

# The London Gazette.

Published by Authority.

From Tuesday June 4, to Saturday June 8, 1811.

*Carlton House, June 1, 1811.*

**N**OTICE is hereby given to the Ladies and Gentlemen invited by the Command of His Royal Highness the Prince Regent to the Ball at Carlton-House, in Celebration of His Majesty's Birth-Day, that it is *unavoidably* postponed from Wednesday the 5th to Wednesday the 12th Instant.

**T**HE following Addresses have been presented to His Royal Highness the Prince Regent; which Addresses His Royal Highness was pleased to receive very graciously:

To His Royal Highness George, Prince of Wales, REGENT of the United Kingdom of Great Britain and Ireland.

The humble Petition of His Majesty's Catholic Subjects, whose Names are hereunto subscribed, as well for themselves as others His Majesty's Subjects professing the Catholic Faith in Ireland,

*Sheweth,*

**T**HAT we your Petitioners, deeply regretting the Necessity which, in the jealously restricted Condition of Your Royal Highness's Regency, compels us to pray for an immediate Exercise of your Power, owe it nevertheless to our Character, our Loyalty, and our Honour, to entreat your Consideration of a direct and strong Attack recently made upon them all, and to solicit such Interference from Your Royal Highness on the Subject of our Complaint as the Circumstances of the Case shall appear to prescribe.

That your Petitioners have been forcibly interrupted in the constitutional Exercise of their chartered Right to petition the Two Houses of Parliament, and the public and humiliating Dispersion of their Body menaced and attempted.

That the Imbecility which retracted what Rashness had designed can in no degree palliate, much less excuse a studied, deliberate, and wanton Insult offered to Five Millions of His Majesty's loyal Subjects.

That our deep Attachment to the Constitution, and our ardent Desire of its full Participation, from every Motive which operates on Man, and eminently

for the Purpose of better securing to it a more zealous, a more general, and spirited Defence, will not suffer us to lie under the grievous Imputation of a wilful Breach of it.

That we therefore humbly pray Your Royal Highness will cause an Inquiry to be instituted into the Nature of the private Evidence on which the Issue of the circular Letter from the Irish Government, and its consequent Proceedings, have been alleged to have been grounded; and in the Event of no such Evidence appearing, (a Fact we strongly and confidently assume, and which the Openness of our Character, the Candour of our Nature, and the almost ostentatious Publicity of our Proceedings, justify us in doing, and thus indignantly and warmly repelling a Charge vitally aimed at our Loyalty and our Honour,) we further pray that Your Royal Highness will be graciously pleased to remove Charles Lenox Duke of Richmond, Lord Lieutenant and Governor General of Ireland, and the Right Honourable William Wellesley Pole, his Secretary, from your Councils.—And your Petitioners will ever pray. *Edward Hay, Secretary.*

[Presented by Sir Francis Gould Bart., D O'Connor and George Bryan Esqrs; and signed by 20,836 Persons.]

To His Royal Highness George Augustus Frederick, Prince of Wales, REGENT of the United Kingdom of Great Britain and Ireland.

The dutiful Address of the Mayor, Aldermen, and Chief Burgeses of the ancient Borough of Newport, in the Isle of Wight, in Common-Hall assembled.

*May it please Your Royal Highness,*

**W**E, the Mayor, Aldermen, and Chief Burgeses, of the ancient Borough of Newport, in the Isle of Wight, beg Leave to express to Your Royal Highness our Feelings of sincere and respectful Attachment to the Person of a Prince whose Character has rendered him illustrious to the World and endeared him to the Affections of a free and grateful People.

Participating, as we do, in the Grief and Sorrow with which the lamented Indisposition of our beloved Sovereign has filled the Empire, we feel at the same Time our Afflictions lightened by a Contemplation of those princely Virtues which dignify and adorn
