St. James's, August 10, 1803.

THE following Addresses having been presented to the King; which Addresses His Majesty was pleased to receive very graciously:

To the KING's Most Excellent Majesty.

Most Gracious Sovereign,

AT a Period so important and eventful as the present, we, your Majesty's most loyal Subjects, the Mayor, Aldermen, Sheriffs, and Common-Council of the City of Gloucester, in Common-Council assembled, should think ourselves wanting in that Duty and Affection which we have uniformly borne to your Majesty's most illustrious Family were we to delay approaching your Royal Presence with the most unfeigned Assurances of our Loyalty to your Majesty's sacred Person and Government, and ardent and sincere Attachment to our most excellent Constitution.

Feeling, as we do, the Blessings we enjoy under this our free Constitution, and having that Feeling excited in a Degree proportioned to the Contrast the Situation of a neighbouring Country exhibits, and anxious to transmit those Blessings unimpaired to our Posterity, we beg Leave most humbly to assure your Majesty of our determined Resolution to use our utmost Exertions in the Support of the Measures of your Majesty's Government in carrying into Execution such Laws as your Majesty's Councils shall think advisable to enact at this momentous Crisis.

Given under our Common-Seal at the Tolsey, in the said City, the First Day of August One thousand eight hundred and three.

[Presented by the Right Honorable Lord Pelham.]

To the KING's Most Excellent Majesty,

The humble Address of the Mayor, Aldermen, and Citizens of the City of Worcester, in Common-Hall assembled.

WE beg Leave, at this critical and dangerous Conjunction, to renew our strongest Assurances to your Majesty that we have the Honor and Safety of your Majesty's Royal Person, the true Interest and Prosperity of your Dominions, the Security and Advancement of their Commerce, and the

Success of the War against France, entirely at Heart. These shall be the constant Objects of our Care and Attention, from which we shall never depart, being fully satisfied that the spirited Views with which your Majesty entered into this just and necessary War are not only evident to us but to the whole World.

Conscious that the Preservation of our most excellent Constitution, with all that is valuable to us, depends on our vigorous Exertions, we are the more strongly animated to support it by whatever Measures your Majesty shall deem expedient to adopt, being convinced that the Designs of the Government of France, whose inordinate and insatiable Views of restless Ambition are manifestly directed not only to overturn the Liberties of Europe in general, but to destroy your Majesty's Government, the solid Foundation of our Happiness.

We reflect with great Satisfaction that your Majesty used every possible Means to prevent the Renewal of Hostilities; and we are perfectly confident that your Majesty will do every Thing in your Power to restore the Blessings of Peace, as soon as it can be accomplished consistent with the Honor and Dignity of your Crown, and the Safety and Welfare of your Majesty's loyal Subjects.

To the KING's Most Excellent Majesty,

The humble Address of the Bailiffs and Citizens, Recorder, Sheriff, Clergy, and Inhabitants of the City of Lichfield.

Most Gracious Sovereign,

WE, your Majesty's dutiful and loyal Subjects, the Bailiffs, and Citizens, Recorder, Sheriff, Clergy, and Inhabitants of the City of Lichfield, humbly beg Leave to approach your Majesty at this important Crisis with Expressions of our sincere Concern, that your Majesty's Endeavours for the Preservation of Peace, and the unexampled Temper and Moderation evinced by your Majesty's Ministers during the late Negotiations, have been rendered unsuccessful by the ambitious Views of the French Government.

Impressed with the deepest Sense of the invaluable Blessings we enjoy under our happy Constitution, we humbly assure your Majesty of our Loyalty and Attachment to your Royal Person and Government,
