

here several days, and do Divert themselves with Hunting Comedies, and other Entertainments. Yesterday Count *Waldeck* came hither, and to morrow Mr. *Sidney*, Envoye Extraordinary from His Majesty of *Great Britain* is expected. This Meeting will last yet these eight or ten days, the Prince of *Orange* intending to be at the *Hague* on the 21 of this Month; and the Duke of *Zell* about the same time will return home, to meet his Sister the Queen-Mother of *Denmark*, who with the Queen her Daughter, and Prince *George*, will about the latter end of this Month pass through his Countrey on their way to *Piermont*; where its said the King of *Denmark*, and several Princes of the Empire will be about the 7th of the next Month, to drink the Waters.

Hague May 9. The King of *Denmark* is come into *Oldenburg* to take possession of that Countrey, at which, the Province of *Friesland* is somewhat alarmed, for that their Frontiers lye very open on that side, not having above two or three small Fortresses, and those very weakly Garrison'd, which could make no great resistance, in case the King of *Denmark* should attempt any thing upon them, by way of satisfaction for the Arrears of Subsidies that are due to him from this State. From *Hummelingen* they write, that the Princes who were met there, had for several days diverted themselves with Hunting; and that for the Entertainment of the Ladies, the Prince of *Hanover* had brought thither a Company of Comedians; that there was a great concourse of Persons of Quality, and that they intended to continue there till the 18th or 19th of this Month, when the Duke of *Zell* would return home, having changed the thoughts he had of coming hither with the Prince of *Orange*, for that the Queen-Mother of *Denmark* purposes to make him a visit about the latter end of this Month, as she goes to *Piermont* to drink the Waters, at which place there will likewise be, as we are informed a great Meeting, the King of *Denmark* and the Electors of *Brandenburg* and *Saxony*, intending as its said to meet there about the middle of the next Month or sooner.

Brussels, May 9. Don *Bernardo de Salinas*, Envoye Extraordinary from the King of *Spain* to the Crown of *Denmark*, parted from hence yesterday morning for the *Hague*, from whence, before he takes his Journey to *Copenhagen*, he will go to *Heydelberg* to Compliment the Elector Palatine. The Sieur *Smitz*, Envoye Extraordinary from the Duke of *Hanover*, having dispatched the Matter he came about, which was to settle the payment of the Arrears of Subsidies due to his Master, went hence this Morning for the *Hague*, to reside there in the place of the Sieur *Scutz*, whose Indisposition renders him unable to continue in that Employment. The young Prince of *Hanover* is likewise gone for *Holland* to see that Countrey in his way home. The last night arrived here the Duke of *Bejar*, Grandee of *Spain*, who comes to Traite a Pike in the Marquis of *Bedmars* Regiment. From *Gaunt* we have an Account, that the Prince of *Parma*, who was gone to visit *Audenard* and *Courtray*, would be back there this Evening, and that his Highness will go to morrow for *Bruges*, *Ostend*, and *Newport*, where his stay will be very short, his Highness intending to return hither before the end of

the next week. From *Liege* they write, that the Elector of *Cologne* had given Orders for the immediate rebuilding the Walls of *Vifet*.

Falmouth, April 25. Yesterday arrived here the *Mary* of *London* in five weeks from *Virginia*, from whence she came in company of the *Leghorn Merchant*, who is put into *Plymouth*; the day before they came away, there arrived the *Constance* of *London*, Capt. *Smith* Commander. On Thursday last were seen off of this Harbor, between 20 and 30 Sail of Dutch Merchant-Ships, which we suppose are bound for *Portugal*.

Plymouth, April 26. This day His Majesties Ships the *Assistance*, Sir *Robert Robinson* Commander, and the *Assurance* Captain *Ockerman*, who came from the *Streights* sailed to the Eastward.

Portsmouth, May 3. The *Falcon* Frigate Captain *Churchil* Commander came yesterday to an Anchor at *Spitthead*.

IN pursuance of His Majesties special Order, Commanding the care and diligence of some of the Queens Troop of His Guards, to secure all suspected Highway-men, and such like Malefactors; They did upon the 26th and 28th of April last, Apprehend fourteen Persons, whereof some are notorious for Robbing on the Highway, and some for Burglary, and other Crimes, who are all Committed to the Gatehouse-Prison at Westminster. And whereas it hath been falsely reported that some of these Offenders were (at the time they were seized upon) belonging to His Majesties Guards, This is therefore to Certifie, that (upon their Examination before the Justice of Peace) it did appear, not one of them was either of the Horse or Foot-Guards, but were bred up to Trades and Callings in and about the Cities and Suburbs of *London* and *Westminster*, which they had failed in, and forsaken by their lewd Courses. And in order to the prosecution of them for the publick good, It is desired that such Persons who have been lately robbed, will repair to the said Gatehouse at Westminster, where they may have a sight of the Prisoners, who (upon knowledge of any of them) will there be directed to a Magistrate that hath severall Informations against them.
