Genova, October 21.

THis Week the *Castle* Sailed from hence for *Sardinia*; and the *Sea Flower* for *Alicant*. Signior *Christoffero Centurione* was this Morning committed to Prison, for holding, as it's reported, correspondence with the French.

Venice, October 20. Captain General *Morosini* having represented to the Senate his desire that they would name four Nobles to assist him with their advice in the Enterprises he might undertake, They on *Saturday* last after mature deliberation made choice of Signior *Lorenzo Venier* at present *Proveditore* of *St. Maura*, and the Nobles *Benzone*, *Gritti*, and *Navagier*, Persons who have with great Reputation passed through several Eminent Employments as well Civil as Military; and they are to embark in few days to joyn the said General. At the same time the Senator *Vittor Giustiniani* was chosen to be *Proveditore* of *St. Maura* in the place of Signior *Venier*. By a Vessel arrived from *Zara* we have advice that Signior *Fulier* the new *Proveditore* General of *Dalmatia* was arrived there, and had been complemented by some of the Chiefs of the *Morlaques*, and very much pressed by them to besiege *Clin*; but that it was believed the *Proveditore* would rather attack *Castel Nuovo*, being a place whereof the Conquest will be of great importance to the Christians, for that thereby not only *Calabria* and the Ecclesiastical Territories will be delivered from the descents which those *Pyrates* frequently make on that side, but the People of *Albania* will be encouraged to cast off the Turkish Yoke to which they are very much disposed, wanting only a good opportunity to do it. That the Prince of *Parma* was recovered of the Gout and was going to put himself at the head of the Troops which lay encamped at *Scardona*. And that several Thousand *Morlaques* were on their march, to joyn the Forces of this State. The last Week parted from hence four Vessels having on Board 4 new raised Companies of Foot and a great quantity of Bombs and chained Bullets made at *Brescia*, being to Sail to *Corfu* and there to expect farther Orders from General *Morosini*.

Marseilles, October 27. Since the return of the French Gallies into this Port, the Turkish Slaves, which were to be released in pursuance of the late Treaty with *Argiers*, have been put into the hands of the Deputies from that Government, and this week they embarked, being about 480, upon two of the King's Ships, which are to carry them home; There remain about 400 Algerine Slaves more in the Gallies, bought of the Maltese and others; which the said Deputies would likewise have had released, but they were answered that the Treaty only required the restitution of the Slaves taken from the French. Four light Frigates are sitting out at *Thoulon* to Cruise, as it's said, upon the Coast of *Genova*.

Dantzicke, October 23. Our Letters from *Leopol* of the 6th Instant inform us, that the Bridge over the *Nieser* being repaired, the Polish Army

began to pass it the 26th of the last Month, but that the King receiving advice that a great Body of Tartars was marching to fall into *Podolia*, his Majesty caused his Troops to repass the said River, and took his march towards *Caminiec*, having sent out strong Detachements to secure the Country against the Incursions of the Tartars. That the Turks had drawn together what Troops they could; which had been joyned by 4000 Tartars commanded by the Son of the Kam; That together they made an Army of about 70000 Men; and that it was feared when they heard the King of *Poland* had repassed the *Nieser*, they would fall upon the Hospodar of *Moldavia*, who had put himself under the Protection of the Crown. From *Cracow* they write, that Count *Teckley* was retired, since his late defeat by General *Schultz*, to *Esperies*, near which place he had drawn together the remains of his Troops, being about 5000 Men. And that General *Schultz* had taken *Barthfeldt* and the strong Castle of *Makowitz*, and was gone to attack *Dunawitz*.

Brussels, November 8. In our last we told you that they wrote from *Vienna* of the 26th past, that the *Seraskier* was marching towards *Buda* to make his last effort for the relief of the place; Since we have received Letters from thence of the 29th, which say, that the *Seraskier* after some Skirmishes with the Christians, was retired again towards *Alba Regalis*; but that one Boat with Provisions and 100 Men had got into the Town; which was a very inconsiderable Supply to the Besieged.

Hague, November 7. The States of *Holland* and *West-Friseland* will reassemble to morrow. The *Herr Van Citters* Ambassador from this State at the Court of *England* is arrived here to look after his private concerns; The Deputies for the affair of *Bantam* are preparing for their departure, and intend to go with the said Ambassador when he returns for *England*. A Man of War of 50 Guns is sitting out at *Amsterdam* to carry the Presents to *Argiers* and *Tunis*, which the States are obliged by their late Treaties with those Governments to send thither.

Deale, November 4. Several Ships have been forced out of the *Downes* in the late ill Weather, of which number was the *Guinea* Merchant bound for *Virginia*, who broke from her Anchors last Friday Night and was driven upon the *Goodwin*, where she was lost; the Captain and sixteen of his Men were saved, but the rest and several passengers were drowned. And we hear of divers other losses. The Captain of a Dutch *East-India* Man, which has been about a Month in the *Downs*, being come ashore about some business, in his return yesterday to his Ship was unfortunately drowned with five of his Men, the Sea having thrown his Boat upon the Cable of another Ship, which overfet her. It blows at present very hard at S. S. W.

Whitehall, November 3. On Sunday last Dr. Spratt Dean of *Westminster* was Consecrated Bishop of *Rocheſter*, by the most Reverend Father in God the

the Lord Arch-Bishop of *Canterbury*, assisted by several other Bishops, at his Chapel at *Lambeth*, having been promoted to that See, upon the Translation of the Right Reverend Father in God Dr. *Turner* to the Bishoprick of *Ely* vacant by the Death of Dr. *Gunning* late Bishop thereof.

Whitehall, Novemb. 2. The following Addresses being presented to His Majesty, His Majesty was pleased very Graciously to receive the same.

To the King's Most Excellent Majesty,
The humble Address of Your Majesty's Lieutenant and Governor-General of Your Colony and Dominion of Virginia, together with the Council of the same.

Great SIR
NO sooner heard we of the detection of the late horrid Conspiracy, against the precious Life of Your most Sacred Majesty, Your Dearest Brother, his Royal Highness the Duke of York, (plotted and contrived by the most wicked of Men, that had God and Government to live under) but that we lent our hearty Thanks unto Almighty God, not only in our private Prayers, but also by solemn Thanksgivings, for the miraculous preservation of Your most Sacred Majesty, his Illustrious Highness the Duke of York, and Your Majesty's whole Government, and had sooner presented out selves, by this Address, at Your Majesty's Throne, to have expressed our abhorrence and detestation of that unparalleled Villany, if the vastness of the distance, with the great interposition of Sea, between this and Your Majesties European Dominions, had given us leave, which we humbly beg, may atone for the slowness of this same; And having in the first place offered up our solemn Thanks to Almighty God, for the happy and miraculous deliverance of Your Majesties Sacred Person, and Royal Brother, from such impious and execrable Conspiracies and Machinations, so we humbly offer to Your Majesty the deep and sincere resentments of our Loyal Hearts for the same, which we shall endeavour particularly to express by our Loyal, Dutiful, and Obedient hearts, and constant watchfulness of minds, in the faithful discharge of the Trust, by Your Majesties Grace and Favour reposed in us, in this Your Majesties Government and Dominion of Virginia; and we most heartily assure Your Majesty, that we are unanimously resolved, with our Lives and Fortunes, to defend Your Majesties Royal Person, Your Heirs and Successors, and Your Government in Church and State, as by Law established which is no less the sincere Resolution then the unquestionable Duty of

Your MAJESTY's most Loyal, most Dutiful, and most Obedient Subjects and Servants.

Virginia,
June 17. 1684.

To the King's Most Excellent Majesty,
The humble Address of the House of Burgeesses of the General Assembly of Your Majesty's Dominion of Virginia now Assembled at James City the 16th day of April, Anno Dom. 1684. And in the Thirty sixth Year of Your Majesty's Reign. In the Name of themselves and all the Commons of Virginia.

Most Gracious and Dread Sovereign,

THAT we Your Majesties Loyal Subjects, within Your Dominion of Virginia (the last Submitting to a forced Defection from our Loyalty in the late National Distractions, and the first of Your Majesties Subjects within Your Dominions that returned to their Loyalty even before Your Majesties happy Restauration) should be so late in our humble Address to Your Most Excellent Majesty (since the discovery of the so many late horrid Plots and Traiterous Conspiracies against the Life of Your Sacred Majesty, his Royal Highness, Your Majesties dearest Brother, and the best of Governments Established in Church and State) would overwhelm us with Grief and Abhorment, did not the excessive Contentment we receive from the wonderful goodness of Almighty God in Your Majesties and Royal Brothers most happy Preservation raise us even to an Extase of Joy and Gladness; And therefore although our great distance of place from Your Majesties Royal Court, hath constrained us to be so late in the presenting our Duty, yet we humbly beseech Your Majesty to believe, that we are and ever will be constant and quick in the execution thereof, and humbly acknowledge our selves bound to manifest to Your Majesty and all the World our humble and grateful apprehensions of the happiness we enjoy under Your Majesties most gracious and gentle Government, and for Your great care in providing us such just, Prudent, and Honorable Governors; And more especially Your Majesties late manifestation thereof in our present Prudent, just and Noble Governor, Your Majesties Lieutenant and Governor-General Francis Lord Howard of Effingham, who is pleased to give us assurance of his constant

Residence amongst us to compleat the many Blessings and Favours we receive from Your most Sacred Majesty; And howsoever some Ill Men within Your European Dominions, to accomplish their black Designs to Subvert the Government, slyly insinuate to the Credulous People, causeless Fears and false Jealousies of Arbitrary Power growing upon us, yet are we so sensible of Your Sacred Majesties constant manifestation of Your great Grace and Favour to us, with our assured hope of the continuance of our long enjoyed Laws and Ulages, as to acknowledge our selves secure from the least apprehension of Your Majesties altering Your Royal Inclination towards us by any Misrepresentation whatsoever And that Your Majesty may see that we are not Poisoned or like to be so by any Seditious or Giddy-headed Disturbers, or unruly Violators of Your Majesties Peace. We do unanimously and heartily assure Your Sacred Majesty, that we will defend Your Majesty, preserve Your Royal Person, Your Heirs and lawful Successors, and the Government by Law Established both in Church and State with the last drop of our Bloods and utmost of our Fortunes, from which Resolutions neither Force, Fraud, Fear, nor Flattery, shall ever deter, affright, nor perleade us; Which our hearty sincere Resolutions, we humbly beseech Your Sacred Majesty graciously to accept, with the humble offers of our daily Prayers to God, that he would happily continue Your Majesties long and glorious Reign over us,

Your Majesties most humble Loyal and Obedient Subjects

THIS is to Certifie that Sir Samuel Attry hath left with me an Account of the Money paid to him for the releasing of poor Prisoners, and the Receipts of the several Creditor whose Debtors have thereby been discharged; whereby it appears to me that the Money charitably given, hath been duly applied and many poor Prisoners released out of Prison.
