*Downing-Street, December 5, 1811.*

**A** LETTER, of which the following is an Extract, has been received from Colonel Green, employed on a particular Service in Catalonia, dated Berga, 16th October 1811.

**S**INCE my Letter of the 9th Instant, I have the Satisfaction to announce to your Lordship the Surrender of the University of Cervera, which capitulated on the 11th Instant; Three Hundred and Fifty Men composed its Garrison, and a very considerable Depôt of Wheat was found.

I have also received Intelligence of the Evacuation of Montserrat, the Enemy burning the Church, and every Thing which could be useful in a Re-establishment of that important Point, taking the Route of Barcelona; but from the great Want of Provisions there, they were not received, and are gone to Villa-Franca, supposed with the Intention of re-inforcing Tarragona.

On the 12th Instant I accompanied the Baron de Eroles to the attack of the Castle of Bellpuig, near Lerida, which was invested and summoned; but being determined to defend itself, was only ultimately reduced by Mines, and One Ten-Pounder; the Castle becoming a Ruin before the Surrender. There fell into the Hands of the Spaniards upwards of One Hundred and Sixty Prisoners, so that now the whole of the space between Lerida and Barcelona is free, and the important Consequences daily shew themselves, as Deserters and Quintos, from the before invaded Parts, are returning to their own Standards.

The Indefatigability of General Lacy is extraordinary; he has inspired the greatest Confidence, and Success appears very likely to follow his Exertions, if the Nature of the Enemy's Force continues

to limit his Warfare to Defensive Operations for a short Time longer.

The Medas Islands, from their peculiarly menacing Situation, added to the increasing Sickness of Macdonald's Corps, checks at present all the Enemy's Movements in Upper Cataluna, preventing the Convoys from passing to Barcelona, which Place is now in considerable Want of Provisions.

I have the Honour to enclose a Proclamation of General Lacy's, which has been issued in consequence of many Conscripts having entered from France into Catalonia, requesting to be admitted to join the Spanish Colours, to avoid being forced into their own Armies against Russia.

*Downing-Street, December 5, 1811.*

**T**HE following is an Extract of a Letter, which has been received by the Earl of Liverpool, from Sir Howard Douglas, dated Corunna, 16th November 1811.

**I** HAD closed my Dispatch of Yesterday's Date, when His Majesty's Ship Iris entered this Port with Intelligence of the successful Issue of Mina's Movement into Arragon; and bringing with her Four Hundred Prisoners, the Fruits of this Enterprize, and of some Services which Captain Christian has gallantly executed on the Eastern Coast.

Mina's principal Affair with the Enemy was at Ayerve on the 17th Ultimo, when he was attacked by a Body of Eleven Hundred Infantry and Sixty Cavalry, who had advanced to relieve a small Garrison which Mina was besieging. The Attack was received with great Steadiness, repulsed with Gallantry, and the Advantage followed up with such

Vigour, that the whole of the Enemy's Force, with the Exception of *Three Men*, were killed, wounded, or taken Prisoners. Mina took Six Hundred of his Prisoners to the Coast; and His Majesty's Ship *Iris* being fortunately in Sight, Captain Christian took on board Four Hundred. Mina's Force was Seven Hundred Infantry, and Two Hundred Cavalry.

I will not rob the gallant Chief's Account of any of its Interest, and therefore refer your Lordship to the enclosed Details of that and several preceding Operations.

*Copy of a Letter from Don Francisco Espoz y Mina to Sir Howard Douglas, dated Sanguesa, 24th October 1811.*

Excellent Sir,

THE great Interest which the British Nation takes in the Prosperity of the Spanish Arms, and the particular Esteem which I and my Division owe to so heroic a Nation, lay me under the Obligation of submitting to you the original Communications respecting the Events of the War in this Kingdom. I consider it a Debt of Gratitude and Respect to put into your Hands a Series of Intelligence of all the Military and political Occurrences of this Kingdom.

*Translation of a Letter from Colonel Mina to General Mendizabal, dated Sanguesa, 12th October 1811.*

Most Excellent Sir,

I OBSERVED in the Beginning of October, that several French Divisions were evacuating this Kingdom, some to proceed to Old Castille, some to Arragon. I received Intelligence at the same Time, that Generals Duran and Don Juan Martin (El Empecinado) were moving upon Calatuyud, in order to drive some of the Enemy's Forces out of the Kingdom of Valencia. I held it a sacred Duty to direct my Attention to this Operation, which I considered was one of the greatest Importance: and while the Divisions of El Empecinado and Soriano were manœuvring on the Right Bank of the Ebro, I proceeded from Sanguesa to Sadava, (one of the Five Cities of Arragon) with my Cavalry and Two Battalions (the 1st and 2d) of Infantry, with the Intention of co-operating with them on the Left Bank. On the 11th, at Dawn of Day, I continued my March to Egeadelos Caballeros, pro-

posing to surprise the Garrison, which was composed of Two Hundred Infantry and Seventy Cavalry; whom, however, I found secured from a Coup-de-main; I encamped my Troops, and went myself near enough to reconnoitre the Strength of the Fortress. The Enemy endeavoured to prevent this by firing, which they kept up without Interruption during the whole Day and the following Night.

Nothing particular occurred on the 12th. At Dark a Mine was begun, but in the Middle of the Night the Enemy recommenced a brisk firing, which they continued without Interruption, forcing in the mean time the Peasantry who had taken Refuge in the Place to demolish a very strong Wall. Taking Advantage of the Obscurity, and the Noise occasioned by the Musketry, they opened a Breach in the Wall, through which the Seventy Cavalry made their Escape; although I wondered at the instantaneous and total Cessation of the firing, and resolved to find out the Cause; it was naturally impossible that this should not have given them some favourable Moments to make off, but the Instant I had ascertained their Flight, I ordered One Hundred Cavalry to pursue them; and notwithstanding that the Darkness of the Night, and the Fear of any Ambush laid by the Enemy, rendered this Service on an unknown Road peculiarly hazardous, yet the Troops performed it with the greatest Intrepidity, killing Thirty Men, and making Twenty Prisoners; the Remainder escaped to Saragoza. Many Articles of Provisions were found within the Fortress, and they were equally distributed among my Soldiers.

On the 15th I marched to Luna, and proceeded during the Night to Ayerve. The Enemy, who had fortified themselves in a Convent, were prepared for an Attack. On the Night of the 15th we began to dig a Mine, in order to destroy one of the Angles of the Place. While this Operation was carrying on with the greatest Activity, and the Remainder of the Troops were stationed to observe the Enemy's Movements, I received Intelligence that a Body of Eleven Hundred Infantry and Forty Cavalry were on their March from Saragoza to relieve the besieged and destroy my Corps; I therefore retired in the greatest Silence, placing the Infantry on a Hill commanding the Road, and ordering the Advanced Guard to keep a vigilant Watch.

Early in the Morning of the 17th, the Enemy

made his Appearance. My Advanced Posts commenced firing, and kept it up without intermission until they fell back upon the Main Body. The French, full of ridiculous Pride, reviled us, and used many insulting Expressions.

So great was the Indignation of my Soldiers at hearing such Bombast from Men, whom they highly despised, that they grew desperate to the Extreme. A considerable Number of the Enemy, despising the Fire of our Musquetry, ascended our Hill, Sword in Hand, with true soldierlike Courage; they took Possession of the lower Part of it, but were instantly driven back by our Fire and by the Bayonet, leaving behind them Nineteen killed and Forty-nine wounded.

Having then concentrated into one solid Column, they continued their March to the Town of Ayerve, where they were reinforced by Twenty Cavalry from the Garrison; and having supplied themselves with Ammunition, they marched to Huesca. I followed their Rear Guard with One Hundred and Sixty Cavalry, delaying their March in the Plain; that the Infantry under my Second in Command, Don Gregorio Cruchaga, might come up, as I had before agreed upon with him. I left Two Companies of Cavalry and Infantry before the Garrison, to continue working at the Mine, sending another Detachment of equal Strength on the Road to Jaca, to pursue the celebrated Chamond, who, with considerable Supplies entrusted to his Charge, was endeavouring to throw himself into Jaca with his Detachment; but they could not come up with him, although the Pursuit lasted for Three Hours.

While I was checking the March of the Column with my Cavalry, divided into Three Detachments; a Part of the Infantry, under the Command of the Adjutant Don Pedro Antonio Barrera, overtook my Rear Guard; at the same Time that my Second in Command, Lieutenant-Colonel Don Gregorio Cruchaga, filed off rapidly on my Right, threatening the Left of the Enemy's Column. This Officer, with the 1st Battalion formed in Sections, filed off, without firing a Shot, to attack the Enemy's Rear. I ordered the Flank Company to support this Movement, and menaced the Right of the Enemy with another Detachment of Cavalry, keeping the Remainder in his Front.

I cannot but do the Justice to the French to say, that their Coolness and firm Resistance were admirable; they formed into an oblong Square, and the Infantry kept firing within Hair Pistol-Shot

This imprudent Temerity, and the menacing Operation of Cruchaga, obliged them to retreat; and upon their March they formed into a Square, continually filling up the Losses in their Ranks; but terrified by the Courage of my Infantry, which was approaching with fixed Bayonets; and struck at the Discipline of my Cavalry, they again retreated; and having gone through the Village of Placencia, they again, for the Third Time, formed into a Square, and again were they compelled to abandon the Ground. Being instantly charged by my Troops, they, for the Fourth Time, formed into a Square, supported by their Cavalry. Cruchaga had by this Time come up with their Rear Guard, and his Battalion, after a general Discharge of Musquetry, advanced with the Bayonet; at the same Moment the other Detachment of Infantry executed a similar Movement, and the Cavalry began a dreadful Slaughter.

It is impossible to describe the Horror of the French at this Act of Spanish Valour. Such Boldness appeared to them impossible; they never imagined that Seven Hundred Infantry, with One Hundred and Sixty Cavalry, would have attempted to disperse, kill, and make Prisoners a greater Number of their Enemies formed into a Square. After having suffered a dreadful Slaughter, their Obstinacy gave Way; and at last they laid down their Arms. Their infamous Cavalry behaved most disloyally, for, after having surrendered, they drew their Swords, wounded several of my Soldiers, and endeavoured to escape, but they were pursued and all put to the Sword, except Five, of whom, however, Two were afterwards taken at the Gates of Huesca.

Such has been the Fate of the Eleven Hundred Infantry and Sixty Cavalry, who came to insult us. Nine Hundred Men of Navarre, under my Command, have annihilated that haughty Column, superior in Numbers to them, and none have they left but Three Refugees, who have fled to Saragosa, to spread these News, and inspire with Terror their Companions in Arms in Arragon, and teach them to respect the Arms of Spain. We have made Prisoners the Commander of the Column, Seventeen Officers, and Six Hundred and Forty Men, including Sergeants and Corporals; the Remainder were killed on the Field of Battle, or have died from their Wounds. Our Loss consists in Six killed, among which is the Commander, ad Interim, of the Cavalry, Don Miguel de Lizarraga, and One Sergeant, and in Thirty-four wounded;

my Horse received a Wound which has made him unfit for Service.

This Day has covered with Glory my Officers and Soldiers; I cannot sufficiently praise their Valour, Enthusiasm, and Resolution in the Battle, and their Obedience to my Word of Command amidst the greatest Dangers. They have preserved the Honour of the Spanish Arms, and acquired a new Triumph, which will be read with Pleasure in our Military Annals; and I most particularly recommend the brave Winners of this Victory, who have entitled themselves to every Distinction.

I immediately proceeded to Huesca, the Garrison of which had fled, from Fear of falling into my Power. I found many useful Effects and Five Spanish Officers, whom they kept Prisoners in the Place, they have been rescued and have proceeded to join their Regiments; I returned Niter on the 22d, and after giving my Troops some Repose, I shall take a new Direction.

God preserve your Excellency many Years.

Most Excellent Sir,

*Extract of a Letter from Colonel Mina to Sir Howard Douglas, Bart. dated Sanguesa, 26th October, 1811.*

OUR Army of Valencia has been several Times successful against the Enemy. El Empecinado and General Duran reduced, on the 4th of October, the Garrison of Calatuyud of Eight Hundred Men. A great Quantity of Grain, with many valuable Necessaries, were found within the Walls; the former was distributed amongst the Farmers and Inhabitants of the District, the latter amongst the Soldiers. They likewise captured the Garrison of Fausme, consisting of One Officer and Thirty-nine Men; and attacked a French Column marching from Almania to the Relief of Calatuyud, killing Fifteen Cuirassiers, and making Six Prisoners, among whom was Colonel Guillot the Commander.

General Duran is stationed near Calatuyud; El

Empecinado at Molina, and on the Roads to Teruel and Daroca; Generals Mahi and the Comde de Montijo are arrived at Cuenca with Six Thousand Men from the Third Army.

*Extract of a Letter from Vice-Admiral Sir Edward Pellew, Bart. Commander in Chief of His Majesty's Ships and Vessels in the Mediterranean, to John Wilson Croker, Esq; dated on board the Caladonia, Port Mahon, 2d November 1811.*

AS I doubt not their Lordships will be very desirous of Information, as to the State of Affairs on this Side of Spain, I herewith transmit Copies for their Satisfaction of the latest Dispatches I have received from Captain Eyre, of His Majesty's Ship Magnificent, detailing the most recent Transactions in the Province of Valencia, and also from Captain Codrington, commanding off the Coast of Catalonia.

The Conduct of the Spanish Commanders at Oropesa; which is mentioned by Captain Eyre, has been well supported by the Gallantry of Lieutenants Astley and Hiatt, who, under the very judicious Orders of Captain Eyre, brought him off with his little Garrison.

I have to express my complete Approbation of Captain Eyre's Measures, and have much Satisfaction in employing the Services of that excellent Officer in Aid of the Valencian Patriots.

The more remote Operations of the French Troops under Suchet seem to have afforded the Catalans an Opportunity, of which they have profited, to renew their Exertions with considerable Vigour, and Successes of no mean Account, have rewarded their Enterprizes:

*Magnificent, off Valencia,  
14th Oct. 1811.*

SIR,

UPON my Arrival at this Place, on the 8th Instant, I lost no Time in assuring General Blake, of my readiness to undertake any Service in which I could be useful in forwarding his Plans for the Defence of this Province, and the next Day I received from His Excellency a Letter containing a Request that I would endeavour to relieve the Castle of Oropesa, which was closely invested by the Enemy, and much distressed for Provisions.

I in consequence immediately proceeded thither, with Three Gun Boats which the General had put under my Command, and arrived there on the Evening of the 11th, when I learnt that the Castle had surrendered the preceding Day, and that Two Thousand of the Enemy's Troops were in the Town; a Tower, however, about a Mile from Oropesa, and only a short distance from the Sea, had the Spanish Flag still flying, and the Enemy were discovered constructing a strong Battery against it, within Musket Shot.

Having found Means to communicate with the Tower, I received a Letter from the Commandant, informing me, that although he had refused to Capitulate when summoned the Day before, it would be impossible for him to hold out many Hours

against such a Force as the Enemy had brought against him; an Arrangement was in consequence immediately made to withdraw the Garrison. At Daybreak the following Morning, the Enemy opened their Fire, which was returned with Spirit from the Tower; but it was not till near Nine o'Clock, when the Breeze sprung up, that I could proceed in with the Magnificent: I then anchored as close to the Shore as the Situation would admit, and sent out Launch and Pinnace, together with the Gun-Boats, to bring off the Garrison, which consisted of Two Officers and Eighty-five Soldiers, all of whom, I have the Satisfaction to inform you, were, by the Exertion and steady Conduct of the Officers and Boats' Crews, embarked by Ten o'Clock.

The Fire from the Magnificent kept the Battery in check; but the moment the Enemy perceived that the Tower was abandoned, they drew down to the Water-Side, under shelter of a little Point of Land, and amongst the Rocks, in great Numbers, keeping up against the Boats an incessant and heavy fire of Musketry, from which Three of our Men were wounded; One of them I am sorry to say, very dangerously.

The Officers who commanded the Magnificent's Boats upon this Occasion, were Lieutenants Astley and Hiatt, and I have great Pleasure in representing to you, that for every Duty of Danger or Trouble, they have always volunteered their Services, and their Conduct on this as upon every former Occasion, has been very satisfactory to me, and highly creditable to themselves.

From the Launch being obliged to make use of her Carronade, in order to check the increasing Fire of the Enemy, the Pinnace, after taking a Boat full of Spanish Soldiers to One of the Gun Boats, was under the Necessity of going a Second Time to the Shore for those who still remained upon the Rocks; which Service, Lieutenant Hiatt executed with great Spirit and Humanity.

I have the Honour to be, &c.

SIR,

*Valencia, 13th October, 1811.*

I PROCEED to give your Excellency the Parti-

No. 16548.

B

culars of what has passed to this day. On the 19th or 20th Ultimo the Enemy began to Advance from Tortosa and Arragon upon Castellon de la Plana, which Place they reached on the 23d; with about Sixteen Thousand Infantry and about Twelve Hundred Horse; commanded by General Suchet.

On the 23d, General Blake made a Movement from Murviedro upon this City, which caused some Confusion among the Inhabitants, but his Army retired in the best Order possible, composed of Thirteen Thousand Infantry, including the Six Thousand Men of his Division from Albucra, besides the united Corps of General Obispo and Villacampa, commanded by Charles O'Donnell, of Four Thousand Men, who occupy Legorbe, Lyria, &c.

General Bassecourt, with near Two Thousand Men from Cuenca, was at Reguena and Utill till the 12th Instant. Besides the above-mentioned Infantry, we have about Sixteen Hundred Cavalry, some of which are the best equipped I have seen.

Suchet's Force is composed of the Army of Catalonia, and the Re-union of the many small Corps and Garrisons of the Interior of Spain, which is almost left to its Fate.

On the 15th ultimo, Colonel Andriani was sworn Governor of Saguntum, and Three Thousand Five Hundred Men, all Volunteers, destined for its Garrison. The Enemy, it seems, intended to take Valencia by a Coup-de-Main; but, arrived in front of Murviedro, they met with a resistance they did not expect; for having got every thing ready for an Assault, on the 28th, at Two o'Clock in the Morning, after three Hours continued Attack upon three Points, they were repulsed with great Loss, and all their Scaling Ladders taken, to the Number of Fifty, and upwards of Four Hundred Killed and Wounded.

The Garrison behaved with great Valour, driving down the Enemy that gained the Ramparts with Pikes and Bayonets. The French continue to occupy the Town of Murviedro, the Castle occasionally opening its Fire on them; but, having broken through the Partition Walls of the Houses, they keep up their Communications with some Degree of Safety, without exposing themselves in the Streets.

On the 2d Instant Charles O'Donnell was attacked by a considerable Force near Benaguaziel; the Object of the Enemy was to cut off his Retreat across the River to Villa Marchante.

The Spaniards repulsed the Charge of the Cavalry with Musketry, and kept the Infantry in Check whilst the Whole of O'Donnell's Force succeeded in passing the River, with the Loss of only Eleven Men killed, Fifty-two wounded, and One Hundred and Eighteen missing.

The Enemy's Loss was much greater; as Three Columns advanced very near the Spaniards, when they were repulsed by a well-directed Fire of Musketry.

On the 8th, from Five o'Clock to Half past Seven in the Evening the Enemy attempted again to assault the Castle of Saguntum, but the Garrison kept up such a constant Fire of Musketry, Cannon, and Hand Grenades, that the Enemy could not succeed in Planting their Ladders, and were repulsed with some Loss. It is said that a French General (Abert) and Two Colonels were buried at Alhaurata

on the 30th Ultimo, killed in the Assault on the 28th.

One of our Guerilla Parties attacked a Party of French Infantry and Cavalry at Estivella; killed Forty of the Enemy, and made Three Prisoners.

The Empecinado has Four Thousand Infantry and Seven Hundred Cavalry. One of his Parties lately took a Courier near Segorbe, escorted by Cavalry; made Forty-seven Prisoners, Sixty Horses, and killed Fifteen of the Enemy. The Town of Molina was also attacked, and the Garrison, consisting of Eighty-five, were made Prisoners, after which the Empecinado moved upon Daroca to surprise the Garrison there, which however escaped to Calatayud, after losing a few Men killed and Wounded.

Brigadier Duran, with Two Thousand Infantry and Five Hundred Horse from Soria, has joined the Empecinado in his March upon Calatayud, where they have blockaded the French in the Convent which our Troops are Mining, and we wait the Result with impatience. Duran occupied the City of Calatayud on the 30th Ult.

Colonel Mina was at Santa Cruz del Campero on the 17th, with Four Thousand Five Hundred Infantry and Five Hundred Cavalry.

16th of October.—The Garrison of Calatayud, reinforced with those of Daroca, and Two Hundred Men from Saragoza, has Surrendered to Brigadier Duran and to the Empecinado. The Killed, Wounded, and Prisoners are about Seven Hundred. The French Commandant obstinately held out, and even suffered the First Mine to be Sprung, which, however, had not the desired Effect; but the Second being ready, he at last, despairing of Succours from Madrid or Saragoza, capitulated with his Garrison.

The Enemy continue throwing up Works in the Night before Saguntum, which are all nearly destroyed during the Day.

18th of October.—The Enemy, having marched Two Thousand Men from Pamplona, and Two Thousand from Tortosa upon Aragon, arrived at Calatayud merely to witness the Surrender of the Garrison. Some French Cavalry pursued the Prisoners to the Sierra of Ateca, but were repulsed with some Loss; after which, the Four Thousand French retreated upon Saragoza.

General Mahi has advanced upon Cuenca, Count Montijo occupies the Road to Huete with Cavalry, and it is expected the Garrison of Cuenca will be taken Prisoners. The Enemy have opened a Battery of Two Mortars and Three Pieces of Cannon, Eighteen-Pounders, since Yesterday, upon Saguntum, without Effect.

21st October.—General Mahi reached Cuenca, but the French, although surprised, succeeded in escaping through the Defiles of the Mountains towards Madrid. On the 18th, in the Afternoon, the Castle of Saguntum made Signals that the Breach was practicable: at Five o'Clock the same Evening, the Enemy marched up the Hill in Four Columns, and made a most determined Assault, and as Captain Eyre of the Magnificent informed me, who was anchored off Murviedro, nothing could exceed the noble Manner in which it was repulsed: the Action lasted about Forty-five Minutes, since that Time the Enemy has been quiet, and only a few Shots have been exchanged.

It appears that the Enemy had made another Assault at One o'Clock on the Morning of the 18th.

Several Deserters who left Murviedro Yesterday, in consequence of my Proclamation, declare, that in the Assault of the 18th, the Enemy lost One Thousand Men, and that Suchet lost an Aid-de-Camp, besides Two others.

General Mahi's Artillery passed through Reguena Yesterday for this Place, and his Division will march towards Murviedro, by the Road through Chelva.

The Guerrillas from Cullera, to the Number of Three Thousand, arrived here Yesterday. Our Troops are in Motion, Ammunition has been distributed to them, and every Thing indicates an Attack upon Suchet, unless he raises the Siege of Saguntum and retreats upon Tortosa.

The last Return of the Garrison of Saguntum, reported only Fourteen killed and wounded in all.

Magnificent, off Valencia,  
27th Oct. 1811.

SIR,

BY my Letters of the 25th September and 8th Instant, should they have reached you, (of which I have some doubts, as they were sent by the way of Majorca,) you would be informed of the Advance of Suchet, with about Fifteen Thousand Troops towards Valencia, and of my having in consequence left Alicante, in order to give every Assistance in my power to General Blake.

The Fortress of Murviedro, situate about Twelve Miles from Valencia, and which has hitherto stopped the Progress of the Enemy, has, I am sorry to say, this Day surrendered. The Situation is excessively strong, but a great Part of the new Works which were erecting there had not been finished, and some Parts of the Walls were so open as to be obliged to be filled at the moment with Trunks of Trees and Sand Bags, and I apprehend it was very ill supplied with proper Artillery, Ammunition, and other essential Articles for its Defence.

Suchet fancied he could carry it by Assault, and attempted it in a very determined Manner, Three or Four different Days, on all of which he was repulsed with great loss: he then found it necessary to bring forward his Cannon, and on the 17th, having been before it above Three Weeks, he opened a Battery of Three Twenty-four-Pounders, at about Five Hundred Yards Distance, which made a practicable Breach the Second Day of its Fire. The Moment this Circumstance was evident, another Assault was made, which I had the Satisfaction of seeing repulsed by the Spanish Garrison in the most gallant manner.

A Reinforcement of Seven Thousand Men having arrived from the Army near Murcia, General Blake resolved to attack the Enemy, and oblige him, if possible, to raise the Siege. This Determination was put into Execution on the 25th, and I am sorry to inform you has entirely failed, and that the Spanish Army was obliged to retreat to Valencia, having lost, by their own Account, upwards of Two Thousand Men, and Eight or Nine Pieces of Cannon.

A Flag of Truce arrived yesterday from Suchet, to summon the Town. The Paper published on the Occasion, I have the Honour to inclose, to which no Answer was given.

Works have been for some time erecting, at all the most vulnerable parts of Valencia; and it is generally understood that it is to be defended as long as possible.

General Blake, with his whole Army, are now within the Walls.

I have the Honour to be, &c.

GEORGE EYRE.

**NOTICE TO THE PUBLIC.**

*Principal Staff, Second Army.*

HIS Excellency Senior Don Joaquim Blake having purposed to assist the respectable Garrison of the Castle of San Fernando de Sagunto, and to commence Operations in order to liberate the Kingdom of Valencia from its Enemies, his Army put itself in Motion Yesterday, but the Fortune of Arms did not answer his Hopes and Intentions. The Population of this Capital has borne faithful Testimony to the Bravery with which our Troops in general fought, and to the Order with which their Retreat was conducted, re-occupying in a Line of Battle their former Positions; but the Enemy, elated by their Success, imagined that the Army was completely routed and dispersed, and they had already anticipated the Conquest which they meditate. This Day an Officer bearing a Flag of Truce appeared at our Advanced Posts, where he was detained until Intelligence of his Arrival was communicated to the Commander in Chief, who dispatched a Staff Officer to ascertain the Object of his Visit, and to declare to him that he would not be permitted to advance farther. The Officer bearing the Flag of Truce delivered the undermentioned Paper under Cover, and taking an Acknowledgement of its having been received, returned immediately.

*Army of Arragon, Camp near Valencia,  
Governor, 26th of October 1811.*

YOU must already be apprized of the Result of the Action of Yesterday. Eight Thousand Prisoners, including many Generals, and great Part of the Artillery attached to the Army of General Blake, remain in our Hands. I am therefore directed on Behalf of His Excellency the Marshal of the Empire, Count Suchet, to propose to you to spare the City of Valencia those Evils and Horrors which a fruitless Resistance would inevitably subject it to, and of which all those Cities and Fortresses which have fallen into the Hands of our Troops afford a terrible Example. I am authorized to offer the most honourable Terms, and those most conducive to the Safety and Tranquillity of the City of Valencia and its Citizens. From the Period of the Surrender of this City to the Arms of His Imperial and Royal Majesty, the Past shall be buried in Oblivion, and no further Resentment shall exist in the Breasts of the French, against the Valencians; and we promise on the Behalf of the Marshal to endeavour to do away the Evils of War, and of that dreadful Anarchy to which they have been so long exposed.

Receive, Senior Governor, the Assurance of my perfect Consideration.

The General of Division Baron HARRISPE.

The Commander in Chief deemed this ridiculous Paper unworthy of a Reply, being written with the malicious Intention of making the Public imagine that their Army was lost, in Consequence of which this General and His Army were enabled to maintain their Position without the City, and His Excellency the Commander in Chief has judged it expedient that this Intelligence should be communicated to every One for their Information.
