return home, of which our next Letters may inform us more particularly. trom poland they wite, That fome of ehe Senators of that Kingdona, being very much concerned to fee the Turks cume into ijungury, had moved one King to call a Dyet, in qrier to the aidiliug the Emperbr, in cafo the Turks thould turn their whole Force that way, as the advices from Coxjtantinople Cay they will.

Eraffels, 0\$10b. 17. Yefterday parted from hence Don Axionio d' Agurio. our Maijtre de Camp General, for $L \mu x e m b u r g$, to $\$$ ific that-Garifon, and to give the nicelfary Orders for the putting the place itto a pollure of defence, which fectos-the more requifte at this time, for that the motions of tho French give us ground to believe they defign fomp action $f 0$ feon as the zoth of November iepall, it thd Offers which have been made by the meft Chris fliza King for an amicable decermilhation of his proter tions, ere not accepted before that lime. From Germany they write, That feveral Princes of the Empirs, confidering the proteut Sate of Affairs in Hungary, do advife an accommudation with Franct, that fo the Empetor, and the Princes of the Emfite, may employ their forces, without any divetion, againft the commbn Enemy, though at the lame time there are Letters from Vimna, which fay, they bave fill hopes that the Pcace betwe. a the Emperor ard the Grand-Sighior will be tencwed, and that they look upon the Turks nut having hitherto put a Garifun inte any of the plas tes they have taken in Humgary, as an argament of their difpofition to 2 Peace. Acooiding to the Adoices we teceive from Lille, the Regiment of Fufeliers on Horfe-back was to March from thence, as Yefterday, for Lotrain, and all the old Troops that are in the French Conquefts are to follow till few days.
Higur, OCTob. 16. The StatestGeneral, have, ats we aro informed,-refbived to fend an ExtratordinaIy Ambalfador to France, conctrning the affair of Orakge, and the Heer teenifus is defighed for the Employment: The States, at the inllance of the Empetor, have confented that Count Waldeck, who to General of the Afmy of the Empre, fhall keep the Commands which he has in the Service of this State, upon condition the repair hither, and perfo bally exceute them, whenever he fhall lie thereun. to fequired, She Merchants Tradisg into the Mediterranedm have fíade great Complaints againft the Captainso ${ }^{\text {F }}$ the Mres of War that are appointed their Convoys ifor that they take to great quancitcit's of Goons on Freight, to the great prejindice of the faid Necthants, , wherelupnn the States have Ienewed their former Placaets, by whith they forbidute Captains, and other Offcers of their Ships, yo take in any gMerchandifer, on very favere Pewatcies.
