Downing-Street, September 7, 1809.

DISPATCHES, of which the following are Copies and Extracts, were this Day received at the Office of Viscount Castlereagh, one of His Majesty's Principal Secretaries of State, from Lieutenant-General Viscount Wellington, K. B.

MY LORD, Truxillo, August 20, 1809.

I WROTE some Days ago a Letter to the French Commander in Chief, which I sent to him by Lieutenant-Colonel Walters, to request his Care and Attention to the wounded Officers and Soldiers of the British Army, who had fallen into his Hands, in return for the Care and Attention which I had paid to the French Officers and Soldiers, who had fallen into my Hands at different Times; and that he would allow Money to be sent to the Officers; and that Officers, who should not be deemed Prisoners of War, might be sent to superintend and take care of the Soldiers, till they should recover from their Wounds, when the Officers should be sent to join the British Army.

I received a very civil Answer from Marshal Mortier, promising that every Care should be taken, and every Attention paid to the British Officers and Soldiers who were wounded; but stating, that he could not answer upon the other Demands contained in my Letter, having been obliged to refer them to the Commander in Chief.

Since the Receipt of this Letter, Mr. Dillon the Assistant Commissary has arrived from Talavera, having been taken Prisoner near Cevolla on the 27th of July, previous to the Action, and having been allowed to come away.

He reports that the British Officers and Soldiers who are wounded, are doing remarkably well; and are well fed and taken Care of; indeed he says preferably to the French Troops.

I propose to send Colonel Walters with another Flag of Truce, To-morrow Morning, and a Letter to the Commander in Chief of the French Army, requesting that a Sum of Money which I shall send may be given to the Officers; and I shall endeavour to establish a Cartel of Exchange, as soon as possible.

I have the Honour to be, &c.

ARTHUR WELLESLEY,

Lord Viscount Castlereagh, &c. &c. &c.

MY LORD, Truxillo, August 21, 1809.

WHEN I marched from Talavera on the 3d Instant, with a view to oppose the French Corps which we had heard had passed through the Puerte de Banos, and had arrived at Plasencia, Sir Robert Wilson was detached upon the Left of the Army, towards Escalona; and before I marched on that Morning, I put him in Communication with the Spanish General Cuesta, who it had been settled was to remain at Talavera. I understood that General Cuesta put Sir Robert in Communication with his advanced Guard, which retired from Talavera on the Night of the 4th.

Sir Robert Wilson, however, did not arrive at Valada till the Night of the 4th, having made a long March through the Mountains: and as he was then Six Leagues from the Bridge of Arzo Bispo, and had to cross the High Road from Oropesa to Talavera, of which the Enemy was in Possession, he conceived that he was too late to retire to Arzo Bispo, and he determined to move by Venta St. Julien and Centinello towards the Tietar, and across that River towards the Mountains which separate Castille from Estremadura.

Some of Sir Robert Wilson's Dispatches having missed me, I am not aware by which of the Passes he went through the Mountains; but I believe by Tornavacas. He arrived, however, at Banos on the 11th, and on the 12th was attacked and defeated by the French Corps of Marshal Ney, which, with that of Soult, returned to Plasencia on the 9th, 10th, and 11th, that of Ney having since gone on towards Salamanca.

I enclose Sir Robert Wilson's Account of the Action. He has been very active, intelligent, and useful in the Command of the Portuguese and Spanish Corps with which he was detached from this Army.

Before the Battle of the 28th of July, he has pushed his Parties almost to the Gates of Madrid, with which City he was in Communication; and he would have been in Madrid, if I had not thought it proper to call him in, in Expectation of that general Action which took place on the 28th of July. He afterwards alarmed the Enemy on the Right of his Army; and throughout the Service, shewed himself to be an active and intelligent Partizan, well acquainted with the Country in which he was

acting, and possessing the Confidence of the Troops which he commanded.

Being persuaded that his Retreat was not open by Arzo Bispo, he acted right in taking the Road he did, with which he was well acquainted; and although unsuccessful in the Action which he fought, (which may well be accounted for, by the superior Numbers and Description of the Enemy's Troops,) the Action, in my Opinion, does him great Credit.

I have the Honour to be, &c. &c. &c.

(Signed) ARTHUR WELLESLEY.

SIR, *Miranda de Castenar, Aug. 13, 1809*

I HAVE the Honour to acquaint you, that I was on March Yesterday Morning on the Road of Grenadela from Aldea Nueva, to restore my Communication with the Allied Army, when a Peasant assured us, that a considerable Quantity of Dust which we perceived in the Road of Plasencia, proceeded from the March of a Body of the Enemy.

I immediately returned and took post in Front of Banos, with my Pickets in Advance of Aldea Nueva, selecting such Points for Defence as the Exigency of the Time permitted.

The Enemy's Cavalry advanced on the high Road, and drove back my small Cavalry Posts; but a Picket of Spanish Infantry, which I had concealed, poured in on the Cavalry a steady and well-directed Fire, that killed and wounded many of them.

The Two Hundred Spanish Infantry in Advance of Aldea Nueva, continued, under the Direction of Colonel Grant and their Officers, to maintain their Ground most gallantly, until the Enemy's Cavalry and Chasseurs à Cheval, in considerable Bodies, appeared on both Flanks, when they were obliged to retreat.

The Enemy's Chasseurs à Cheval and Cavalry advanced in great Numbers in every Direction, and pushed to cut off the Legion posted between Aldea Nueva and Banos; but, by the steady Conduct of Officers and Men, the Enemy could only advance gradually, and with a very severe Loss from the commanding Fire thrown on them.

The Merida Battalion, however, having given way on the Right, a Road was laid open, which cut behind our Position, and I was obliged to order a Retreat on the Heights above Banos, when I was again necessitated to detach a Corps, in order to scour the Road of Monte Major, by which I saw the Enemy directing a Column, and which Road turned altogether the Puerto de Banos, a League in our Rear.

At this Time, Don Carlos Marquis de Estragne came up with his Battalion of Light Infantry, and, in the most gallant Manner, took Post along the Heights commanding the Road of Banos, which enabled me to send some of the Merida Battalion on the Mountain on our Left commanding the main Road, and which the Enemy had tried to ascend.

The Battalion of Light Infantry, the Detachment of the Legion on its Right continued, notwithstanding the Enemy's Fire of Artillery and Musketry, to maintain their Ground; but, at Six o'Clock in the Evening, three Columns of the Enemy mounted the Height on our Left, gained it, and poured such a Fire on the Troops below that longer Defence was impracticable, and the Whole

was obliged to retire on the Mountains on our Left, leaving open the main Road, along which a considerable Column of Cavalry immediately poured.

The Battalion of Seville had been left at Bejar with Orders to follow me next Day, but when I was obliged to return, and the Action commenced, I ordered it to Puerto Banos, to watch the Monte Major Road and the Heights in the Rear of our Left.

When the Enemy's Cavalry came near, an Officer and some Dragoons called out to the Commanding Officer to surrender, but a Volley killed him and his Party, and then the Battalion proceeded to mount the Heights, in which Movement it was attacked and surrounded by a Column of Cavalry and a Column of Infantry, but cut its Way and cleared itself, killing a great many of the Enemy, especially of his Cavalry.

The Enemy is now passing to Salamanca with great Expedition; I lament that I could no longer arrest his Progress, but, when the enormous Superiority of the Enemy's Force is considered, and that we had no Artillery, and that the Puerto de Banos on the Estremaduran Side, is not a Pass of such Strength as on the Side of Castile, especially without Guns, I hope that a Resistance for Nine Hours, which must have cost the Enemy a great many Men, will not be deemed inadequate to our Means.

I have to acknowledge the Services rendered me on this Occasion by Colonel Grant, Major Reiman, Don Fermén Marquis, Adjutant-Major of the Dragoons of Pavia, Captain Charles and Mr. Bolman; and to express the greatest Approbation of Two Companies of the Merida Battalions advanced in Front, and of the Commanding Officer and Soldiery of the Battalions of Seville, and the Portuguese Brigade. I have already noticed the distinguished Conduct of Don Carlos, and his Battalion merits the highest Encomiums.

I have not yet been able to collect the Returns of our Loss. From the Nature of Mountain Warfare, many Men are missing who cannot join for a Day or two, but I believe the Enemy will only have to boast that he has achieved his Passage, and his Killed and Wounded will be great Diminution of his Victory.

I have the Honour to be, &c.

ROBERT WILSON.

Sir A. Wellesley, &c. &c. &c.

Truxillo, August 21, 1809.

GENERAL CUESTA moved his Head Quarters from the Neighbourhood of the Bridge of Arcobispo on the Night of the 7th Instant, to Peraleda de Garbin, leaving an Advanced Guard, consisting of Two Divisions of Infantry, and the Duke D'Albuquerque's Division of Cavalry, for the Defence of the Passage of the Tagus at this Point.

The French Cavalry passed the Tagus at a Ford, immediately above the Bridge, at Half-past One in the Afternoon of the 8th, and surprised this advanced Guard, which retired, leaving behind them all their Cannon, as well as those in the Batteries constructed for the Defence of the Bridge.

The General then moved his Head Quarters to the Mesa d'Ibor on the Evening of the 8th, having his Advanced Guard at Bohoral. He resigned the Command of the Army on the 12th, (on account of the bad State of his Health,) which has devolved

upon General Equia. The Head Quarters of the Spanish Army are now at Deleytosa.

It appears that a Detachment of Vanegas's Army had some Success against the Enemy, in an Attack made upon it in the Neighbourhood of Aranjuez, on the 5th Instant. General Vanegas was then at Ocana, and he had determined to retire towards the Sierra Morena; and after the 5th, he had moved in that Direction. He returned however towards Toledo, with an Intention of attacking the Enemy on the 12th, but on the 11th the Enemy attacked him with Sebastiani's Corps, and Two Divisions of Victor's, in the Neighbourhood of Almoracid. The Action appears to have lasted some Hours, but the French having at last gained an Advantage on General Vanegas's Left, he was obliged to retire, and was about to resume his Position in the Sierra Morena.

On the 9th, 10th, and 11th, large Detachments of the French Troops which had come from Plafencia, returned to that Quarter, and on the 12th, they attacked and defeated Sir Robert Wilson in the Puerto de Banos, on their Return to Salamanca.

It appears now that the French Force in this Part of Spain is distributed as follows; Marshal Victor's Corps is divided between Talavera and La Mancha; Sebastiani's is in La Mancha; Marshal Mortier's at Oropesa, Arzobispo, and Naval Moral; Marshal Soult's at Plafencia; and Marshal Ney's at Salamanca.

Distress for Want of Provisions, and its Effects, have at last obliged me to move towards the Frontiers of Portugal, in order to refresh my Troops. In my former Dispatches I have informed your Lordship of our Distress for the Want of Provisions and the Means of Transport. Those Wants, which were the first Cause of the Loss of many Advantages after the 22d of July, which were made known to the Government, and were actually known to them on the 20th of last Month, still exist in an aggravated Degree, and under these Circumstances I determined to break up on the 20th from Jarajicejo, where I had had my Head Quarters since the 11th, with the advanced Posts on the Tagus near the Bridge of Almaraz, and to fall back upon the Frontier of Portugal, where I hope I shall be supplied with every Thing I want.

Admiralty-Office, September 9, 1809.

LETTERS, of which the following are Copies or Abstracts, have been received at this Office from Vice Admiral Lord Collingwood, Commander in Chief of His Majesty's Ships and Vessels in the Mediterranean, addressed to the Honourable William Wellesley Pole.

Admiralty-Office, September 9, 1809.

A LETTER has been received at this Office by the Honourable William Wellesley Pole from Vice Admiral Lord Collingwood; dated on board the Ville de Paris off Toulon, the 21st June last, transmitting Two Letters from Captain Stewart, of His Majesty's Ship Sea-Horse, and one from Captain Maxwell, of His Majesty's Ship Alceste, detailing their Proceedings on the Coast of Italy.

Captain Stewart reports the Destruction of the Enemy's Forts on the small Islands of Gianuti and Pianoso, in which Services great Gallantry appears to have been displayed by the Officers and Men who

were employed under the Directions of Lieutenants Bennett and Pearse, of the Sea-Horse and Halcyon. About One Hundred of the Enemy were made Prisoners. One Private Marine of the Sea-Horse only was killed, and another wounded.

Captain Maxwell states the Destruction of Two Gun-Boats at Terrarina, by the Alceste and Cyane; the bringing off from a Depot of Timber on the Coast as much Wood as the Two Ships could carry; and the Demolition of Three strong Martello Towers by a Detachment of Seamen and Marines, commanded by Captain Staines, of the Cyane, who displayed equal Judgment and Resolution on the Occasion. Whilst the Ships were taking off the Timber, a Serjeant, Two Corporals, and Twenty Privates came on board, Deserters from the French Army.

Lord Collingwood at the same Time communicates an Account he had received from Captain Duncan, of the Mercury, of the Destruction of a Number of Trabaccolos and other Vessels, on the Beach of Rotti, near Manfredonia, by the Boats of that Ship, under Lieutenant Gordon.

SIR,

INCLOSED I transmit you, for the Information of the Lords Commissioners of the Admiralty, a Letter I have received from Captain Raitt, Commander of His Majesty's Sloop the Scout, giving an Account of the Boats of that Sloop having carried an Enemy's Battery near Cape Croisette, and captured and destroyed Seven Sail of the Enemy's Coasters, which had taken Shelter under it.

Captain Raitt speaks in high Terms of Praise of the Conduct of Lieutenant Batterby, who commanded the Boats on this Occasion, and of the Officers and Men who accompanied him.

I have the Honour to be, &c.

Hon. W. W. Pole.

COLLINGWOOD.

*His Majesty's Sloop Scout,
at Sea, June 14, 1809.*

MY LORD,

I BEG Leave to inform your Lordship, that this Morning having observed a Convoy of about Fourteen Sail under the Protection of Two Gun-Boats, coming round Cape Croisette, steering to the Eastward, I made all Sail in Chace, but about One P. M. it falling nearly calm, and the Convoy a good deal dispersed, I detached the Boats, under the Command of Lieutenant Batterby, manned by Volunteers. Seven Sail pushed for a Harbour, about Three Leagues to the Eastward of the Cape, where the Boats proceeded under a heavy and well directed Fire of Grape and Musketry. After landing a Party to keep the Enemy in check, who were numerous among the Rocks, stormed and took Possession of the Battery, with two Six-Pounders mounted in Embrazures, which, after spiking, brought out the whole of the Vessels, although they were fast with Ropes to their Masts-head and Keels, and constantly annoyed with Musketry from behind the Rocks. I am sorry to say this Service has not been performed without some Loss on our Side, having One killed and Five wounded, Two badly; but from the Time, and other great Advantages the Enemy had, I hope your Lordship will agree with me in thinking it comparatively small.

The Conduct of the whole of the Officers, Seamen, and Marines employed on this Occasion, deserves the

highest Commendation; but I wish to point out particularly, that of Lieutenant Batterby, the First Lieutenant, that led the Party up to storm the Battery. From his Conduct on this Occasion, and a great Number of others that he has performed in the Streights of Gibraltar, I beg Leave to recommend him to your Lordship. The Conduct of Mr. Farrant, Second Lieutenant, Mr. Batten, Master, and Mr. Thompson, Master's Mate, deserve my warmest Thanks, for their determined Bravery in going up the Harbour with the Boats under a heavy Fire of Grape and Musketry from both Sides, who have at all Times handsomely volunteered their Services on similar Occasions.

The Prizes are Laden with Wool, Grain, Leather, Flour, and Cheese; Two of them I have been obliged to destroy after taking out their Cargoes, the others I have sent to Makon. I beg Leave to inclose a List of Killed and Wounded.

I have the Honour to be, &c.

(Signed) WM. RAITT.

Admiralty-Office, September 9, 1809.

VICE-ADMIRAL LORD COLLINGWOOD has transmitted to the Honourable William Wellesley Pole, another Letter from Captain Raitt of His Majesty's Sloop the Scout, giving an Account of a gallant Attack made on the 15th July, by a Party of Seamen and Marines, under the Direction of Lieutenant Batterby, on a strong Battery which commanded the Port of Carry, between Marseilles and the Rhone. The Fort was carried without any Loss on our Side, and all the Guns in it spiked; Five of the Enemy were killed, and Seven made Prisoners.

Admiralty-Office, September 9, 1809.

VICE-ADMIRAL LORD COLLINGWOOD has transmitted to the Honourable William Wellesley Pole, a Letter from Captain Brenton of His Majesty's Ship the Spartan, giving an Account of the Reduction of the Citadel and Batteries on the Island of Lussin, on the Coast of Croatia, on the 10th of May last, by that Ship acting in concert with a Detachment of Austrian Troops, under the Command of Lieutenant-Colonel Baron Ocharnick. The Garrison, consisting of One Hundred and Seventy Men, was compelled to surrender at Discretion, after some Opposition to the Attacks of the Allies, in which

the greatest Gallantry was displayed by the latter, and in which they had only Three Men wounded. The Conduct of Lieutenant Willes and Baumgardt of the Spartan, and Lieutenant Figen of the Marines, is particularly noticed by Captain Brenton.

Lord Collingwood has also enclosed a Letter from Captain Bullen of the Volontaire, giving an Account of the Destruction of Fort Rioux, on the Coast of France, and the Capture of Five Vessels which it protected, by the Boats of the above Ship, under the Command of Lieutenant Shaw, of whose Gallantry Captain Bullen speaks in high Praise. On the Side of the English there were only Two wounded, the Enemy had Five killed and Eight wounded.

*Ville-de-Paris, off Toulon,
July 16, 1809.*

SIR,

HAVING received by the *Espero*, a Letter from Rear-Admiral Martin, dated the 2d Instant, giving a Detail of the Proceedings of the Squadron under his Orders, in their Co-operation with the British and Sicilian Army, which informs me of their having landed on and taken Possession of the Islands of Ischia, and Procida, where the Enemy made but little Opposition; I have the Honour to transmit Rear-Admiral Martin's Letter, by which their Lordships will be fully informed of what occurred on this Service.

A numerous Flotilla of Gun-Boats which were collecting from Gaeta, and other Parts of the Coast, were attacked by the *Cyane*, *Espero*, and the British and Sicilian Gun-Boats, when about Forty of them were taken or destroyed. The *Cyane* was afterwards engaged with other Divisions of Gun-Boats, and the Batteries on Shore which protected them, at one of which Captain Staines on the 26th landed, stormed it and destroyed the Guns.

On the 27th the Italian Frigate of Forty Guns, and a Corvette which were making their Escape from Baia to Naples, were attacked by the *Cyane*, and although assisted by all the Batteries on the shore, it was with great Difficulty she got into the Mole at Naples. It is represented to me that nothing could exceed the Gallantry which was displayed by Captain Staines in all these several Attacks, in which he was for Three Days (and with little Interruption by Night) engaged in a Succession of Battles. I am sorry to add that he is grievously wounded, having lost his left Arm, and received much Injury in other Parts of the Body. Lieutenant Hall the Senior Lieutenant, is also severely wounded, on the last Day; as the Second Lieutenant had been disabled before, the Ship was latterly fought and conducted by the Master, who acquitted himself as a brave and good Officer. The Report of Killed and Wounded, I enclose.

As the *Cyane* has suffered very much in her Hull, Masts, and other Respects, I have sent Orders for her to proceed to England to be refitted.

I have the Honour to be, &c.

(Signed) COLLINGWOOD.

The Honourable W. W. Pole.

The Canopus, at Anchor, S. E. End of

My Lord, the Island of Ischia, July 2, 1809.

I HAVE the Honour to acquaint your Lordship that I sailed from Melazzo on the 11th of June, in Company with His Majesty's Ships *Spartiate*, *War-*

rior, Cyane, and Espoir; and the same Day I detached the Philomel with Four Transports, containing Two Regiments of Infantry, which Sir John Stuart wished to be landed on the Coast of Calabria, for the Purpose of Destroying the Enemy's Batteries, and of undertaking the Siege of Scylla, should it be found practicable. I proceeded with the Remainder of the Transports, Gun-Boats, &c. amounting in the whole to One Hundred and Thirty-Three Sail, into the Gulf of St. Eufemia, and close along the Coast of Calabria, in the Hope of diverting the Attention of the Enemy from Lower Calabria, and of enabling the Two Regiments detached by the General, to effect the Purpose for which they were sent. For Four or Five Days it was nearly calm; and the whole Expedition continued in Sight of Calabria. On the 15th, the Ships and Transports from Palermo, amounting to nearly One Hundred Sail, accompanied by Two Sicilian Frigates and the Alceste, joined us; His Royal Highness Prince Leopold was on board one of His Sicilian Majesty's Frigates, and Lieutenant-General Bourcard, appointed to command the Sicilian Troops employed on this Expedition, in the other. Sir John Stuart, upon being joined by this Force, expressed a Desire that General Bourcard should continue, with his Division, on the Coast of Calabria, and actually put some Men on Shore to effect a Diversion, and that in the mean Time we should proceed with the British and Sicilian Troops which had sailed with us from Milazzo, to make an Attack on the Islands of Ischia and Procida. On the 24th, I anchored with the whole of the Ships to the Northward of the said Islands; and on the Morning of the 25th, a Landing was effected on the Island of Ischia, under Cover of His Majesty's Ships Warrior and Success, and His Sicilian Majesty's Sloop Leone, with several Sicilian and English Gun-Boats, without the Loss of a single Man, and the whole taken Possession of, except a strong insulated Castle off the South-East Part of the Island, which did not surrender till the 1st Instant, after Batteries had been erected and opened against it. The Island of Procida capitulated on the Evening of the 25th: and that Night I received Information that a Flotilla of Gun-Boats, &c. was coming from Gaeta along Shore; in consequence of which, the few Gun-Boats near us were detached in that Direction, and at Daylight of the 26th, the Flotilla, amounting to Forty-seven Sail, was seen, and a Signal made to Captain Staines, of the Cyane, (whom I had before detached to the Southward of Ischia and Procida, with the Espoir and some of the Sicilian Gun-Boats to endeavour to hinder Reinforcements and Supplies being thrown into those Islands,) to prevent the Gun-Boats from entering the Bay of Naples. Captain Staines executed that Service with the same Ability and Judgment, which he has shewn upon every other Occasion; and by turning the Gun-Boats, and preventing their rounding the Point of Baize, they were brought to Action by the Sicilian and English Gun-Boats, supported by the Cyane and Espoir, and Eighteen of them (Gun-Boats) taken and Four destroyed. No Language which I am Matter of, can convey to your Lordship an adequate Idea of the Gallantry, Judgment, and good Conduct displayed by Captain Staines. From the Time of our Arrival before the Bay of Naples, he was frequently engaged with the Batteries and Gun-Boats near Baize; captured a Polacca from thence

with Troops destined for Procida; landed himself, supported by some Sicilian Gun-Boats, and destroyed a Battery, with which he had been for some Time engaged, of Four Forty-two-Pounders and a Ten Inch Mortar: and on the 27th of June, Captains Staines and Mitford attacked the Enemy's Frigate and Corvette, which, with a Number of Gun-Boats, were mooring from Baize to the Mole of Naples. The Action lasted from Seven till Half-past Eight P. M. with the Frigate, (the Corvette out-sailing her much, soon made the best of her Way to Naples,) during the greater Part of the Time, the Cyane was within Half Pistol-Shot of the Enemy's Frigate, but from her being so near the Shore, and supported by a Number of Gun-Boats and Batteries, was not able to continue the Action. It is with sincere Concern I have to inform your Lordship, that during the Action Captain Staines, and both the Lieutenants of the Cyane, were wounded; but the Ship was fought, the latter Part of the Action, by Mr Joseph Miller, the Master, of whom Captain Staines speaks in the highest Terms, and begs to recommend to your Lordship. The Captain speaks also very highly of the Conduct of Lieutenant James Hall, First of the Cyane, and of every Officer and Man under his Command.

I have the Honour to transmit, under another Cover, a List of the Killed and Wounded on board the Cyane on the 26th and 27th of June. Captain Staines has lost his left Arm out of the Socket at his Shoulder, and is wounded also in the Side, but is in a fair Way of Recovery. Lieutenant Hall is also severely wounded in the Thigh and Arm, but there is every Reason to hope he will do well.

I have the Honour to be, &c.

(Signed) GEO. MARTIN.

P. S. In Addition to the Gun-Boats captured or destroyed, Eleven smaller Armed Vessels were taken, and Four destroyed the same day.

I will do myself the Honour of transmitting to your Lordship, by the next Opportunity, a Copy of the Articles of the Capitulation of the Islands of Ischia and Procida.

(Signed) GEO. MARTIN.

SIR,

I INCLOSE a Letter from Captain Griffiths, to be laid before my Lords Commissioners of the Admiralty, giving an Account of an Attack made by the Boats of the Topaze, on Nine of the Enemy's Vessels lying at Anchor in the Road of Demata, on the Coast of Albania, which were with great Gallantry boarded and brought out, notwithstanding the Opposition of a very superior Force; Three of them being Vessels regularly armed for War, and in complete Preparation for Resistance.

The Conduct and Spirit of Lieutenant Hammond on this Occasion, is deserving of the highest Praise. Mr. Garson the Acting Master, the Lieutenants Mercer and Halsted, of the Royal Marines, and the other Officers and Men, supported him in a Manner worthy of their Character of British Seamen and Marines.

I have the Honour to be, &c.

*His Majesty's Ship Topaze, off Paxo,
June 1, 1809.*

SIR,

YESTERDAY observing Nine of the Enemy's Vessels at Anchor in the Road of Demata, behind the Reef of Rocks, under the Fortrefs of St. Maura, and finding the Ship could not with Safety approach near enough to destroy them, I dispatched the Boats, under Mr. Charles Hammond, my First Lieutenant, with the Officers named in the Margin*, to bring them out.

They were obliged to row along, outside the Reef, (and also after rounding it,) exposed to the galling Fire of their whole Force, and within Half Musket-Shot, a Period of great Anxiety to me,

* Mr. G. Garson, Acting Master; Lieutenants E. S. Mercer and William Halsted, Royal Marines; H. P. Taylor and R. B. Fenwick, Master's Mates.

but which has, from great good Fortune, been attended with the Loss of only One Marine killed, One Seaman slightly wounded. The Enemy suffered much in their Retreat when boarded.

This Attempt, made in open Daylight, speaks so forcibly for itself, that I have only to inclose a Statement of its Result. I should be wanting to every Sense of Duty, if I did not mention my high Admiration of the sterling Gallantry of every Officer and Seaman employed on this Service, and in recommending Lieutenant Hammond, in the strongest Manner, to Notice. I may be permitted to call to Recollection my former Reports of this Officer, of the severe Wound he received in capturing Two of the Enemy's Vessels on this Coast, whereby his Right Hand is all but useless, and to add the able Support I received from him in the recent Rencontre with the French Frigate.

The Conduct of Mr. George Garson the Acting Master, who has passed for a Lieutenant, while it entitles him to every Commendation I can bestow, is but the Continuation of that which I have for Three Years witnessed in him, and I hope I may be allowed to solicit Attention to his genuine Merits.

I am, &c.

Copy of a Letter from Captain Barrie of His Majesty's Ship Pomone, addressed to Vice-Admiral Lord Collingwood, and transmitted by his Lordship to the Hon. William Wellesley Pole.

*Pomone, off Cape Bou,
June 13, 1809.*

MY LORD,

I AM to acquaint your Lordship that at Eight o'Clock this Morning, Cape Bou bearing S. W. distant Seven Miles, after a short Chase I captured the

Neapolitan Privateer Le Lucien Charles, commanded by Chevalier Charles Lucien Prevost de Boissi, Adjutant-General de France, Officer de la Legion d' Honneur. Le Lucien Charles is a new Bombarde of about Sixty Tons; the mounts One Twelve and Two Six-Pounders, and is well found in small Arms, with a Complement of Fifty-three Men; she is Ten Days from Naples, and has not made any Capture. Being much surpris'd to find an Officer of General de Boissi's Rank in the Command of a small Privateer, I caus'd the most diligent Search to be made for Papers; but none were discovered except those that relate to the Bombarde; it is fortunate the Pomone fell in with this Privateer, as Two very valuable Smyrna Ships were in Sight, at the Time of her Capture. I have the Honour to be,
ROBERT BARRIE.

Admiralty-Office, September 9, 1809.

Extract of a Letter from Captain Campbell of His Majesty's Ship the Nassau, to the Honourable William Wellefley Pole, dated off the Start Point, the 6th Instant.

BE pleas'd to inform my Lords Commissioners of the Admiralty, that at Daylight this Morning, standing up Channel with the East India Convoy, observ'd a suspicious Lugger standing to the Southward, distant about Five Miles, made all Sail in Chace, but the Breeze dying away, I sent Four Boats under the Command of Lieutenants Gregory, Pyne, Drake, and Jackson, who volunteered; and, after a Chace of Two Hours, came up with and carried her. I am well satisfied, had she been of much greater Force they would have boarded her.

She prov'd to be the Jean Bart, French Lugger Privateer, of Four Guns and Twenty-five Men, belonging to Saint Maloes, commanded by Louis Ollivier Pilveffe, Enseign de Vaisseau, Five Days out from the Isle de Bas, and had made no Captures.
