TUESDAY, OCTOBER 31, 1837.

Whitehall, October 30, 1837.

The Queen has been pleased to present the Reverend John Hailstone, jun. A. M. to the vicarage of Bottisham, in the county of Cambridge and diocese of Ely, void by the promotion of Doctor Thomas Musgrave to the see of Hereford.

duct while in Her Most Faithful Majesty's service; and that he may enjoy all the rights and privileges thereunto annexed; provided, nevertheless, that Her Majesty's said licence and permission doth not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining unto a Knight Bachelor of these realms.

PORT OF LIVERPOOL.

NOTICE TO MARINERS.

Dock-Office, Liverpool, October 5, 1837.

THE Trustees of the Liverpool Docks and Harbour do hereby give notice, that, for the better guidance of the mariner into and out of this port, the following alterations will be made in the Formby, Leasowe, and Bidston Lights, and exhibited on and after the evening of Saturday the 11th of November next.

Formby Light.—This light will be distinguished as a fixed red light; and, in order to give a clearer berth to the north western and south eastern elbows of the banks of the New Channel, which have changed their positions, it is necessary, when inward bound from the westward, to take the bar of that channel with the Red Shore Light, open a sail's breadth to the southward of the Formby Floating Light, and, after crossing the bar, which the soundings will show, open them as much to the northward, and thus nearing the Floating Light, instead of taking up and preserving those lights in one.

This alteration in the character of the Formby Shore Light will also afford a distinction for identifying it when approaching from the northward.

Leasowe Light.—This light will be so masked as to give a defined light in the Rock Channel, within certain limits, and will suddenly disappear, bearing S. W. to vessels inward bound, when off West Wharf Buoy, R. 3, red, and suddenly appear, when outward bound.

Bidston Light.—This light will also be masked, so as to give a defined light in the Rock Channel, within certain limits, and to vessels inward bound will suddenly disappear on the bearing off S. S. W. when abreast of East Wharf Buoy, R. 4, red, and suddenly appear when outward bound.

These lines of masking and unmasking intersect that spot in the Crosby Channel, where the course alters, so that, in running up from the Forby Floating Light, the mariner must haul up from S. S. E. $\frac{1}{4}$ E. to S. by E. $\frac{1}{4}$ E., on losing Bidston and Leasowe Lights, and, on running down, keep away from N. by W. $\frac{1}{4}$ W. to N. N. W. $\frac{1}{4}$ W., on their opening out.

All bearings by compass.

By order of the Committee,

John Denham, Capt. R. N. Marine Surveyor.
