

Publiched by Authority.

From Tuesday January 29, to Saturday February 2, 1811.

Downing Street, January 29, 1811. ISPATCHES, of which the following are Extracts, have been received at this Office, addreffed to the Earl of Liverpool by Lieutenant-General Vifcount Wellington.

My LORD, Cartaxo, January 5, 1811. THE Reinforcements to the Enemy's Army in this Country, which I informed your Lordfhip, in my Dispatch of the 29th December, were on their March in the Valley of the Mondego, arrived upon the Alva at Murcella on the 24th, which River they croffed by a Ford on the follow-ing Day, and continued their March to join the Army.

Colonel Wilfon, who had retired from Efpinhal and croffed the Mondego upon hearing of the Advance of these Troops, lest he should be involved in an unequal Contest in Front and Rear at the same Time, repaffed the Mondego on the 25th, and annoyed the Enemy's Rear on his March of the 25th and 26th from the Alva towards Espinhal. He took fome Prifoners, and cut off fome of their fmall Detachments, which fell into the Hands of the Ordenanza

The Division which had marched to Pinhel, and the Advanced Guard of which had been at Trancofo when I laft addreffed your Lordship, was still at Pinhel on the 26th December, when I last heard from General Silveira, whofe Head Quarters were at Torrinha.

I have Letters from Cadiz of the 23d and 29th December, flating that Marshal Soult had marched from the Army engaged in the Operations against that Place, with Four Thousand or Five Thousand Men, on the 20th and 21st of December.

Generals Mendizabel and Ballatteros are flill at Llerena and the Neighbourhood of Monafterio, and Girard's Division of Mortier's Corps at Gua dalcanal.

No material Alteration has been made in the Pofition of the Enemy's Army fince I addreffed your Lordship laft. The Detachment which marched to Castello Branco returned immediately, and was fent cither for the furpole ... or to obtain Intelligence. I have the Honor to be, &c. (Signed) WELLINGTON.

Mr LORD, Cariaxo, January 12, 1811. SINCE I addreffed your Lordhip on the 5th Instant, I have learnt that the Detachment of the Enemy's Troops which joined the Army in the End of laft Month, confifted of Eleven Battalions of the 9th Corps, and of a Body of Troops which, under the Command of General Gardanne, had before attempted to penetrate through Beira Baxa. The whole are stated to be 8000 Men, by some of the Officers who faw them, but I should think they mult be more.

The other Division of the 9th Corps had not passed the Frontier when I last received Accounts of them; but I learn from an intercepted Letter from General Drouet to General Claparede, that this Division has been ordered to take a Position at Guarda. Their Advanced Guard broke up from the Neighbourhood of Trancofo in the Night of the 3d Inftant.

There has been no Alteration in the Polition of the Enemy's Army fince I last addreffed you, ex-cepting that General Drouet's Head-Quarters have been fixed at Leyria with the Troops waich joined with him.

The Enemy continue to confiruat Boats in the Zezere; and have shown much Jesloufy of the Measures adopted by our Troops on the Left of the Tagus, to command by their Fire the Communication between the Zezere and the Tagus.

I have now to inform you, that Marshal Mortier arrived at Ronquillo, with a Division of the Corps under his Command, on the 3d Inflant. He has fince continued to advance into Effremadura, having formed a Junction with the Division which had been at Guadalcanal, under the Command of Ge-neral Girard; and I am concerned to add, that I have just learnt that he obtained Poffeffion of Merida, and of the Bridge over the Guadiana at that Place, on the Evening of the 8th Inflant, the Spanish Troops having retired.

They have left General Ballasteros' Division on their left Flank, between Xeres de los Cavalleros and Olivenza, with his Communication open with Badajoz; and it is reported, that Mortiei's Corps is followed by other Troops.

> I have the Honour to be, &c. (Signed) WELLINGTON.
