*Extract of a Letter from Vice-Admiral Lord Collingwood, Commander in Chief of His Majesty's Ships and Vessels in the Mediterranean, to the Honourable W. W. Pole, dated Ocean, off Calix, June 21, 1808.*

I ENCLOSE, to be laid before the Lords Commissioners of the Admiralty, the Copy of a Letter which I have received from Captain Campbell, of His Majesty's Ship the *Unité*, giving an Account of his having captured, on the 2d ultimo, the Italian Brig of War *El Ronco*, of Sixteen Thirty-two-Pounder Carronades, with a Complement of One Hundred Men.

I also forward an Extract of a Letter from Captain Bligh, of the *Pylades*, stating his having captured, on the same Day, the French Privateer *Settee Le Grand Napoleon*, pierced for Ten Guns, but only Four mounted, with a Complement of Thirty-eight Men.

*His Majesty's Ship Unité, Cape Promontore*

MY LORD, *S. E. 7 or 8 Miles, May 2, 1808.*

I HAVE the Pleasure to acquaint your Lordship of my having captured this Morning at Day-break, the Italian Brig *El Ronco*, of Sixteen Thirty-two-Pounder Brass Carronades, (pierced for Eighteen) and One Hundred Men. after receiving several of her Broadfides, which cut our Sails and Rigging a good deal. She had scarcely hauled her Colours down, when we observed a Frigate and Schooner to Windward; it being about North and very light, though Chace was instantly given, they effected their Escape into Pola, when we had got within Two Gun Shot of them.

The Alacrity and Zeal shewn by my Officers and Ship's Company on this Occasion, deserve the greatest Praise. *El Ronco* is only Two Months off the Stocks, measures about Four Hundred Tons, extremely well found, and in my Opinion, very fit for His Majesty's Service.

I have the Honour to be, &c.

PAT. CAMPBELL.

*Right Hon Lord Collingwood, &c. &c. &c.*

*Extract of a Letter from Captain Bligh, of His Majesty's Sloop Pylades, dated at Sea, May 3, 1808, to Vice-Admiral Lord Collingwood.*

I HAVE the Honour to inform your Lordship, that Yesterday His Majesty's Sloop under my Command, stretching over to Cape Bon, with a fresh Breeze from the N. E. at Ten A. M. saw a *Settee* coming down before the Wind for the Purpose of reconnoitring us; when perceiving what we were, immediately hauled her Wind on the Starboard Tack, and after a Chace of Five Hours in the Wind's Eye, came up with and captured her. She proves to be the *Le Grand Napoleon* Privateer, commanded by Jacques Boniface Morrier, pierced for Ten Guns, but only Four mounted, One of which thrown overboard during the Chace, with a Complement of Thirty-eight Men. She was Thirteen Days from Marfeilles, had taken nothing, nearly new, and equipped for a Two Months' Cruize.

I also had the Pleasure to capture, on the 26th Ult. *Le St. Honore*, a French Tartan, from Porto Ticho in Corfica, bound to Tripoli. She had in Seven Hundred Musket-Barrels and Locks for ditto.

(Signed) G. M. BLIGH.
