

*Strasbourg, Octob. 30.* Two days since arrived here from *L. anders* th: French *Gendarmes*, and the Regiments of *Hôles* and *Dragoons* that are to Winter in *Alsace*, are daily expected. It is almost incredible with what diligence the French work on the new Fortifications they are making here, the charge of which, and those of other places in *Alsace*, is said to amount to five hundred thousand *Livres* a Month.

*Cologne, Nov. 6.* The Bishop of *Strasbourg* arrived at *Trier* on Sunday last, and to-morrow he is expected here, his Baggage and most of his Servants being already arrived: The affairs of *Liege* remain in suspense till his arrival, his Electoral Highness having left the management of them to him, and the Magistrates of *Liege* being unwilling to send their Deputies hither till they have an assurance that they shall be well received.

*Brussels, Nov. 6.* We have not as yet any account of Monsieur *del Val's* Negotiation at *Paris*, concerning the Prolongation of the Term. And in the mean time the Marquis *de Grana* is providing against the worst, and has commanded all Officers to repair immediately to their several Commands. The Count *de Vallasine*, late Colonel of a Regiment in the service of these Counreys, having (for that he refused to obey the Prince of *Chimay*, Governor of *Luxemburg*, where his Regiment was in Garrison, and sent him a Challenge) been imprisoned and deprived of his Command, and afterwards, by an Order from the Court at *Madrid*, obliged to go and serve the King at *Oran* in *Barbary*, he was conducted by four Officers to *Ostend*, and was ready to Embark, when he received a Counter-Order, which required him to repair to *Luxemburg*, and make that place his Prison, which it's believed is done, to give him an opportunity to make his submission to the Prince *de Chimay*, after which it's not doubted, but he will be restored to his Command, being generally esteemed. From *Ratisbonne* they write, That the Dyet had the Memorial of Monsieur *Verjus*, the French Minister, containing the same Declaration which the French Ambassadors made at *Francfort*, before them, but that considering the slowness of their Proceedings, it would be almost impossible for them to take any resolution thereupon before the 20th of this Month, when the Term set by the French expires.

*Brussels, Nov. 10.* Last Sunday, being the King of *Spain's* Birth-day, was observed here with great solemnity: All the Cannon of this City and *Fort Monterey* were thrice discharged, and in the Evening the Court was diverted with an *Opera*, with a Ball, and a great Entertainment. His Excellency has ordered the Army another Months Pay, and has appointed Commissioners to take an exact account of the Receivers of the Kings Revenues in the several Provinces, that so his Excellency may be informed of the true state of it. The Nations of this City are now assembled, and it's not doubted but they will without any difficulty agree to several new Imposts. Monsieur *d'Agurso*, our Maître de Camp General, is expected here to night or to-morrow.

*Hague, Nov. 10.* Two days since arrived here an Express from *Brussels*, with Letters from the Marquis *de Grana* concerning the present posture of things in the Spanish Netherlands. Prince *Ca-*

*smir* of *Nassaw*, Stadtholder of *Friseland* and *Groningen*, is gone to *Swalsbach*, where the Prince of *Nassaw*, his Mother, at present is. There has been much discourse of a Marriage which is said to have been proposed between the said Prince *Cassimir* and the Daughter of the Count *de Roze*, in *France*, but at present we hear no more of it. The States of *Holland* meet the 15th Instant, and against that time the Prince of *Orange* will return hither from *Soestdike*.

*Paris, Nov. 11.* We have advice from *Rome*, That the Pope has resolved to send hither an Extraordinary Nuncio to perform the Compliment which the Popes have been accustomed to make upon the Birth of the Sons of *France*; which we hope will contribute to the disposing of things to an accommodation. Orders having been sent to the French Ambassadors at *Francfort*, to leave that place before the end of this Month, we are informed that they have, within these few days, been countermanded, and that directions have been sent them to remain there some time longer, in case the Imperial Ambassadors do desire to renew the Negotiation upon the Proposals they, the French Ambassadors, made at their first arrival at *Francfort*. The Court will remove in few days from *Fountainbleau*.
