THE following Address from the Incorporated Society for the Propagation of the Gospel in Foreign Parts, has been presented by the Right Ho-

nourable William Lord Viscount Melbourne, one of His Majesty's Principal Secretaries of State, to His Majesty, who was pleased to receive the same very graciously:

WE, your Majesty's dutiful and loyal subjects, the Incorporated Society for the Propagation of the Gospel in Foreign Parts, most humbly intreat your Majesty to accept our assurances of sincere condolence on the death of our late beloved Sovereign; at the same time we beg leave to express our sentiments of loyal affection on your Majesty's happy accession to the Throne of these Realms, and to offer our tribute of gratitude for the proof of favour and approbation which your Majesty has so recently been pleased to confer on the Society by condescending to become its Patron.

To diffuse the light of revelation to the utmost parts of the empire, by maintaining the profession and practice of pure Christianity among the Colonists, and imparting to the ignorant natives the knowledge of our holy faith, is the uniform object of our labours.

In your Majesty's American dominions our humble exertions, through the blessing of Divine Providence, have largely contributed to the multiplication and maintenance of churches and schools, and to the support of an extensive establishment of orthodox ministers and catechists, and we have good reason to hope that, under the same blessing, the college which the society has lately founded for the education of missionaries in India, will in due time, send forth a body of teachers well qualified to preach the Gospel with effect to the benighted nations of the east.

In the prosecution of these important objects our hope of success is increased by a sense of the advantages which the high distinction, of your Majesty's patronage assures to the society, and it will be our constant endeavour to establish its claim, to the continuance of your Majesty's protection, by unwearied perseverance in exertions which are calculated to

promote the highest interests of mankind, and to secure the greatest of all blessings to every part of this extensive empire.
