Admiralty Office, July 9, 1811.

Copy of a Letter from Admiral Sir Charles Cotton Bart. Commander in Chief of His Majesty's Ships and Vessels in the Mediterranean, to John Wilson Croker Esq; dated on board the *San Joseph*, off Toulon, 16th May 1811.

SIR,

THE Lords Commissioners of the Admiralty will receive with much Satisfaction the accompanying Report from Captain Barrie, of a gallant and successful Enterprise, performed by His Majesty's Ship *Pomone* under his Command, and the *Unité* and *Scout*, in the Bay of Sagone, in the Island of Corsica; on the 1st of this Month. We have particularly to congratulate ourselves upon the Result of this judicious and well-planned Affair, as the Enemy, in all Probability, will sustain much Impediment to the Completion of his Ships building at Toulon, by being deprived of the Three last Ship-Load of Timber the Season will enable him to procure from the above Source.

The Loss in His Majesty's Ships, on this Occasion, has been comparatively small, when the Nature and Extent of the Service performed, and the Force opposed to them, are considered; and I have the additional Satisfaction to state to Their Lordships, that the wounded Men appear to be doing well.

I have the Honour to be, &c.

(Signed) C. COTTON.

P. S. I inclose also a Copy of Captain Barrie's Account of the Destruction of *L'Etourdie*, French National Brig, on the 14th March.

His Majesty's Ship Pomone, off Sagone,

SIR,

May 2, 1811.

MY Letter of the 23d Ultimo would acquaint you with the Intelligence I had received of the Enemy's Force in Sagone, and that it was my Intention, under particular Circumstances, to attack them.

I have now the Honour to inform you that on the Evening of the 30th I arrived off the Bay, the *Unité* and *Scout* in Company; the *Scout* joined in the Morning, and Captain Sharpe having very handsomely volunteered his Services to take charge of the Landing Party in the projected Attack, I consented to take the *Scout* under my Orders. At Sunset the *Unité* made the Signal for an Enemy's Frigate at Anchor. By Daybreak on the 1st, the *Pomone* was close off *Liamone*, and I had the Satisfaction to observe the Enemy's Three Ships at Anchor in Sagone Bay. It was nearly calm, and the variable Winds which prevail at this Season having thrown the *Unité* a long Way astern, I abandoned my Design of attempting to take the Tower and Battery by Surprize; and it was fortunate I did so, for as the Day opened we could clearly observe the Enemy in full Possession of the Heights, and ready to receive us. He appeared to have about Two Hundred Regular Troops, with their Field Pieces, &c. and a Number of the Armed Inhabi-
