THE following Addresses having been presented to the King; which Addresses His Majesty was pleased to receive very graciously:

Unto the KING's Most Excellent Majesty.

WE, the Freeholders, Justices of Peace, and Commissioners of Supply of Perthshire, at this momentous Crisis present at your Majesty's Throne, our Assurances of zealous and determined Support in the arduous Contest in which the British Empire is engaged:—We well know, that the present is no common Warfare:—We know, that we are now contending for our Existence as a Nation, and for every Thing that is dear to Britons, or to Men:—We know, that a domineering and arrogant Enemy, after having reduced to Slavery, or subjected to his Controul many of the Nations of Europe, is exerting every Effort in order to subdue and destroy that People whose Spirit and Resources have hitherto, by the Blessing of Heaven, preserved their Independence and their Greatness, and saved them from gigantic and desolating Ambition. Recent Events have convinced us that every Effort to procure or preserve Amity with France, and the Ruler of France was unavailing; and that that Period which ought to have been the Period of Peace, has been characterized by a Spirit of Hostility, of Insult, and of Injury to this Country: Every further Concession or Relinquishment, it was therefore manifest could answer no other Purpose than to diminish the Power of Resistance and to facilitate the Means of Destruction. On the Issue of the War in which we have been involved (whilst we are neither appalled by the Danger, nor shrink from the Contest), we feel and we know depends the Enjoyment of our National Liberties, of our Freedom, of our political, domestic, and individual Happiness. If we fail, (and we can only fail from a Deficiency in Exertion,) abject Thralldom and Wretchedness must be our Portion; but if, under Providence, we are victorious, we shall attain more permanent and honorable Security and Prosperity, than even we, as a Nation, have hitherto enjoyed.

In this arduous Contest, which affects the Inhabitants of this Country of all Ranks and Descriptions, and in which all Classes of Men are interested, we can assure your Majesty that in this Part of your Dominions the same Spirit, and the same Zeal, to avenge the Insults of our menacing and vaunting Foe, animates every Individual. Embarked, as all now are, in one common Cause of Interest, of Danger, and we trust, of Glory, the Feelings by which all are influenced, are those by which, at this momentous Crisis, Britons ought to be animated, and the Conduct which all are anxious to adopt is such, as in the present Times Britons ought to pursue. We therefore beg to declare to your Majesty that the Sacrifices and Exertions which your Vigilance and the Wisdom of Parliament have called for, are deemed by us highly ne-
