3d. No child, between NINE and THIRTEEN years of age, can be employed in such factory, without producing weekly a schoolmaster's certificate, that the "child has, for two hours at least for six out of seven days of the week next preceding, attended his school, excepting in cases of sickness, to be certified in such manner as such inspector may appoint, and in case of any holiday, and in case of absence from any other cause allowed by such inspector, or by any justice of the peace in the absence of the inspector."—Section 21.

4th. No child, between NINE and THIRTEEN years of age, can be employed, or even allowed to remain, in such factory longer than forty-eight hours in any one week, and not more than nine hours in any one day.—Sections 8 and 24.
