

April, to Lieutenants and Chaplains, and their Attorneys.

On the 29th and 30th of April, to Masters, Surgeons, and Pursers, and their Attorneys.

After which the lists will be recalled the first and third Wednesday in every month, that all persons may then and there attend to receive what may become payable to them, and bring with them an affidavit as required by Order in Council of 30th July 1819, the forms of which were published in an advertisement from this Office, dated 16th September 1819, and may be procured at the Office of the Treasurer of the Navy; and in case any of the said Officers should not be able to attend themselves, but employ Attorneys for that purpose, the said Attorneys are to produce similar affidavits from the persons they are employed by.

Where Officers are abroad on leave, their agents are to produce attested copies of such leave, before the half-pay can be paid.

And as by Act of Parliament, passed in the thirty-fifth year of His late Majesty's reign, intituled "An Act for establishing a more easy and expeditious method for the payment of Officers belonging to His Majesty's Navy," it is enacted by the twentieth clause of the said Act, "that if any Commissioned or Warrant Naval Officer who shall be entitled to receive half-pay, and shall be desirous to receive and be paid the same at or near the place of his residence, he may apply to the Treasurer of His Majesty's Navy, in London, to have such half-pay paid at or near the place of his residence, &c. in the manner pointed out by the said Act;" and by a further Act, passed in the fifty-sixth year of His late Majesty's reign, intituled "An Act for enabling the Officers in His Majesty's Navy, and their representatives, to draw for and receive their half-pay," it is enacted by the first and third clauses of the said Act, "that if any Officer in His Majesty's Navy, who shall be entitled to receive any sum of money for or on account of his half-pay, shall be desirous of drawing a bill of exchange for the same upon the Commissioners of His Majesty's Navy, instead of receiving the same by remittance bill, he shall signify such desire, by letter, to the Treasurer of His Majesty's Navy; and that if any Officer in His Majesty's Navy, who shall be entitled to receive any sum of money for or on account of half-pay, shall be desirous of having his half-pay paid to him by extract at any of His Majesty's Dock-Yards where Clerks for the payment of wages for the Navy shall reside, instead of receiving the same by remittance bill or bill of exchange, he is to apply either to the proper Clerk, at the Navy Pay-Office, in London, or at the Pay-Office at such Dock-Yard, signifying such his desire;" notice is hereby further given, that the half-pay ending the 31st of March last, will commence paying on the 19th instant; and all persons desirous of drawing for or of having their half-pay remitted to them, may apply as above directed. *J. W. Morton.*

MEM.—Bills of exchange drawn under or by

virtue of the Act above recited, are not liable to the stamp duty.

No persons residing out of His Majesty's dominions are entitled to the privileges of this Act.

#### NOTICE TO MARINERS.

##### MULL OF GALLOWAY LIGHT-HOUSE.

**T**HE Commissioners of the Northern Light-houses hereby give notice, that a Light-house has been erected upon the Mull of Galloway, in the county of Wigton; the light of which will be exhibited on the night of Friday the 26th day of March instant, and every night thereafter, from the going away of day-light in the evening till the return of day-light in the morning.

*The following is a Specification of the Position of the Light-House, and the Appearance of the Light, by Mr. Stevenson, Engineer to the Commissioners:*

The Mull of Galloway forms the southern extremity of the Mainland of Scotland, situate in lat. 54 deg. 38 min. N. and in long. 4 deg. 50 min. W. By compass, the Light-house bears from the largest of the Scare Rocks, W.  $\frac{1}{2}$  N. distant 6 miles; from Barrowhead, W. by N.  $\frac{3}{4}$  N. distant 18 miles; from the Point of Ayre Light-house, in the Isle of Man, N. N. W. distant 21 miles; from the Calf of Man Lights, N. N. E. distant 36 miles; from the South Rock, or Kilwarlin Light-house, in Ireland, E. N. E.  $\frac{3}{4}$  E. distant 26 miles; and from Copeland Light-house, also in Ireland, S. E. by E.  $\frac{1}{4}$  E. distant 21 miles. The light will be open or visible seaward from N. N. E. to N. W.  $\frac{1}{2}$  W.; but the high lands of Dunman shut the light from the view of the mariner in coasting along the Portpatrick shores.

This light will be known to mariners as an intermittent light, suddenly appearing like a star of the first magnitude, and continuing in view two and a half minutes, when it is suddenly eclipsed for half a minute, thus producing its entire effect once in every three minutes.

The lantern is elevated 325 feet above the medium level of the sea, and in clear weather the light will be seen at the distance of seven or eight leagues, and at lesser distances, according to the state of the atmosphere.

By order of the Commissioners of the Northern Light-houses, *C. Cuningham, Secretary.*
