

THE HISTORY OF THE

REIGN OF KING CHARLES THE FIRST

BY SAMUEL JOHNSON

W
HEN CHARLES THE FIRST was crowned King of Great Britain, he was a young man of a generous and brave temper, and a great proficiency in the liberal arts. He was educated in the University of Oxford, and was a great lover of learning. He was also a great lover of his country, and was determined to govern it as a father, and not as a tyrant. He was a great lover of his people, and was determined to give them the best of laws, and to protect them from all injuries. He was a great lover of his religion, and was determined to support it with all his power. He was a great lover of his honor, and was determined to maintain it with all his strength. He was a great lover of his country, and was determined to give it the best of laws, and to protect it from all injuries. He was a great lover of his people, and was determined to give them the best of laws, and to protect them from all injuries. He was a great lover of his religion, and was determined to support it with all his power. He was a great lover of his honor, and was determined to maintain it with all his strength.
