NOTICE TO MARINERS.

*Copenhagen, September 3, 1805.*

IN consequence of the Reports made by Adjutant-General Ovenern, the King has ordered the Erection of Lights, with reflecting Lamps, for the Direction of Navigators in the Baltic. Most of the Ships which navigate the Baltic having occasion to pass before Christiansoe, they run the Risk of being wrecked off that Place or the neighbouring Islands. To prevent these Misfortunes, and to point out the Course which Ships ought to take, it has been thought proper to erect on the Great Tower of Christiansoe a Light composed of Nine reflecting Lamps, the Circuit of which may be made in Three Minutes; so that, when the Nine large Lights are seen in the Distance, it requires about Twenty Seconds to pass from one to another. The Lights will disappear in the Intervals, but may always be seen, unless the Vessel be at too great a Distance. These Lights are to be placed at the Height of Ninety-two Feet above the Level of the Sea. This Elevation has been adopted to prevent this Beacon from being mistaken for that which has stood for some Years at the Northern Point of the Isle of Bornholm, and in which the Light is made by a Copal Fire. This Light is Two Hundred and Seventy-two Feet above the Level of the Sea, and, in clear Weather, may be distinctly seen Five or Six Miles off at Sea. The Lights at Christiansoe will be displayed, for the first Time, on the 1st of October 1805, and will be kept up, conformable to the Ordinance of the 21st of March 1705, and the Proclamation of 1st February 1799, that is to say, from Easter to Michaelmas, from one hour after sun-set to Sun-rise; and in Winter, from Half an Hour after Sun-set to Sun-rise.

(Signed) MALLÉT, FRESLEN, TONDER, &c.
