

side of Queen-square and up Gay-street to the centre of the Circus aforesaid.

And we do determine that the Lansdowne Ward shall contain so much of the parish of Walcot as is included within the following boundary, that is to say:—from the centre of the Circus into Bennett-street, along Bennett-street to the road between Oxford-row and Belmont, thence in a northerly direction along the said road and along the road in front of Belvedere and along the Lansdowne-road and through the Lansdowne turnpike-gate and so in front of Springfield-place along the Lansdowne-road as far as the point where it first meets the boundary of Walcot parish, on the western side of the said road, and thence in a westerly direction along the boundary of the parish of Walcot until it reaches the boundary of the Kingsmead Ward herein-before described, and thence in an easterly direction along the northern boundary of the Kingsmead Ward as far as the centre of the Circus aforesaid.

And we do determine that the Lincomb and Widcomb Ward shall contain the parish of Lyncomb and Widcomb.

And we do determine that St. James's Ward shall contain the parish of St. James and the parish of St. Peter and St. Paul, excepting that portion of the parish of St. Peter and St. Paul which is contained within the boundary of St. Michael's Ward herein-after described and specified.

And we do determine that St. Michael's Ward shall contain the parish of St. Michael, together with such portion of the parishes of St. Peter and St. Paul and Walcot as are included within the following boundary, that is to say:—from the middle point of the carriage way over Pulteney-bridge along Bridge-street, to High-street, thence to the street called the Borough-walls and along the last mentioned street and in front of Gascoigne-place, and thence in a continued straight line to the boundary of the parish of Walcot, thence northward along the street in front of St. John's-place along Barton-street and the road in front of the eastern side of Queen-square and up Gay-street as far as George-street, and thence along George-street to the boundary of the parish of St. Michael's, and along the said last-mentioned boundary as far as Oxford-buildings, and thence along the road in front of Oxford-buildings, London-terrace, Margaret's-place, and Walcot-parade as far as Cleveland-place, and thence along the road between the western and eastern sides of Cleveland-place to Bathwick-bridge, and thence in a south westerly direction along the River Avon to the middle point of the carriage way over Pulteney-bridge aforesaid.

And we do determine that the Walcot Ward shall contain that portion of the parish of Walcot which is included within the boundary of the borough of the said city of Bath, and is not comprised in any of the wards herein-before described.

And we do determine that whenever any boundary of any of the said wards is said to pass along any other boundary, or up, or down, or along any road, street, lane, bridge, or river, the middle (as nearly as the same can be ascertained) of such other boundary, road, street, lane, bridge, or river shall be understood, and that the middle of any road, street, lane, or bridge shall be understood as the middle of the carriage way along the same.

And, having regard as well to the number of persons rated to the relief of the poor in each ward as to the aggregate amount of the sums at which all the said persons are so rated, we do assign six councillors to each of the said wards respectively.—In witness whereof we have hereunto set our hands, this 6th day of November, in the year 1835.

(Signed) *William Mackworth Præd.*  
*John Greenwood.*

Now, therefore, His Majesty, by advice of His Privy Council, doth hereby approve of such determination of the said barristers, and of the number of councillors so assigned to each ward of the said borough, and doth order the same to be published in the London Gazette accordingly.

*Wm. L. Bathurst.*

At the Court at Brighton, the 4th day of December 1835.

PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS by an Act, passed in the sixth year of the reign of His present Majesty, intituled "An Act to provide for the regulation of municipal corporations in England and Wales," which received the Royal assent on the ninth of September last, after reciting that it was expedient that certain boroughs of large population, should be divided into wards before any election of councillors for such boroughs should take place, it was, among other things, enacted, that every borough in the schedule (A.) to the said Act annexed, should be divided into the number of wards mentioned in such schedule, in conjunction with the name of such borough: and that it should be lawful for the barrister or barristers appointed, in pursuance of the provisions therein-before contained, to revise the burgess and councillors' lists of any borough in the present year, and he and they was and were thereby required, within the space of six weeks next after the passing of the said Act, to determine and set out the extent, limits, and boundary lines of such wards, and what portions of such borough should be included therein respectively, and the copy of the particulars of such division, should be forthwith transmitted to one of His Majesty's Principal Secretaries of State, and (if His Majesty, by the advice of His Privy Council, should approve such determination) should be published in the London Gazette, and every such borough should, after such publication as aforesaid, be deemed to be divided into such wards as should be so determined and set out as aforesaid, and such division should continue and be in force until the same should be altered by authority of Parliament; and it is thereby further enacted, that the said barrister or barristers should, after the division of the borough into such number of wards as is directed by the said Act, apportion among the several wards of such borough the number of councillors mentioned, in conjunction with the name of such borough, in the said schedule: provided always, that the number of councillors assigned to each ward, should be a number divisible by three, and a copy of the particulars of the number.
