communication with any vessels at sea during the voyage? What were the names of such vessels, and to what country, port, or place did they belong? From what ports or places were they coming, or at what ports or places had they touched on their voyage, and to what country, ports, or places were they bound? What was the nature of the communication held? What do you know respecting the state of health on board such vessel?

22d. Have there been any letters, parcels, or other articles delivered out of or received into your vessel from any vessel or boat met with on the voyage, or before or since your arrival at this place, and what were such letters, parcels, or articles, and where were the same delivered or received, and into or out of what vessel or boat?

If so, of what disease?

30th. Do you know whether or not your cargo, or any part thereof, had been long in Warehouse before its being taken on board? If you do, say how long. Have you any knowledge of its being packed or handled on shore, or conveyed from shore, or stowed on board by persons affected with the plague, or any other infectious disease or distemper?

X. And it is further ordered, that the answers to the aforesaid questions shall be taken down in writing, and the Commander, Master, or other person having the charge of such vessel shall solemnly make oath to the truth thereof before the Superintendent of Quarantine, or his Assistant, or the principal or other Officer of the Customs, and

authorized as aforesaid (as the case may be), and such Superintendent of Quarantine, or his Assistant, or such principal or other Officer of the Customs as aforesaid (with the advice of the Medical Attendant, if such advice shall be judged necessary), shall, according to the answers returned to the questions herein before set forth, then appoint a proper place or station for such Commander, Master, or other person having the charge of such vessel, to repair to with such vessel, who thereupon shall, as soon as possible, after having answered the foregoing questions, repair with such vessel to such place or station where the said vessel shall be forthwith placed, and shall there perform Quarantine accordingly; the said Commander, or Master, or other person having the charge of such vessel carrying with him the log-book, manifest, and all the ship's papers, all of which he shall there deliver to the Superintendent of Quarantine, or his Assistant, or to the principal or other Officer of the Customs authorized as aforesaid (as the case may be), the said log-book, manifest, and papers having been first immersed in vinegar and fumigated; and such Commander, Master, or other person having the charge of such vessel, shall there solemnly make oath to the truth of the contents of such log-book, to the best of his recollection and belief, or shall state and specify upon oath in what particulars alone the same, or any part thereof, is false and incorrect, and whether every particular entry therein was made as soon after the fact as possible; and if not, for what reason it was delayed, and when it was made; and also to the truth of all the other ship's papers, before such Superintendent, or his Assistant, or the principal or other Officer of the Customs authorized as aforesaid, and shall obey and conform to all such directions as he shall then receive, touching the performance of Quarantine, from such Superintendent, or his Assistant, or the principal or other Officer of the Customs authorized as aforesaid.

XI. And it is hereby further ordered, that in the case of vessels liable to quarantine arriving at any of the ports of the United Kingdom or Islands aforesaid, if any suspicious circumstances shall appear in the answers returned to the said questions by the Commander or Master, or other person having charge of any such vessel, or from any other circumstance, the proper Officer of the Customs at such port or island shall immediately transmit such answers, and give notice of the cause of such suspicion to the Lords of His Majesty's Most Honourable Privy Council, and the Commissioners of His Majesty's Customs, and shall, without regard to the bill of health, whether clean or otherwise, order such vessel to a station distant from all other vessels in the same port or place, and put her under special guard, in order the more effectually to prevent all communication therewith.

XII. And it is hereby further ordered, that all vessels liable to quarantine as aforesaid, and being furnished with clean bills of health, as well as the crews and passengers on board the same, shall perform a quarantine of fifteen days, in the manner heretofore practised, which quarantine shall commence from the time when such part of the cargo, if any, as is hereinafter enumerated, shall have been delivered into a floating lazaret in Standgate Creek or Milford Haven, in case the ship or vessel

shall perform quarantine in Standgate Creek or Milford Haven; or into the lighters, or other proper vessels appointed for that purpose, in case the vessel shall perform quarantine at any of the places hereinbefore appointed for the performance thereof by vessels bound to any of the out ports or islands aforesaid; but in cases where no part of the cargo shall consist of such enumerated goods, then such quarantine of fifteen days shall commence on the day on which the Master or other person having charge of such vessel shall have arrived with such vessel at the station so appointed as aforesaid.

XIII. And it is hereby further ordered, with respect to all goods, wares and merchandizes coming from the Mediterranean, or from the West Barbary on the Atlantic Ocean, in vessels furnished with clean bills of health, that all goods, wares and merchandizes, other than such as are hereinafter enumerated, shall be aired and treated on board the vessel in which they shall arrive according to the manner heretofore practised respecting such goods imported in vessels furnished with clean bills of health, and shall continue to be so treated for and during the space of one week; and all such goods, wares, and merchandizes as are hereinafter enumerated, so coming in vessels with clean bills of health, shall be removed from the vessel to the place appointed for that purpose, and shall be aired and treated in the manner heretofore practised with regard to such goods, wares and merchandizes, and shall continue to be so treated for and during the space of fifteen days.

XIV. And it is hereby further ordered, with respect to all goods, wares and merchandizes, and other articles as aforesaid, brought or imported in vessels not having the plague or other infectious disease or distemper as aforesaid actually on board, and which may arrive in any of the ports of the United Kingdom or the Islands aforesaid, coming from the Mediterranean, or from the West Barbary on the Atlantic Ocean, not being furnished with clean bills of health, that such goods, wares and merchandize, and other articles as aforesaid (such vessel having first repaired to Standgate Creek or Milford Haven as hereinbefore directed) shall perform quarantine in a floating lazaret, either at Standgate Creek or Milford Haven, and no where else, in the manner and for the time hereinafter mentioned.

XV. And it is hereby further ordered, that immediately after the Commander, Master, or other person having charge of every such vessel so arriving with a foul bill of health, or on board of which infection shall have appeared, shall have undergone the examination hereinbefore directed, and shall have arrived with his vessel at the station so appointed as aforesaid, two Quarantine Guardians shall be placed on board such vessel by the Superintendent of Quarantine or his Assistant.

XVI. And it is hereby further ordered, that all persons on board any vessel under quarantine may be permitted to have communication with others by letters, under the following regulations and restrictions, viz.

An Officer appointed by the Superintendent of Quarantine shall daily, at a fixed hour, go round the different lazarets and vessels in quarantine to receive letters, the usual precaution of dipping such

letters in vinegar, and putting them into the fumigating box, being always first observed; and such letters shall remain in the fumigating box until such time as the Superintendent shall give directions for taking them out to be forwarded, and no person, except the said Superintendent of Quarantine, or his Assistant, or one of the guardians on board the vessel, shall be permitted to deliver such letters from such fumigating box; and the said persons so hereby authorized to deliver the same shall take care, where several letters or papers are inclosed together, to slit open the covers in manner practised in the lazarets of the Mediterranean. And all letters to such persons so under quarantine shall be delivered to the Superintendent or his Assistant, and shall be distributed by him, or according to his directions; and no communication or conference shall be had by persons not under quarantine, with persons so under quarantine, except by permission, or in the presence of the Superintendent or his Assistant, and under such regulations and restrictions as shall be directed by the said Superintendent.

Provided always that the medical attendant and Superintendent, or his Assistant, or any other person duly authorised by an Order in Council, may go on board any vessel under quarantine without such medical attendant or Superintendent, or his Assistant, being in any way subject to the restraint of quarantine.

XVII. And it is hereby further ordered, that a night watch shall be regularly kept, and a sufficient number of guard boats and Officers shall be appointed, for the purpose of preventing all clandestine communications with persons under quarantine; and all the boats belonging to vessels under quarantine, either at Standgate Creek, Milford Haven, or at the other out-ports, shall be taken from them, and no use made of such boats, except for the purpose of carrying goods to the lazaret, or, upon occasions of necessity, such necessity to be determined by the Superintendent of Quarantine, and such boats shall not be delivered up to the Commanders or Masters of such vessels, until the expiration of the quarantine to be respectively performed by them.

XVIII. And it is hereby further ordered, that the Superintendent of Quarantine, or his Assistant, or some other proper person appointed by the Superintendent, shall, as often as required, afford assistance and provide necessaries for the persons under quarantine, taking care to allow of no improper communication with the persons employed for that purpose; which persons shall always place their boats to windward, and shall deliver, by means of buckets, the articles supplied by them.

XIX. And it is hereby further ordered, that the quarantine guardians who shall be placed on board vessels, shall be instructed to take especial care that nothing whatever be delivered from on board such vessels when under quarantine, without an order, in writing, from the Superintendent, or his Assistant, every such order to be entered in a book by one of the said guardians, and the original to be delivered back to the Superintendent, or his Assistant; and nothing, however little susceptible it may be thought to be of infection, shall be conveyed from one vessel under quarantine to another, nor any personal intercourse be permitted from any

such vessel to another; and one of the quarantine guardians, when thereto required by the Superintendent of Quarantine, or his Assistant, shall accompany the lighters and boats which shall be employed in passing to or from the vessel on board of which such guardians are placed, during the passage of such lighters and boats to and from such vessel, in order to prevent any communication in the transit of the cargo from the vessels to any floating lazaret, and shall take care, after every removal of goods, that no remnants of cotton, or of any other enumerated article, remain in the lighters or the boats, but shall, before leaving off work, collect and deliver such remnants into the lazaret with the last package which they shall then carry from the said vessel.

XX. And it is hereby further ordered, that the said guardians shall take care that, after the discharge of the cargoes into the lazaret, the holds and between decks of the vessels shall be completely swept, and the sweepings burnt.

XXI. And it is hereby further ordered, that the said guardians shall diligently search the lockers, chests, and other repositories of the Officers, passengers, and crews, and every part of the vessels, so that no article so enumerated, nor any matter or thing considered as susceptible of infection, shall remain undelivered to the lazaret, unless what shall be declared by the said Superintendent or medical attendant to be requisite for daily use, and shall see that all the said chests, lockers, and other repositories, and all the clothes and bedding in the vessel be daily opened and aired, in such manner as shall be directed by the Superintendent of Quarantine.

XXII. And it is hereby further ordered, that one of the said guardians shall make a daily report to the Superintendent of Quarantine, or his Assistant, and to the medical attendant, of the state of health of every person on board, and whether the regulations of quarantine have been properly complied with; and in case any impediment shall occur in the execution of the duties required of the said guardians, they shall give notice immediately to the Commander, Master, or other person having charge of the vessel in the first instance, and if thereupon such impediment be not instantly removed, they shall then give notice thereof to the Superintendent of Quarantine, or his Assistant, who shall take care to use effectual means for the removal of the same.

XXIII. And it is hereby further ordered, that if any person on board shall fall sick, and any medical person shall be on board the vessel, such medical person shall confer with the medical attendant alongside the vessel, the medical attendant keeping to windward, at a distance of not less than ten feet; and in case there shall be no medical person on board, and it shall be necessary for the medical attendant to inspect the sick, the visit shall be made at the ship's boat by the medical attendant in his own boat, keeping to windward at the like distance of not less than ten feet; and if any patient, after being examined in the manner before-mentioned, shall be found to require such medical or surgical aid as cannot properly be administered except in the hospital ship, he shall be removed to such hospital ship.

XXIV. And it is hereby further ordered, that

in case any pestilential disorder shall actually discover itself on-board any vessel, or among any of the persons under quarantine, the person or persons affected with such disorder shall be removed, with all possible care and dispatch, under the special direction of the Superintendent of Quarantine and medical attendant, to the hospital ship, and proper attendants shall be assigned to such patient or patients by the Superintendent of Quarantine, with the advice of the medical assistant; and such patient or patients shall be visited, at a due distance, by the said medical attendant; and in case nearer approach shall be required, some persons shall be specially appointed by the medical attendant for that purpose.

XXV. And it is hereby further ordered, that the passengers and crew of any vessel under quarantine may have the assistance of any medical persons they may desire from the shore, subject to the official visits of the medical attendant, and to such regulations and restrictions as the Superintendent of Quarantine, with the advice of such medical attendant, shall judge necessary, but all such medical persons, as well as all others, if they communicate by contact with the sick, shall perform the same quarantine as the sick persons themselves.

XXVI. And it is hereby further ordered, that after the quarantine guardians shall have been placed on board any vessel, the pilot may quit such vessel, and be removed to the hospital ship, and continue under quarantine until the probationary airing of the goods, wares, and merchandizes, as hereinafter directed, shall be finished; and at the expiration of such probationary airing, such pilot, if he continue free from infection, shall be fumigated and discharged from quarantine: provided always, that during the performance of such quarantine, such pilot shall not have communication with any other person, except under similar restrictions to those herein directed with regard to other persons under quarantine.

XXVII. Provided always, that in case any pestilential accident shall occur among the crew, passengers, or other persons on board any vessel during the probationary airing of the goods, at whatever stage of the quarantine such accident may happen, the quarantine of all the crew, passengers, or other persons, and of the pilot (if there shall be a pilot at that time liable to quarantine, in respect of his having been on board such vessel), as well as of the goods, wares, and merchandizes, shall recommence, and the sick persons shall be sent to the hospital ship, the external guard shall be immediately doubled, and notice of such accident shall be given, with all possible dispatch, to the Lords of His Majesty's Privy Council, that they may give such orders thereupon as may appear to them to be necessary.

XXVIII. And for the better guarding against the introduction of plague into the United Kingdom, it is hereby ordered, that in the event of the plague actually appearing on board any vessel on her voyage to any port in the United Kingdom, she shall immediately, if to the southward of Cape St. Vincent, repair to some lazaretto in the Mediterranean, there to perform quarantine, and if to the northward of Cape St. Vincent, she

shall immediately repair to Milford Haven, there to perform quarantine.

XXIX. And it is hereby further ordered, that the baggage, wearing apparel, books, and every other article belonging to any person on board any vessel arriving as above-mentioned with a foul bill of health or on board of which infection shall have appeared for which they shall have no immediate occasion, shall be sent to the lazaret, for the purpose of being aired in like manner as other goods of the same description; and before any of the passengers or crew shall be discharged from quarantine, they, their clothes, and other effects which have remained with them, shall be fumigated.

XXX. And it is hereby further ordered, that immediately after the pilot, and such of the passengers and crew of the vessels so arriving with foul bills of health as may be permitted or directed to perform quarantine as hereinbefore mentioned, shall have quitted the vessel in which they shall have arrived, the hatches of such vessel shall be opened, and the probationary airing of the cargo shall commence, which probationary airing shall be in the following manner, viz.:

Such a number of bales of the enumerated goods, wares and merchandizes hereinafter stated, as can be ranged upon deck, shall be taken from the hold, and the seams at one or both ends being ripped open, the contents shall be handled as much as possible by the sailors in presence of one of the Guardians, and under this process of handling and turning such bales shall remain exposed to the air for six days, and on the subsequent day shall be put into a condition to be, and shall accordingly be, delivered to the lighter appointed to transport them to the floating lazaret, and as soon as the deck is cleared of the first parcel of goods, a second parcel shall be hoisted up, and treated in like manner for the space of three days, and on the subsequent day shall in like manner be put into such condition, and shall be so delivered as aforesaid; after which a third parcel shall be hoisted up and treated in the same manner also for the space of three days, and on the subsequent day shall in like manner be put into such condition, and shall be so delivered; but in case of any suspicious circumstances arising, the probationary airings shall be extended to eight, six, and four days, making, with the three intermediate days, twenty-one days in the whole, or even to a greater length of time, if circumstances shall require.

XXXI. And it is hereby further ordered, that of the goods, wares, and merchandizes which shall arrive in vessels with foul bills of health, the articles hereinafter enumerated shall be carried to a floating lazaret in Standgate Creek, or at Milford Haven, there to be unpacked, opened, and aired, for the space of forty days, viz.:

XXXIII. And it is hereby further ordered, that
 after the delivery of all the goods, wares, and mer-

 floating lazaret, the vessel, with the rest of the
 cargo, shall then commence and perform quarantine
 of thirty days, during which, the packages of the

And it is hereby further ordered, that all vessels, and all persons, goods, wares, and merchandizes on board thereof, arriving with suspected bills of health (commonly called touched patents or bills), shall respectively perform quarantine, and be treated in the same manner as above directed, concerning vessels arriving with foul bills of health; and persons, goods, wares, and merchandizes, arriving in such vessels, except only that such vessels, persons, goods, wares, and merchandizes, so arriving with suspected bills of health, shall respectively be subject to ten days less quarantine.

XXXVIII. And it is hereby further ordered, that with respect to all vessels whatsoever having on board any of the articles enumerated as before stated, and intending to import the same into any port or place in the United Kingdom, or the islands of Guernsey, Jersey, Alderney, Sark, or Man, from any port or place in Europe without the Streights,

or on the Continent of America, at which there is not a regular establishment for the performance of quarantine, declared sufficient by His Majesty in Council, as aforesaid, the Master or other person having charge of every such vessel is hereby required to bring with him a declaration made by the Master, proprietor, skipper, or consignee of such vessel, or of the public warehouses and merchandizes enumerated as aforesaid on board the same, respectively, upon oath before some magistrate of the port or place from whence such master or other person having the charge or command of such vessel shall have brought the said goods, wares, and merchandizes, and attested by such magistrate, and also by the British Consul or Vice Consul, or in case there shall be no British Consul or Vice Consul there, then by two known British Merchants; in which declaration it shall be stated, either negatively, that the said enumerated goods, wares, and merchandizes, are not of the growth, produce, or manufacture of Turkey, or of any place in Africa, within the Streights of Gibraltar, or in the West Barbary, on the Atlantic Ocean; or affirmatively, of what place they are the growth, produce, or manufacture; and if they are of the growth, produce, or manufacture of any of the countries last mentioned, then it shall be stated in such declaration whether the said vessel is or is not the same in which the enumerated goods, wares, and merchandizes so imported, were brought from Turkey, or from any of the countries last mentioned; and in case the vessel is the same, the master or other person having the charge or command of such vessel, is hereby required to bring with him the bill or bills of health, granted at the port where any such goods were originally taken on board, or copies thereof attested by a Notary Public; and if the vessel having on board such goods, wares, and merchandizes, shall be other than that in which they were imported into any port or place in Europe without the Streights, or on the Continent of America, at which there is not a regular establishment for the performance of quarantine, declared sufficient by His Majesty in Council as aforesaid, the master or other person having the charge of such vessel is hereby required to bring with him a declaration made and attested in like manner as the declaration before mentioned, in which it shall be stated whether the said enumerated goods, wares, and merchandizes, were imported into the ports of the countries last mentioned in a vessel with or without a clean bill of health; and such master or other person having the charge of any such vessel, if the same shall be bound to the port of London, or to the river of Thames or Medway, shall forthwith produce such declaration or declarations (as the case may be) to the Superintendent of quarantine, or his assistant at Standgate Creek, or if the same shall be bound to any of the out ports or islands aforesaid, to the Superintendent of Quarantine, or his Assistant, or to the principal or other Officer of the Customs authorized to act in that behalf at such out port or place; and if it shall appear that none of the said enumerated goods, wares, or merchandizes on board such vessel are of the growth, produce, or manufacture of Turkey, or of any place in Africa, within the Streights of Gibraltar, or in the West Barbary, on the

Atlantic Ocean, such vessel importing the same shall not be obliged to perform quarantine, but shall on production of such declaration to the Superintendent, or his Assistant, or to the principal or other Officer of the Customs as aforesaid, be admitted to an entry in the usual and legal manner; but if it shall appear that such enumerated goods, wares, or merchandizes, or any part thereof, are of the growth, produce, or manufacture of any of the countries last mentioned, or if no such declaration shall be produced by the master or other person having the charge of such vessel as aforesaid, then the Superintendent of Quarantine, or his Assistant, or the principal or other Officer of the Customs authorized to act in that behalf as aforesaid, at the port or place at which such vessel shall arrive as the case may be, shall take care that every such vessel, as well as the officers, crew, passengers, and the entire cargo on board the same, shall perform quarantine, according to the nature of the case, at such and the same places as are hereinbefore appointed for the performance of quarantine for the same time, and in the same manner as vessels, their Officers, crews, passengers, and cargoes, coming from the Mediterranean, or from the West Barbary on the Atlantic Ocean, with clean bills of health, are hereinbefore respectively required to perform quarantine.

Provided always, that if the Master or other person having charge of any vessel coming from any port or place whatever at which there is no regular establishment of quarantine declared sufficient by His Majesty in Council, shall bring with him a declaration on oath made by the Owner, Proprietor, Shipper, or Consignee of such vessel, or of the goods, wares, and merchandizes on board thereof respectively, before the British Consul, or Vice Consul residing at or near such port or place, to the same purport and effect as aforesaid, that then and in such case the declaration so made as last aforesaid, shall have the like force and effect to all intents and purposes whatever as if attested and sworn before a Magistrate, in manner aforesaid.

XXXIX.
