*St. James's, August 31, 1808.*

THE following Addresses having been transmitted to the Right Honourable Lord Hawkebury, His Majesty's Principal Secretary of State for the Home Department, have been by his Lordship presented to the King; which Addresses His Majesty was pleased to receive very graciously:

To the KING's Most Excellent Majesty.

*Most Gracious Sovereign,*

WE, your Majesty's most dutiful and loyal Subjects, the Noblemen, Gentlemen, Clergy, and Freeholders of the Queen's County, beg Leave humbly to approach your Throne with Sentiments of the most affectionate Attachment to your Majesty's Person and Government.

We are desirous of expressing to your Majesty the Indignation which we feel at the late atrocious Attempt of the Ruler of France (the common Enemy of all free and independent States) upon the Rights and Liberties of the Spanish Nation.

The noble and heroic Manner in which the Patriots of Spain have resisted the Attack upon their Monarchy and Independence, and the successful Efforts which they have already made towards expelling the Armies of France, have excited in us the highest Sentiments of Admiration, and given us a lively Hope, that the Cause of the Spaniards may be ultimately triumphant, the Integrity of the Spanish Monarchy may be maintained, and the Prosperity and Tranquillity of Spain, secured in friendly Alliance with your Majesty.

We are impressed with Sentiments of the most fervent Gratitude, by the Manner in which your Majesty has recognized the Spanish Nation as a Friend and Ally against the Common Enemy, and by your gracious Declaration, that you had no other Object than that of preserving unimpaired the Integrity and Independence of the Spanish Monarchy.

We are anxious to lay at the Foot of your Majesty's Throne the earliest Declaration of our firm Reliance upon the Energy and Wisdom of your Majesty, and our confident Hope, that no Exertion will be omitted to assist and promote the glorious Cause that your Majesty has so justly and so nobly espoused.

We beg Leave with all Humility to assure your Majesty, that we shall with the most enthusiastic Zeal be ready to make any Sacrifices that may be deemed necessary to enable your Majesty to proceed in the great Work you have so magnanimously commenced.

It is our earnest Hope and Prayer, that the patriotic Struggle in which the Spanish Nation is at present engaged, supported by your Majesty's Arms and the Resources of the United Kingdom of Great Britain and Ireland, may, under Divine Providence, not only tend to establish the Independence and Integrity of the Spanish Monarchy, but finally restore Liberty, and Order to the oppressed Nations of Europe, and lead to the inestimable Blessings of an honourable, secure and lasting Peace.

*Geo. Pigott, Sheriff.*

[Transmitted by His Grace the Lord Lieutenant of Ireland.]

To the KING's Most Excellent Majesty.

WE, your Majesty's true and faithful Subjects, the Nobility, Clergy, Gentry, and Freeholders of the County of Westmeath, beg Leave to approach your Throne with Expressions of our heartfelt Satisfaction at the wise and magnanimous Decision of your Majesty in assisting the Spanish Nation in their virtuous Struggle to resist the Yoke of hateful Tyranny, and to rescue from the Fangs of insatiable Ambition their deluded Monarch, their injured Country, their violated Laws, and their profaned Religion. And we entertain an exulting Confidence that, by the Blessing of Divine Favour, your Majesty's Arms, aiding the Efforts of a brave People, will at length attain the great and constant Object of your Majesty's Wishes, by restoring the oppressed Part of Europe to Peace and Happiness at this awful Juncture, which, by the irresistible Interposition of Providence, may manifest to the insulted World, that usurped Dominion, founded upon the most detestable Guilt, and sustained by the most aggravated Crimes, shall not ultimately triumph.

Your Majesty's loyal Subjects rejoice in the bright Example of the Sovereign of a free People, exalted above the mistaken Policy of extending Dominion, casting a true Light upon the real In-
