BOROUGH OF HUNTINGDON.

PETITION CONCERNING THE RIGHT OF ELECTION.

Martis, 5^o die Julii 1825.

Francis Freshwater, James Adams, John Bulmer, and Thomas Taylor, on behalf of themselves and others, inhabitant householders of the borough of Huntingdon, having this day presented their petition to the House of Commons, setting forth, "That on the 1st day of March, in the year of our Lord 1825, the Select Committee appointed to try and determine the merits of the petition of Samuel Wells, Esq. complaining of an undue election and return for the said borough, reported to the House, that the right of election of Burgesses to serve in Parliament for the said borough is not in the Commonalty or Burgesses of the said borough being the inhabitants householders paying scot and lot, and that the right of election is in the Mayor, Aldermen, and Burgesses of the borough of Huntingdon being Members of the Corporation; that your petitioners are advised and verily believe that the right of election so determined by the said Select Committee is not the ancient and true right of election for the said borough, but is contrary to law; and your petitioners are not, therefore, satisfied with the said resolution, and are desirous of being admitted parties to oppose such right of election, and to have the benefit of the Statute in that case made and provided; therefore, to prevent the judgment of the said Select Committee from becoming final and conclusive, your petitioners humbly pray that they may be admitted as parties according to the form of the Statute in this case made and provided, to oppose the right of election in favour of which the said Select Committee have so reported, and that your petitioners may have such other relief in the premises as to the House shall seem meet and the nature of the case shall require."

I do hereby give notice, that the House has appointed Tuesday the 26th day of this instant July, to take the said petition into consideration.

Given under my hand the 5th day of July 1825,

CHARLES MANNERS SUTTON, Speaker.
