

Virtues, may be long continued a Blessing to your People, and that the Providence of the Almighty, so often peculiarly manifested in the Preservation of your Majesty's most sacred Person, may be continually watchful over it, and that the Imperial Crown of your United Kingdom may descend through your Royal House to the latest Posterity.

Given under the Common Seal of the said City, the Fifteenth Day of March, in the Year of our Lord One thousand eight hundred and three.

[Presented by the Honorable George Watson, Esq; and John Baker, Esq; Representatives in Parliament for the said City.]

To the KING's Most Excellent Majesty,
The humble and dutiful Address of the Mayor, Aldermen, and Common-Council of the City of Durham, in Common-Council assembled.

Most Gracious Sovereign,

WE, your Majesty's most dutiful and loyal Subjects, the Mayor, Aldermen, and Common-Council of the City of Durham, humbly offer our most heartfelt Congratulations on the providential Discovery and Prevention of the late traitorous Designs against your august Person, and the Stability of the State.

Truly sensible of the Happiness we enjoy under your wise and paternal Government, and justly appreciating the inestimable Value of our excellent Constitution, which secures to us all the Blessings of a rationally free and happy People, it is with mingled Horror and Detestation that we review those diabolical Projects, which, by depriving us of a revered and beloved Sovereign, and subverting a Government founded in Wisdom and Justice, would have plunged a prosperous Nation into Misery and Destruction.

That the same kind Providence, which has hitherto frustrated the Machinations of your Enemies, may ever watch over and protect your Majesty and your illustrious Family, is our most earnest and sincere Prayer.

Given under our Common-Seal the Sixteenth Day of March, in the Year of our Lord One thousand eight hundred and three.

By Order of the Court,
Wilkinson, Town Clerk.

[Presented by Richard Wharton, Esq; one of the Representatives in Parliament for the City.]

To the KING's Most Excellent Majesty,
The humble Address of the Inhabitants of the ancient Town and City of Peterborough and its Vicinity.

Most Gracious Sovereign;

WE, your Majesty's dutiful and loyal Subjects, the Inhabitants of the ancient Town and City of Peterborough and its Vicinity, humbly presume to participate in the general Joy diffused through an affectionate, loyal, and united Nation in testifying our most heartfelt Congratulations on the timely Discovery and Prevention of the traitorous Designs recently formed against your Majesty's sacred Person and our inestimable Constitution.

We acknowledge with reverential Awe the signal Interposition of Divine Providence, which averted the impending Danger; and offer to your gracious Majesty our Assurances of inviolable Attachment to your Majesty's Person and Government.

May that Almighty Power, which hath vouchsafed to frustrate this foul Conspiracy, long grant your Majesty to reign the Monarch of your People's Affections, and the Guardian of true Religion and the Laws.

[Presented by Doctor Lawrence, one of the Representatives in Parliament for the said City.]

To the KING's Most Excellent Majesty,

Most Gracious Sovereign,

WE, your Majesty's most dutiful, loyal, and affectionate Subjects, the High Steward, Mayor, Recorder, Aldermen, and Citizens of your ancient City of Chichester, beg Leave to approach the Throne with the most fervent Congratulations on the providential Detection and Defeat of the late iniquitous Design against your Royal Person.

Had not the most unequivocal Evidence proved, beyond the Possibility of a Doubt, the Existence of so foul a Treason, we could hardly have credited that there was in these Kingdoms a Heart so diabolical as to conceive, or a Hand so daring as to execute such a horrible Design against your Majesty's sacred Life; and, considering how nearly connected the dearest Interests of this Country are with that Life, we cannot sufficiently thank Eternal Providence for warding off the Blow of the Assassins, and prolonging to us the Blessings which, under your Majesty's mild Government, we have for such a Series of Years enjoyed.

We humbly beg your Majesty to believe, that we shall be ever ready, vigorously to defend your Majesty's august Person, and strenuously to support our happy Constitution, and that we will at all Times exert ourselves in bringing to light the Machinations of Traitors which may be aimed at the one, and in repelling the insidious Designs of the secret, or the open Attacks of the avowed Enemy which may be levelled against the other.

In Testimony whereof, we have caused the Common Seal of our said City to be hereunto affixed, this Fifteenth Day of March, in the Forty-third Year of your Majesty's most auspicious Reign.

[Presented by Major-General Lennox, Mayor.]

To the KING's Most Excellent Majesty.

Most Gracious Sovereign,

IMPRESSED with the strongest Abhorrence of the late traitorous Attempts against the sacred Person of your Majesty, and animated with the warmest Gratitude to Almighty God for his protecting Care; we, your Majesty's dutiful Subjects, the Mayor, Citizens, and Inhabitants of the City of Gloucester, humbly presume to offer our sincere Congratulations on your providential Deliverance; and to assure your Majesty that we shall be always ready to stand forth in Support of your Majesty's Government, as well against the insidious Machinations of domestic Treason as against the open Attacks of foreign Hostility.
