FRIDAY, FEBRUARY 8, 1839.

Lord Chamberlain's-Office, February 4, 1839.

NOTICE is hereby given, that Her Majesty will hold Levees, at St. James's-Palace, on Wednesday the 20th instant, and on Wednesday the 6th day of March next, at two o'clock.

**REGULATIONS TO BE OBSERVED AT THE QUEEN'S
LEVEES, AT ST. JAMES'S-PALACE.**

The Noblemen and Gentlemen who propose to attend Her Majesty's Levees at St. James's-Palace, are requested to bring with them two cards with their names thereon written, one to be left with the Queen's Page in attendance in the Presence-Chamber, and the other to be delivered to the Lord in Waiting, who will announce the name to Her Majesty. And those Gentlemen who are to be presented are hereby informed, it is absolutely necessary that their names, with the name of the Gentleman who is to present them (not the Lord in Waiting), should be sent to the Lord Chamberlain's Office, *before twelve o'clock on Monday the 18th*, for those who will attend the Levee on the 20th of February, *and before twelve o'clock on Monday the 4th*, for those who will attend the Levee on the 6th of March, *and before twelve o'clock on the day but one previous to each succeeding Levee*, in order that they may be submitted for the Queen's approbation; it being Her Majesty's com-

mand, that no presentation shall hereafter be made at the Levees, but in conformity with the above regulations; and further, that no person shall be admitted, on any pretence whatever, who has not been so presented.

It is particularly requested, that Gentlemen who are to be presented at the Levees will have their names *distinctly* written upon the card to be delivered to the Lord in Waiting, in order that there may be no mistake in announcing them to the Queen.

The state apartments will not be open for the reception of Company coming to Court, until half past one o'clock.

Lord Chamberlain's-Office, February 4, 1839.

BY COMMAND OF HER MAJESTY.

NOTICE is hereby given, that all persons having Petitions or Addresses to present to Her Majesty at the Levee, are to write on two cards, with their names, a statement of the object of such Petitions or Addresses, and of the persons from whom they come; one card to be delivered to the Page in the Ante-Room, and the other to the Lord in Waiting, who will read its contents, at the time of presentation, to Her Majesty; and that, on these occasions, no other statement is to be addressed to Her Majesty.

Buckingham-Palace, February 5, 1839.

THIS day Her Majesty proceeded in state from Buckingham-Palace to the House of Peers, where she arrived soon after two o'clock; and was received, on alighting from her state coach, by the Lord Chancellor, the Lord President of the Council, the Lord Privy Seal, the Lord Great Chamberlain, the Earl Marshal, the Lord Steward of the Household, the Lord Viscount Melbourne, Garter King of Arms, and the Yeoman Usher of the Black Rod, and proceeded to the robing-room in the customary manner.

Her Majesty was there robed, and, having put on the imperial crown, the procession moved into the House in the usual order;—the sword of state was borne by the Lord Viscount Melbourne, and the cap of maintenance by the Earl of Shaftesbury, in the absence of the Marquess of Winchester.

Her Majesty being seated on the Throne, the Great Officers of State and others standing on the right and left, James Pulman, Esq. Yeoman Usher of the Black Rod, was sent with a message from Her Majesty to the House of Commons, commanding their attendance in the House of Peers. The Commons being come thither accordingly, Her Majesty was pleased to deliver the following most gracious Speech to both Houses of Parliament:

My Lords, and Gentlemen,

I REJOICE to meet you again in Parliament. I am particularly desirous of recurring to your advice and assistance at a period when many matters of great importance demand your serious and deliberate attention.

I continue to receive from Foreign Powers gratifying assurances of their desire to maintain with Me the most friendly relations.

I have concluded with the Emperor of Austria a Treaty of Commerce, which, I trust, will extend and improve the intercourse between My subjects and those of the Emperor.

I have also concluded a Treaty of the same kind with the Sultan, calculated to place the commercial relations between My dominions and the Turkish Empire upon a better and more secure footing.

I have directed copies of these Treaties to be laid before you.

I have engaged, in concert with Austria, France, Prussia, and Russia, in negotiations with a view to

a final settlement of the differences between Holland and Belgium.

A definitive Treaty of Peace, founded upon anterior arrangements, which have been acceded to by both parties, has in consequence been proposed to the Dutch and Belgian Governments. I have the satisfaction to inform you that the Dutch Government have already signified to the conference its acceptance of that Treaty, and I trust that a similar announcement from the Belgian Government will put an end to that inquietude which the present unsettled state of these affairs has necessarily produced. The unanimity of the five Allied Powers affords a satisfactory security for the preservation of peace.

I lament the continuance of the civil war in Spain, which engages My anxious and undiminished attention.

Differences which have arisen have occasioned the retirement of My Minister from the Court of Teheran. I indulge, however, the hope of learning that a satisfactory adjustment of these differences will allow of the re-establishment of My relations with Persia upon their former footing of friendship.

Events connected with the same difference have induced the Governor General of India to take measures for protecting British interests in that quarter of the world, and to enter into engagements, the fulfilment of which may render military operations necessary. For this purpose such preparations have been made as may be sufficient to resist aggression from any quarter, and to maintain the integrity of My Eastern dominions.

The reform and amendment of the Municipal Corporations of Ireland are essential to the interests of that part of My dominions.

It is also urgent that you should apply yourselves to the prosecution and completion of those measures which have been recommended by the Ecclesiastical Commissioners of England, for the purpose of increasing the efficiency of the Established Church, and of confirming its hold upon the affections and respect of My people.

The better enforcement of the law, and the more speedy and certain administration of justice, are of the first importance to the welfare of the community; and I feel assured that you will be anxious to devote yourselves to the examination of the measures which will be submitted to you for the purpose of attaining these beneficial results.

Gentlemen of the House of Commons,

I have directed the annual estimates to be prepared and laid before you.

Adhering to the principles of economy, which it is My desire to enforce in every Department of the State, I feel it My duty to recommend that adequate provision be made for the exigencies of the public service.

I fully rely on your loyalty and patriotism to maintain the efficiency of those establishments which are essential to the strength and security of the country.

My Lords, and Gentlemen,

It is with great satisfaction that I am enabled to inform you, that throughout the whole of My West Indian possessions the period fixed by law for the final and complete emancipation of the negroes has been anticipated by Acts of the Colonial Legislatures; and that the transition from the temporary system of apprenticeship to entire freedom has taken place without any disturbance of public order and tranquillity: any measures which may be necessary, in order to give full effect to this great and beneficial change, will, I have no doubt, receive your careful attention.

I have to acquaint you, with deep concern, that the province of Lower Canada has again been disturbed by insurrection, and that hostile incursions have been made into Upper Canada by certain lawless inhabitants of the United States of North America.

These violations of the public peace have been promptly suppressed by the valour of My troops and the loyalty of My Canadian subjects.

The President of the United States has called upon the citizens of the Union to abstain from proceedings so incompatible with the friendly relations which subsist between Great Britain and the United States.

I have directed full information upon all these matters to be laid before you, and I recommend the present state of these provinces to your serious consideration.

I rely upon you to support My firm determination to maintain the authority of My Crown; and I trust that your wisdom will adopt such measures as will secure to those parts of My Empire the benefit of internal tranquillity, and the full advantages of their own great natural resources.

I have observed with pain the persevering efforts which have been made in some parts of the country

to excite My subjects to disobedience and resistance to the law, and to recommend dangerous and illegal practices. For the counteraction of all such designs I depend upon the efficacy of the law, which it will be My duty to enforce, upon the good sense and right disposition of My people, upon their attachment to the principles of justice, and their abhorrence of violence and disorder.

I confidently commit all these great interests to your wisdom; and I implore Almighty God to assist and prosper your counsels.

And also to command, that this Her Majesty's concession and declaration be recorded in the College of Arms.
