Sark, or Man, or to His Majesty's Colonies or Plantations in America or the West Indies, or to Newfoundland, or to His Majesty's Ports and Settlements on the Coast of

Africa, or to the Island of St. Helena, or to the British Settlements or Factories in the East Indies: Provided that, upon the Exportation of the said Wood called *Lignum Vitæ* to Ireland, or to His Majesty's Islands of Guernsey, Jersey, Alderney, Sark, or Man, or to His Majesty's Colonies and Plantations in America or the West Indies, or to the Island of Newfoundland, or to His Majesty's Forts and Settlements on the Coast of Africa, or to the Island of St. Helena, or the British Settlements or Factories in the East-Indies, the Exporters of the said Wood called *Lignum Vitæ* do first make Oath of the true Destination of the same to the Places for which it shall be entered Outwards, before the Entry of the same shall be made; and do give full and sufficient Security, by Bond, to the Satisfaction of the Commissioners of His Majesty's Customs, to carry the said Wood called *Lignum Vitæ* to the Places for which it is so entered Outwards, and none other; and such Bond shall not be cancelled, or delivered up, until Proof be made to the Satisfaction of the said Commissioners, by the Production, within a Time to be fixed by the said Commissioners, and specified in the Bond, of a Certificate or Certificates, in such Form and Manner as shall be directed by the said Commissioners, shewing, that the said Wood called *Lignum Vitæ* has been duly landed at the Places for which it was entered Outwards: And the Right Honorable the Lords Commissioners of His Majesty's Treasury, the Commissioners for executing the Office of Lord High Admiral of Great Britain, and the Lord Warden of the Cinque Ports, are to give the necessary Directions herein as to them may respectively appertain.

*Copy of a Letter from the Right Honorable Admiral Lord Bridport, K. B. to Evan Nepean, Esq; dated the 2d Instant.*

S I R,

Enclosed is the Copy of a Letter I have received from the Honorable Captain Stopford, of His Majesty's Ship Phaeton, which I transmit to you for their Lordships Information.

I have the Honor to be, &c. &c. &c.

BRIDPORT.

*Phaeton, at Sea, 24th November, 1798.*

My Lord,

I Have the Honor to inform your Lordship, that His Majesty's Ship under my Command has this Day captured a French Brig Privateer called *La Resolue*, mounting Eighteen Guns, and carrying Seventy Men.

She was returning from a Cruise, in which she had captured One English Merchant Ship, called the *General Wolfe*, from Poole bound to Newfoundland; and an American Sloop, from Boston to Hamburgh, which latter was recaptured by the

Stag last Night. The Phaeton having continued the Chace after the Privateer, the Two Ships separated, but I am in Hopes that we shall soon again join.

I have the Honor to be, &c. &c. &c.

ROBT. STOPFORD.

*The Right Honorable Lord  
Bridport, K. B.*

#### NOTICE to MARINERS.

*Copenhagen, August 30, 1798.*

IN order to render those Mariners who frequent the Port of Bergen more confident of their Situation when on that Coast, particularly when sailing to and from the said Port by Skuddenees, a new Lantern-Light has been erected on the Point of that Naze, which will begin to burn on the 1st of January, 1799, and continue on the same Regulations as the Rest of the Lights, viz. during the Summer, from Easter till Michaelmas; when it will be lit One Hour after the Setting of the Sun; and during the Winter, from Michaelmas till Easter, it then being lit Half an Hour after the Setting of the Sun, and continuing to burn till Day-light. It is further made known, that this Lantern will be hoisted on a Mast or Pole, close to which a Shed is built and painted White; therefore the same must be seen very plainly in those Directions in which it presents itself to View. The Lantern will be about Three Hundred Feet above the Surface of the Water. It is already known that there has long been a Coal-Light on the Isles of Hvidding, and a Lantern-Light close to Hoyvarden, the latter serving when one has entered Carmsound, to assist in chusing a good Berth to anchor in. Whenever one may wish to bear away for the Bay and enter Carmsound, one ought, with due Attention, be able to distinguish the Light of Skuddenees and Hvidding Isles. This last, which is suspended between Two Poles, gives a Blaze-Light, but that on the Skuddenees, as has been observed, is a Lantern, and gives a clear and steady Light; and besides, this Light cannot be seen when one comes from the Westward, unless one is so much to the Southward that the Cliff of Giæstongen does not interrupt the View of it, or that you have it due N. E. by E.: And in this Point of the Compass, the Navigation is clear from Hvidding Isles; one may therefore, if one got Sight first of one Light, and were in Doubt a short Time which of them it was, steer a little East, for were it Skuddenees Light that appeared, one would shortly after see the Blaze of Hvidding Isles, unless it were a Fog, hazy Weather, or Snow Storm. If, however, by steering more to the Eastward, another Light does soon appear, it must naturally be that on Hvidding Isles, and one may then by Soundings set one's Course accordingly and take a View of the other, since, if from the Situation of Skuddenees Light being hidden from the high Land, a Light appears more to the Eastward, than due N. E. by E. be assured it must be Hvidding Isles. Knowing this, one may with Safety keep under Skuddenees, as one may now by the new Light know to a Certainty where the Bite is, and accordingly run in under the Land, and so into Carmsound. When one comes near the Smorf-takken, one may expect to see all the Three Lights;

and again, if the Light of Skuddenees is hidden by the high Land, then the Two others, particularly that close to Hoyvarden, will prove sufficient to direct one to a good Anchorage in this Harbour. But if one is unacquainted, and will not venture to run into Carmsound without Pilot, or other Obstacles presenting themselves, then the Lights on the Isle of Hvidding and Skuddenees will prove a remarkable Assistance to those who find themselves obliged to cruize here during the Night; but in that Case it is absolutely necessary to be particularly attentive that the Current (which is frequently very strong here) does not drive the Vessel on either Side.
