*Admiralty-Office, September 4, 1812.*

**B**Y command of the Lords Commissioners of the Admiralty, notice is hereby given, for the information of the Masters and Pilots of His Majesty's ships, and for the benefit of navigation in general, that the beacon upon the Trident or Whittle Rock, in False Bay, at the Cape of Good Hope, disappeared in the tempestuous weather which preceded the 10th of June last.

JOHN BARROW.

**BY THE LORDS COMMISSIONERS OF HIS MAJESTY'S TREASURY.**

**W**HEREAS by an Act, passed in the forty-third year of His present Majesty's reign, intituled "An Act to authorise the advancement of further sums of money out of the Consolidated Fund, to be applied in the improvement of the Port of London by the Mayor, Aldermen, and Commons of the City of London, in Common Council assembled, and to empower the Lords Commissioners of His Majesty's Treasury to purchase the Legal Quays between London-Bridge and the Tower of London," it is (amongst other things) enacted as follows:

"And be it enacted, that it shall be lawful for the Lord High Treasurer, or Lords Commissioners of His Majesty's Treasury for the time being, from time to time to advance and pay from and out of all or any of the duties, revenues, and incomes composing the fund called the Consolidated Fund, upon the credit of, and to be replaced to the said Fund by the rates and duties by the first herein-before recited Act and this present Act granted and intended to be granted and made payable to His Majesty, his heirs and successors, any such further sum or sums of money, not exceeding in the whole the further sum of one hundred thousand pounds, as shall be necessary and sufficient to enable the Mayor, Aldermen, and Commons of the City of London, in Common Council assembled, to defray the necessary charges and expences of repairing and altering the present mooring chains in the river Thames, as occasion shall require, and of providing and laying down new or other mooring-chains in the River Thames, and of carrying into execution such other improvements in the said Port of London, according to the intent and directions of the first herein-before-recited Act as shall from time to time be expedient for the benefit and accommodation of the public, and shall be approved of and concurred in by the Master, Wardens, and Assistants of the Trinity-House aforesaid, and consented to and approved of by the Lord High Treasurer, or Lords Commissioners of His Majesty's Treasury for the time being, such consent and approbation of the said Lord High Treasurer, or Lords Commissioners, to be signified

by writing under his or their hand and seal, or hands and seals, and not otherwise, and which further sum or sums of money shall be paid into the Chamber of the City of London from time to time as the same shall be wanted for the purposes aforesaid, and shall be applied and disposed of by the said Mayor, Aldermen and Commons, in Common Council assembled, in, for, and towards the purposes aforesaid."

And whereas by several orders made in pursuance of the said Act, the whole of the said sum of one hundred thousand pounds hath been paid into the Chamber of London, and except the sum of two thousand two hundred and forty-three pounds fourteen shillings and seven-pence halfpenny, hath been applied in the execution of the four several works specified in the certificate of the Lords Commissioners of His Majesty's Treasury, bearing date the 3d day of November 1803, conformable to the directions of the said Act.

We the undersigned Lords Commissioners of His Majesty's Treasury do, in pursuance of the said Act, certify and make known, by writing under our respective hands and seals, our consent to and approbation of the proposed improvement in the Port of London, hereinafter mentioned, as expedient to be carried into execution, for the benefit and accommodation of the public, (the approbation and concurrence of the Master, Wardens, and Assistants of the Trinity House of Deptford Stroud, of and in the same, having been previously given and granted, as required by the said Act) provided the expence thereof shall not exceed the amount of the estimate, being one thousand eight hundred and ninety-two pounds; that is to say,

The erecting of a wharf by an embankment, with brick wharving, coped with stone, at or near the end of the canal at Blackwall, and providing and fixing a crane thereon, capable of carrying ten tons weight.

Given under our hands and seals this 28th day of August 1812.
